REC'D FEB 13 1984

p. 1

Jim and/or Linda

Two possible locations are available in the NE/4 NE/4 section 18. One near the old Highway and another on the upper level overlooking the river. The river bluff location would be very tight but is the most logical.

A location in the SE/4 SW/4 of section 7 would be relatively easy. Locations in the N/2 SW/4 section 7 are going to be tough. Initial consideration should go to the Theo Bond property which is the South ten acres on

J. 2

The NW/4 SW/4 Section 7.

A location as we discussed
in section 12-T29N-R15W
across from the schoolhouse
would be tough, tight and
expensive. Greenwood may need
to buy the home to obtain
a location. If you need further
information I can plat these
on Xerox of land base and
forward to your offices.

Linda Price,

*160 acres
Spacing*

A mesaverde completion in
the Lobo Kennedy-Hynes well, would
hold the Swapp lease because the
entire SE/4 of Section 7 should
be dedicated to a mesaverde gas
well.

Someone needs to check on
operators drilling bond with the
state of New Mexico and
make sure Greenwood is bonded.
