RECEIVED

IN THE MATTER OF THE APPLICATION  
OF DAVID FASKEN TO REMOVE PRORATIONING  
IN THE BURTON FLAT MORROW GAS POOL,  
EDDY COUNTY, NEW MEXICO.

CASE NO. 8463

APPLICATION

Comes now David Fasken, by his attorney, Sumner G. Buell, and makes this application.

1. Applicant is operator and producer of the David Fasken Gulf Federal No. 1, located in Section 1, Township 21 South, Range 26 East, N.M.P.M., Eddy County, New Mexico.

2. The David Fasken Gulf Federal No. 1 is a gas well producing from the Morrow Formation and is located within the exterior boundaries of the Burton Flat Morrow Gas Pool, Eddy County, New Mexico.

3. The Burton Flat Morrow Gas Pool was created by Order No. R-4486 effective March 1, 1973, and subsequently amended, and placed on proration by Order No. R-4709 effective April 1, 1974, and subsequently amended.

4. Since the hearing and entry of Order No. R-4709 there have been significant changes in the Burton Flat Morrow Gas Pool production, size and reservoir characteristics to such an extent that proration is no longer necessary.

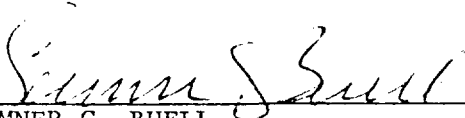

5. Applicant's well, the David Fasken Gulf Federal No. 1, is currently shut in and is in an over-produced status. Applicant is

informed and believes that there are other Morrow gas wells in the Burton Flat Morrow Gas Pool that are also over-produced. Applicant also is informed and believes that there are Morrow gas wells in the Burton Flat Morrow Gas Pool that are under-produced.

Applicant asks:

- A. That the Burton Flat Morrow Gas Pool be removed from prorationing.
- B. That all over production on over-produced wells be canceled.
- C. That all under production on under-produced wells be canceled.
- D. That this application be set for hearing before the Division or one of its designated examiners.

Applicant believes that the granting of this application will prevent waste and protect correlative rights.
