Extension of Time Until  
October 1, 1980 in which  
to commence Well No. 42

On May 28, 1980 Northwest Pipeline requested an extension of time from February 1, 1980 until July 15, 1980 in which to commence Unit Well No. 42 in the E/2 of Section 10-31N-8W on an intervening drilling block.

Our drilling supervisor has advised that he still has not been able to contract for a rig and it appears that it will be early to mid-September before one is available to drill this well. Therefore, we request a second extension of time until October 1, 1980 to commence drilling operations on Unit Well No. 42.

Pursuant to Section 11(a) of the San Juan 32-8 Unit Agreement, if you
