November 26, 1986

Mr. Jack Watson, Jr.
Osborn Heirs Company
P.O. Box 17968
San Antonio, Texas 78286

Re: Howenstein #1
South Humble City Strawn Field
Lea County, New Mexico

Gentlemen:

Nearburg Producing Company has staked a proposed location for the captioned well at 1665' FNL and 830' FEL of Section 12, T-17-S, R-37-E, NMPM, on a E/2 NE/4 proration unit. This location is slightly non-standard to the west and north by approximately 200' according to the captioned field rules. We have set a hearing before the New Mexico Oil Conservation Commission on December 17, 1986.

Inasmuch as you have a mineral or leasehold interest adjacent to this proration unit, you will be receiving a notice of the hearing. The purpose of this letter is to request that you waive your objection to our location so that we may avoid the time and expense of traveling to the NMOCD for the hearing. If you do not object to our location, would you please indicate same by signing, dating and returning one (1) copy of this letter to my attention in the enclosed stamped envelope.

Your cooperation will be greatly appreciated.

Yours truly,

Mark K. Nearburg
KC

Mark K. Nearburg
Vice President
Land Manager
