SANTA FE, NEW MEXICO

The Land Commissioner's designee for this hearing will be Gary Carlson

CASE 10526: (Continued from August 13, 1992, Commission Hearing.)

The Oil Conservation Division is calling a hearing on its own motion to accept nominations and other evidence and information to assist in determining October 1992 through March 1993 gas allowables for the prorated gas pools in New Mexico. Thirteen of the prorated gas pools are in Lea, Eddy, and Chaves Counties in Southeast New Mexico and four pools are in San Juan, Rio Arriba, and Sandoval Counties in Northwest New Mexico. Amendments to the Gas Proration Rules approved by Commission Order No. R-8170-H in December 1990 provide for allowables to be established for 6-month allocation periods beginning in April and October of each year. Information concerning preliminary allowable estimates for the October-March period is being distributed with OCD Memorandum dated July 27, 1992.
