**Re: Application of Mewbourne Oil Company for Compulsory Pooling, Eddy
County, New Mexico**

Dear Mr. Waters:

This letter is to advise you that Mewbourne Oil Company has filed the enclosed application with the New Mexico Oil Conservation Division seeking the force pooling of all mineral interests in all formations from the base of the San Andres formation to the base of the Morrow formation, in and under certain described spacing units in the N/2 of Section 20, Township 18 South, Range 28 East, N.M.P.M., Eddy County, New Mexico. Mewbourne Oil Company proposes to dedicate the referenced pooled unit to the Chalk Bluff Draw Prospect Illinois Camp "20" State No. 1 Well, which will be drilled at a standard location 660 feet from the North line and 1980 feet from the West line of Section 20, to test all formations in this pooled interval to the base of the Morrow formation, North Illinois Camp-Morrow Gas Pool.

This application has been set for hearing before a Division Examiner on March 17, 1994. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.
