Attention: R. L. Stamets, Director

Subject: Application of Cities Service Oil & Gas Corporation -
Case #8624

Dear Mr. Stamets:

Last April, Jerry Sexton and I met with Jane Barton of Cities Service. At this meeting, Jane Barton presented geologic and production data which indicated that the Cities Service Federal AA #1 well located in Unit B, Section 9, Township 18-S, Range 33-E is producing from a separate reservoir.

I agree with this interpretation and support their application for a new pool and discovery allowable.

Very truly yours,

SUBJECT: Cities Service Oil & Gas Corp.
Discovery Allowable Application
Federal AA Well #1-B
Section 9, T18S, R33E

Dear Mr. Stamets:

On April 29, 1985, I had a meeting with Jane Barton, a geologist with Cities Service, concerning their application for a discovery allowable. Based on the material presented by Jane Barton, I agree with their interpretation that the Federal AA Well #1-B is producing from a separate reservoir. Therefore I support Cities Service Oil and Gas Corporation's application for a discovery allowable.
