Re: Gihon Well No. 1

Chappel "5" Well No. 1
E-5-12N-30E
San Miguel County, New Mexico

Dear Mr. Ingram:

A review of the above-referenced well files has indicated that this office has not received any further reports on your intentions to plug these wells for the past nine months. In lieu of the fact that this office has not received any correspondence from you regarding my letter of March 8, 1989, you are hereby requested to start plugging operations on both of these wells within the next 30 days.

Failure to do so will result in a forced plugging case before an Oil Conservation Division examiner hearing. We will then make demand upon your bonding company to properly plug and abandon these wells.

Should you have any questions pertaining to this matter, please contact me at this office.

Sincerely,

ROY E. JOHNSON,
Sr. Petroleum Geologist
