RE: Case Nos. 7042 and 8228

Dear Ms. Davidson:

In response to your letter dated February 9, 1990, the following applications by Doyle Hartman to the Division do appear to be still pending, having been previously continued:

Case No. 7042, Application of Doyle Hartman for Extension of Vertical Limits of the Langlie Mattix Pool, Lea County, New Mexico, continued indefinitely by Commission Order No. R-6659.

Case No. 8228, Application of Doyle Hartman for Hardship Gas Well Classification, Lea County, New Mexico, originally set for De Novo Hearing November 7, 1984, and continued indefinitely.

Because Doyle Hartman no longer owns any interest in the properties affected by these applications, we respectfully request on his behalf that the above-referenced applications be withdrawn.

Sincerely,

GALLEGOS LAW FIRM

In reviewing our records I find that two applications for Doyle Hartman have been continued indefinitely and have not had any action taken on them for several years. You are not the attorney of record in these cases but I have been advised that you now represent Mr. Hartman. The subject cases are listed on the attached sheet.

If we do not receive word from you instructing us otherwise within 15 days from the date of this letter, we will set the cases for the next scheduled Commission hearing at which time they will be dismissed.

Sincerely,
