NEW MEXICO OIL & GAS COMMISSION
P.O. Box 2088
Sante Fe, New Mexico 87501

Dear Sir:

Case 8271

Our Company recently purchased the # 1 USL Gran Well located in NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 21 26N R1E from Han-San Corp. Deming, New Mexico. We are planning to move over on the same location and drill another well.

This Unit has had 40 acre spacing since it was drilled in April 1960. We have been informed that we must apply again for authorization of 40 acre spacing.

This letter is our request for the 40 acre spacing on this unit located in the Puerto Chiquito East Oil pool. We have notified the offset operator.
