Hixon Development Company has previously submitted its application for authorization to inject gas through its Carson Unit Well No. 24-18 for gas storage purposes. This application was docketed for the Examiner Hearing scheduled for September 9, 1987 and was assigned Case No. 9208.

Pursuant to our telephone conversation of yesterday, it is my understanding that you will continue Case No. 9208 from the September 9, 1987 Examiner Hearing to the September 23, 1987 Examiner Hearing and that the case will be readvertised to reflect the application as amended.
