Re: San Juan 32-9 Unit

1954 Drilling Program

Dear Mr. Spurrier:

This is in reply to your letter of April 9, 1954, regarding our drilling program for 1954 on the above Unit. We certainly appreciate your position in thinking that a well should be drilled upon the W/2 of Section 13, T-31-N, R-10-W, to prevent the Unit from being drained from our Atlantic #2 well in the E/2 of Section 24, T-31-N, R-10-W and also the Wood River Walker #1 well upon the E/2 of Section 13, T-31-N, R-10-W. Wood River Oil & Refining Company, who owns the leases covering the E/2 of Section 13, has refused to commit their interest to this Unit.

We have already executed our 1954 drilling budget and just cannot see our way clear to drill any more wells this year except those included on our budget. All of the wells we are drilling this year are required wells. Therefore, we respectfully request that you allow us to pay compensatory drainage royalty for the wells draining the E/2 of Section 13 until such time as we can drill the requested well.

Enclosed herewith is a letter to Mr. Anderson outlining a similar request to him that we be allowed to pay compensatory drainage royalty and also outlining in detail just how the compensatory drainage royalty would be paid. If this plan is acceptable to you, we would greatly appreciate it if you would advise us of this fact, or indicate such acceptance by approving our 1954 drilling program for the San Juan 32-9 Unit which is in your office for approval.

Yours very truly,

EL PASO NATURAL GAS COMPANY

STIPULATION

WHEREAS, PHILLIPS PETROLEUM COMPANY is the present owner and holder of that certain State of New Mexico Oil and Gas Lease made and entered into on January 19, 1944, by and between the State of New Mexico, as Lessor and Lillian V. Browne, as Lessee, bearing Serial No.

B-10938-40, insofar as said lease covers and includes the following described lands situated in San Juan County, New Mexico, to-wit:

Township 31 North, Range 9 West, N.M.P.M.

Section 16: N/2 SE/4

containing 80 acres, more or less, and,

WHEREAS, the said Phillips Petroleum Company has heretofore committed its entire working interest in and under said lease, insofar as said lease covers, among other lands, the above described lands, to that certain Unit Agreement and Unit Operating Agreement for the development and operation of the San Juan 32-9 Unit Area, and,

WHEREAS, the said San Juan 32-9 Unit Agreement is now pending approval in the Office of the Director of the United States Geological Survey of the United States Department of the Interior, and,

WHEREAS, it now appears that the development and operation of said San Juan 32-9 Unit Area will be facilitated and encouraged by the release of such acreage from commitment to the terms and conditions of said San Juan 32-9 Unit Agreement.

NOW, THEREFORE, in consideration of the premises and other good and valuable consideration to it in hand paid, the said Phillips Petroleum Company does hereby release, withdraw and terminate the commitment of its entire working interest in and under that certain State of New Mexico Oil and Gas Lease bearing Serial No. B-10938-40, insofar as said lease

covers the above described lands, to the said Unit Agreement for the development and operation of the San Juan 32-9 Unit Area, and does likewise withdraw its entire working interest under said lands and lease from the terms and provisions and from operation under said Operating Agreement for the operation of the San Juan 32-9 Unit Area.

IN WITNESS WHEREOF, this Stipulation is executed as of this 17 day of June, 1953.

ASSIGNMENT OF OVERRIDING ROYALTY

D-401901

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS, On the 2nd day of August, 1944, a certain Oil and Gas Lease was made and entered into by and between the State of New Mexico, acting by and through its Commissioner of Public Lands, as lessor, and Harry E. Wright, as lessee, which lease bears Serial No. 2-31200, said lease covering, among other lands, the following described lands located in the County of San Juan, State of New Mexico, to-wit:

Tract No. 11 North, Range 10 East, N.M.P.,
Section 2 - Lot 2nd (10)
Containing 40.47-acres, more or less

Said lease having been assigned to Anna Purcell.

WHEREAS, Said Anna Purcell, the Anna Purcell, and Harry E. Wright, her husband, on the 2nd day of December, 1944, assigned all of his right, title and interest in and to said Oil and Gas Lease, insofar as it covers the above described lands, to E. C. Wilson;

NOW, THEREFORE, The undersigned, E. C. Wilson and RAYMOND E. WILSON, his wife, whose address is 308 Broadway St., Oklahoma City, Oklahoma, hereinafter referred to as "Assignor", for and in consideration of the sum of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, does by these presents bargain, sell, assign, convey and deliver, without warranty either express or implied, unto Anna Purcell and Harry E. Wright, Joint tenants with full right of survivorship, hereinafter referred to as "Assignee", his heirs, administrators, executors, successors and assigns, as an overriding royalty, Three per cent (3%) of the proceeds of the oil, gas and casinghead gas if, as and when produced, saved and sold from said premises above described under the terms of said Oil and Gas Lease, subject, however, to the following terms and conditions:

1. In the event of unitization or communization of the land herein described, such overriding royalty shall be calculated

on the proceeds from that portion of the oil, gas and casinghead gas produced, saved and marketed for the unit, which under the unit plan or communization agreement shall be allocated to said lands. In the event that the interest assigned by said ~~Anna Funderbush Westburn and~~
~~Ray E. Westburn~~ (the Assignee of the overriding royalty hereby conveyed), under the said assignment to

L. G. Ryan, hereinbefore referred to, in and to the said Oil and Gas Lease and the lands above described or any part thereof, is or should be determined to be less than a full seven-eighths (7/8) leasehold interest, then the overriding royalty interest assigned herein shall be reduced proportionately.

2. No change in the ownership of all or any part of the interest or rights to Assignee hereunder shall be binding upon Assignor unless and until Assignor shall be furnished with the original or an acceptable certified copy of the instrument evidencing such change of ownership or other legal evidence of such change of ownership as may be required by Assignor.

3. No overriding royalty payable hereunder shall be payable or accrue upon any oil or gas used for operation, development or production purposes on the lands above described and covered by said lease, or any unitized area of which they may become a part, or unavoidably lost, and no overriding royalty shall be payable on gas used for recycling or repressuring operations on the lands above described or the unitized or communized area of which they may become a part.

4. Before computing the amount of any overriding royalty payable hereunder, Assignor shall have the right to deduct from the value of the oil and gas or proceeds thereof on which such overriding royalty is computed, the full amount of any taxes required to be paid by Assignor or assessed on such oil and gas or the value thereof or for or on account of the production, sale and/or transportation thereof, including any so-called

5. Assignee does hereby, by these presents, appoint Assignor as his attorney in fact for the purpose of entering into and executing any and all unitization or communitization agreements covering or affecting all or any part of the lands hereinabove described, in his name, place and stead, and said Assignee does hereby ratify, adopt and confirm any and all unitization or communitization agreements which said Assignor may hereafter enter into on behalf of said Assignee.

6. If six (6) or more parties become entitled to the overriding royalty herein assigned, Assignor, its successors or assigns, may withhold payment of said overriding royalty unless and until furnished with a recordable instrument executed by all of such parties, designating a Trustee to receive payment for all.

7. The overriding royalty payable hereunder shall be paid on or before the twentieth (20th) day of each month next succeeding the month in which the said oil, gas and casinghead gas are marketed, by mailing a check, postage prepaid, to Anna Parvolinea Whittman or Roy E. Whittman P. O. Box 1574, Bank of Beverly Hills, California, and the act of mailing said check to Anna Parvolinea Whittman or Roy E. Whittman shall relieve H. C. Myers, or his assigns, from any further responsibility for said all sums payable to Assignee under this Assignment regardless of changes of ownership of said overriding royalty, or any part thereof, or the right to receive the same.

8. Nothing herein contained shall be construed as creating any personal liability on the part of Assignor for the payment of said overriding royalty interest, but the same shall be payable only from the source and in the manner above provided.

9. Assignor is hereby granted the exclusive right, as between the parties hereto, to develop and operate the lands covered hereby and each and every part thereof to such extent and in such manner as Assignor in the exercise of its good

faith and business judgment shall determine to be proper, without incurring any liability whatsoever to Assignee herein.

Executed, acknowledged and delivered this 6th day of November, 1951.

OIL AND GAS LEASE

AGREEMENT, Made and entered into this 23rd day of March, 1951, by and between GEORGE L. BLANCETT and GOLDA H. BLANCETT, Husband and wife, of Axtan, New Mexico

and HAWLEY M. KILPATRICK, 318 N. W. 27th, Oklahoma City, Oklahoma, party of the first part, hereinafter called lessor, (whether one or more) and ten and other party of the second part, lessee.

WITNESSETH: That the lessor for and in consideration of San Juan Dollars in hand paid, receipt of which is hereby acknowledged, of the royalties herein provided, and of the agreements of lessee herein contained, hereby grants, leases and lets exclusively unto lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas, casinghead gas, and all other minerals, laying pipe lines, building tanks, power stations, telephone lines and other structures thereon to produce, save, take care of, treat, transport, and own said products, and housing its employees, the following described land in San Juan County, State of New Mexico, to-wit: The Southwest Quarter of the Southwest Quarter (SW/4SW/4) of Section Twenty-two (22) and the North Half of the Northwest Quarter (N/2 NW/4), the Southeast Quarter of the Northwest Quarter (SE/4 NW/4), the Northwest Quarter of the Northeast Quarter (NW/4 NE/4), the South Half of the Northeast Quarter (S/2 NE/4) and the Northeast Quarter of the Southwest Quarter (NE/4 SW/4) of Section Twenty-seven (27), all in Township Thirty-two (32) North of Range Nine (9) West, N. M. P. M.,

including all minerals underlying lakes, streams, roads, easements and rights-of-way which traverse or adjoin said lands, which minerals are owned or claimed by lessor or rights to which minerals may hereafter be established in lessor; and also, in addition to the above-described land, all land adjoining the same and owned or claimed by lessor and containing Three hundred twenty and no/100 acres (320) acres, more or less.

TO HAVE AND TO HOLD the same (subject to the other provisions herein contained) for a term of ten years from this date (called "primary term") and as long thereafter as oil or gas or casinghead gas or either or any of them, is produced therefrom; or as much longer thereafter as the lessee in good faith shall conduct drilling operations thereon and should production result from such operations, this lease shall remain in full force and effect as long as oil or gas or casinghead gas shall be produced therefrom.

In consideration of the premises it is hereby mutually agreed as follows:
1. The lessee shall deliver to the credit of the lessor as royalty, free of cost, in the pipe line to which lessee may connect its wells, the equal one-eighth (1/8) part of all oil produced and saved from the leased premises, or at the lessee's option, may pay to the lessor for such one-eighth (1/8) royalty the market price for oil of like grade and gravity prevailing in the field where produced on the day such oil is run into the pipe line, or into storage tanks.
2. The lessee shall pay lessor, as royalty, one-eighth (1/8) of the proceeds from the sale of the gas, as such, for gas from wells where gas only is found, and where not used or sold shall pay Fifty (\$50.00) Dollars per annum as royalty from each such well, and while such royalty is so paid such well shall be held to be a producing well. The lessor to have gas free of charge from any gas well on the leased premises for stoves and inside lights in the principal dwelling house on said land by making his own connections with the well, the use of said gas to be at the lessor's sole risk and expense.
3. To pay lessor for gas produced from any oil well and used off the premises or in the manufacturing of gasoline or any other product a royalty of one-eighth (1/8) of the market value, at the mouth of the well, payable monthly at the prevailing market price.
4. If operations for the drilling of a well for oil or gas are not commenced on said land on or before one year from this date, this lease shall terminate as to both parties, unless the lessee shall, on or before one year from this date, pay or tender to the lessor or for the lessor's credit in

Citizens Bank at Axtan, New Mexico or its successor or successors, which bank and its successors are lessor's agents and which shall continue as the depository regardless of changes in the ownership of the land, the sum of Three hundred twenty and No/100 Dollars

which shall operate as a rental and cover the privilege of deferring the commencement of operations for the drilling of a well one year from said date. In like manner and upon like payments or tenders the commencement of operations for the drilling of a well may be further deferred for like periods successively during the primary term of this lease. And it is understood and agreed that the consideration first recited herein, the down payment, covers not only the privileges granted to the date when said rental is payable as aforesaid, but also the lessee's option of extending that period as aforesaid, and any and all other rights conferred. All payments or tenders may be made by check or draft of lessee or any assignee thereof, mailed or delivered on or before the rental paying date. Lessee may at any time execute and deliver to lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered and thereafter the rentals payable hereunder shall be reduced in the proportion that the acreage covered herein is reduced by said release or releases. Notwithstanding the death of the lessor, or his successor in interest, the payment or tender of rentals in the manner provided above shall be binding on the heirs, devisees, executors and administrators of such persons.

5. If at any time prior to the discovery of oil or gas on this land and during the term of this lease, the lessee shall drill a dry hole, or holes, on this land, this lease shall not terminate, provided operations for the drilling of a well shall be commenced by the next ensuing rental paying date, or provided the lessee begins or resumes the payment of rentals in the manner and amount above herein provided; and in this event the preceding paragraphs hereof governing the payment of rentals and the manner and effect thereof shall continue in force.

6. If said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties and rentals herein provided for shall be paid the lessor only in the proportion which his interest bears to the whole and undivided fee.

7. Lessee shall have the right to use, free of cost, gas, oil, and water produced on said land for its operation thereon, except water from wells of lessor. When requested by lessor, lessee shall bury his pipe lines below plow depth.

8. No well shall be drilled nearer than 200 feet to the house or barn now on said premises, without the written consent of the lessor.

9. Lessee shall pay for damages caused by its operations to growing crops on said land.

10. Lessee shall have the right at any time to remove all improvements, machinery, and fixtures placed or erected by lessee on said premises, including the right to pull and remove casing.

11. If the lessor shall commence to drill a well within the term of this lease or any extension thereof, the lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas, or either of them, be found in paying quantities, this lease shall continue and be in force with the like effect as if such well had been completed within the term of years herein first mentioned.

12. If the estate of either party hereto is assigned (and the privilege of assigning in whole or in part is expressly allowed), the covenants hereof shall extend to their heirs, executors, administrators, successors and assigns, but no change of ownership in the land or in the rentals or royalties shall be binding on the lessee until after notice to the lessee and it has been furnished with the written transfer or assignment or a certified copy thereof, and in case lessee assigns this lease, in whole or in part, lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment.

13. If the leased premises shall hereafter be owned in severalty, or in separate tracts, the premises, nevertheless, shall be developed and operated as one lease and all royalties accruing hereunder shall be treated as an entirety and shall be divided among and paid to such separate owners in the proportion that the acreage owned by each such separate owner bears to the entire leased acreage. There shall be no obligation on the part of the lessee to offset wells on separate tracts into which the land covered by this lease may be hereafter divided by sale, devise or otherwise, or to furnish separate measuring or receiving tanks. It is hereby agreed that, in the event this lease shall be assigned as to a part or as to parts of the above described lands, and the holder or owner of any such part or parts shall fail or make default in the payment of the proportionate part of the rent due from him or them, on an acreage basis, such default shall not operate to defeat or affect this lease in so far as it covers a part or parts of said land upon which the said lessee or any assignee hereof shall make due payments of said rentals.

14. If at any time there be as many as six parties (or more) entitled to receive royalties under this lease, lessee may withhold payment thereof unless and until all parties designate in writing in a recordable instrument to be filed with the lessee, a Trustee to receive all royalty payments due hereunder and to execute division and transfer orders on behalf of said parties and their respective successors in title.

15. Lessee shall have the right to, utilize, pool, or combine all or any part of the above described lands with other lands in the same general area by entering into a cooperative or unit plan of development or operation approved by any governmental authority and, from time to time, with like approval, to modify, change or terminate any such plan or agreement and, in such event, the terms, conditions, and provisions of this lease shall be deemed modified to conform to the terms, conditions, and provisions of such approved cooperative or unit plan of development or operation and, particularly, all drilling and development requirements of this lease, express or implied, shall be satisfied by compliance with the drilling and development requirements of such plan or agreement, and this lease shall not terminate or expire during the life of such plan or agreement. In the event that said above described lands or any part thereof, shall hereafter be operated under any such cooperative or unit plan of development or operation whereby the production therefrom is allocated to different portions of the land covered by said plan, then the production allocated to any particular tract of land shall, for the purpose of computing the royalties to be paid hereunder to lessor, be regarded as having been produced from the particular tract of land to which it is allocated and not to any other tract of land; and the royalty payments to be made hereunder to lessor shall be based upon production only as so allocated. Lessor shall formally express lessor's consent to any cooperative or unit plan of development or operation adopted by lessee and approved by any governmental agency by executing the same upon request of lessee.

16. In addition to and not in limitation of the rights granted in paragraph 12 hereof, lessee is hereby granted the right and option to consolidate, pool or combine the lands covered by this lease, or any portion or portions thereof or any stratum or strata thereunder, with other lands or like strata thereunder for the development thereof or for the production therefrom of oil, gas, casinghead gas or other hydrocarbons, or any or all of said products, when in lessee's discretion, such consolidation, pooling or combining to be into units of such shape and dimensions as lessee may elect provided that all lands in any such unit shall be contiguous (either adjoining or cornering) but for this purpose contiguity shall not be deemed to be destroyed by reason of the existence of any excluded street, alley, road, railroad, canal, stream, right of way or other similar strip or parcel of land. Any unit formed under this paragraph for production of oil and casinghead gas shall not exceed forty-three (43) acres in surface area, for production of dry or gas well gas shall not exceed six hundred and sixty (660) acres in surface area, and for production of condensate or distillate shall not exceed three hundred and thirty (330) acres in surface area unless some larger unit for condensate or distillate is permitted or prescribed by lawful authority, in which event such larger unit shall control, provided that, if governmental survey units be irregular in size in the area of this lease, the size of any of the units mentioned herein may be increased to the size of the there existing governmental survey unit nearest in size to the unit acreage prescribed herein. The right and option herein granted to lessee may be exercised at any time or from time to time, whether before or after production is secured and whether or not a unit may theretofore have been created for some other product, by executing in writing an instrument identifying and describing the unit created, and by delivering a copy thereof to lessor or by recording a copy thereof in the county where the land is located. The lands in any such unit shall be developed or operated as one tract and any drilling or production from such unit, whether or not from lands described in this lease, shall be deemed to be drilling done or production secured on the lands subject to this lease for all purposes except for the purpose of payment of royalty hereunder. In such event, and in lieu of the royalties elsewhere herein specified, the lessor shall receive from production on any such unit only such portion of the royalty, at the rate stipulated elsewhere herein, as lessor's acreage in the unit (or his royalty interest therein) bears to the total acreage of the unit. Formation of any unit as herein provided shall in no manner affect the ownership or amount of any rental which may be payable under the terms of this lease.

17. In the interest of conservation, the protection of reservoir pressures and the recovery of the greatest ultimate yield of oil, gas and other minerals, lessee shall have the right to combine the leased premises with other premises in the same general area for the purpose of operating and maintaining repressuring and recycling facilities, and for such purpose may locate such facilities, including input wells, upon the leased premises, and no royalties shall be payable hereunder upon any gas used for repressuring and recycling operations benefiting the leased premises.

18. Lessor hereby warrants and agrees to defend the title to the land herein described and agrees that the lessee, at its option, may pay and discharge any taxes, mortgage, or other liens existing, levied, or assessed on or against the above described lands and, in event it exercises such option, it shall be subrogated to the rights of any holder or holders thereof and may reimburse itself by applying to the discharge of any such mortgage, tax or other lien, any royalty or rentals accruing hereunder.

19. All rental payments which may fall due under this lease may be made to GEORGE L. BLANCETT one of the above named lessors, in the manner herein stated.

20. If within the primary term of this lease production on the leased premises shall cease from any cause, this lease shall not terminate provided operations for the drilling of a well shall be commenced before or on the next ensuing rental paying date; or, provided lessee begins or resumes the payment of rentals in the manner and amount hereinbefore provided. If, after the expiration of the primary term of this lease, production on the leased premises shall cease from any cause, this lease shall not terminate provided lessee resumes operations for drilling a well within sixty (60) days from such cessation, and this lease shall remain in force during the prosecution of such operations and, if production results therefrom, then as long as production continues.

18. It is agreed that this lease shall never be forfeited or cancelled for failure to perform in whole or in part any of its covenants, conditions, or obligations until it shall have first been finally judicially determined that such failure exists and that such final determination has been given a reasonable time therefor to comply with any such covenants, conditions, or obligations.

19. All express and implied covenants of this lease shall be subject to all federal and state laws, executive orders, rules and regulations, and this lease shall not be terminated in whole or in part, nor shall it be subject to forfeiture for failure to comply therewith, in whole or in part, by or if such failure is the result of any such law, order, rule or regulation, or if such compliance is prevented by or if such failure is prevented by or if such failure is the result of any such law, order, rule or regulation, or if such compliance is prevented by or if such failure is the result of any such law, order, rule or regulation.

20. This lease and all its terms, conditions, and stipulations shall extend to and be binding on all successors of said lessor or lessee.

21. This lease and all its terms, conditions, and stipulations shall extend to and be binding on all successors of said lessor or lessee.

OIL AND GAS LEASE

AGREEMENT, Made and entered into this 23rd day of March, 1951, by and between RICHARD BLANCETT And MYRTLE BLANCETT, husband and wife, of Aztec, New Mexico

and HAWLEY M. KILPATRICK, 318 N. W. 27th, Oklahoma City, Oklahoma, party of the first part, hereinafter called lessor, (whether one or more) and ten and other, party of the second part, lessee.

WITNESSETH: That the lessor for and in consideration of ten and other Dollars in hand paid, receipt of which is hereby acknowledged, of the royalties herein provided, and of the agreements of lessee herein contained, hereby grants, leases and lets exclusively unto lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas, casinghead gas, and all other minerals, laying pipe lines, building tanks, power stations, telephone lines and other structures thereon to produce, save, take care of, treat, transport, and own said products, and housing its employees, the following described land in San Juan County,

State of New Mexico, to-wit: The Southwest Quarter of the Southwest Quarter (SW/4 SW/4) of Section Twenty-two (22) and the North Half of the Northwest Quarter (N/2 NW/4), the Southeast Quarter of the Northwest Quarter (SE/4 NW/4), the Northwest Quarter of the Northeast Quarter (NW/4 NE/4), the South Half of the Northeast Quarter (S/2 NE/4) and the Northeast Quarter of the Southwest Quarter (NE/4 SW/4) of Section Twenty-seven (27), all in Township Thirty-two (32) North of Range Nine (9) West, N. M. P. M.,

including all minerals underlying lakes, streams, roads, easements and rights-of-way which traverse or adjoin said lands, which minerals are owned or claimed by lessor or rights to which minerals may hereafter be established in lessor; and also, in addition to the above-described land, all land adjoining the same and owned or claimed by lessor and containing Three hundred twenty and No/100 acres (320) ± acres, more or less, n.B. TO HAVE AND TO HOLD the same (subject to the other provisions herein contained) for a term of ten years from this date (called "primary term") and as long thereafter as oil or gas or casinghead gas or either or any of them, is produced therefrom; or as much longer thereafter as the lessee in good faith shall casinghead gas, shall be produced therefrom.

In consideration of the premises it is hereby mutually agreed as follows:
1. The lessee shall deliver to the credit of the lessor as royalty, free of cost, in the pipe line to which lessee may connect its wells, the equal one-eighth (1/8) part of all oil produced and saved from the leased premises, or at the lessee's option, may pay to the lessor for such one-eighth (1/8) royalty the market price for oil of like grade and gravity prevailing in the field where produced on the day such oil is run into the pipe line, or into storage tanks.
2. The lessee shall pay lessor, as royalty, one-eighth (1/8) of the proceeds from the sale of the gas, as such, for gas from wells where gas only is found, and where not used or sold shall pay Fifty (\$50.00) Dollars per annum as royalty from each such well, and while such royalty is so paid such well shall be held to be a producing well. The lessor to have gas free of charge from any gas well on the leased premises for stoves and inside lights in the principal dwelling house on said land by making his own connections with the well, the use of said gas to be at the lessor's sole risk and expense.
3. To pay lessor for gas produced from any oil well and used off the premises or in the manufacturing of gasoline or any other product a royalty of one-eighth (1/8) of the market value, at the mouth of the well, payable monthly at the prevailing market price.
4. If operations for the drilling of a well for oil or gas are not commenced on said land on or before one year from this date, this lease shall terminate as to both parties, unless the lessee shall, on or before one year from this date, pay or tender to the lessor or for the lessor's credit in Citizens Bank at Aztec, New Mexico

or its successor or successors, which bank and its successors are lessor's agents and which shall continue as the depository regardless of changes in the ownership of the land, the sum of Three Hundred twenty and No/100 Dollars

which shall operate as a rental and cover the privilege of deferring the commencement of operations for the drilling of a well one year from said date. In like manner and upon like payments or tenders the commencement of operations for the drilling of a well may be further deferred for like periods successively during the primary term of this lease. And it is understood and agreed that the consideration first recited herein, the down payment, covers not only the privileges granted to the date when said rental is payable as aforesaid, but also the lessee's option of extending that period as aforesaid, and any and all other rights conferred. All payments or tenders may be made by check or draft of lessee or any assignee thereof, mailed or delivered on or before the rental paying date. Lessee may at any time execute and deliver to lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered and thereafter the rentals payable hereunder shall be reduced in the proportion that the acreage covered herein is reduced by said release or releases. Notwithstanding the death of the lessor, or his successor in interest, the payment or tender of rentals in the manner provided above shall be binding on the heirs, devisees, executors and administrators of such persons.

5. If at any time prior to the discovery of oil or gas on this land and during the term of this lease, the lessee shall drill a dry hole, or holes, on this land, this lease shall not terminate, provided operations for the drilling of a well shall be commenced by the next ensuing rental paying date, or provided the lessee begins or resumes the payment of rentals in the manner and amount above herein provided; and in this event the preceding paragraphs hereof governing the payment of rentals and the manner and effect thereof shall continue in force.

6. If said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties and rentals herein provided for shall be paid the lessor only in the proportion which his interest bears to the whole and undivided fee.

7. Lessee shall have the right to use, free of cost, gas, oil, and water produced on said land for its operation thereon, except water from wells of lessor. When requested by lessor, lessee shall bury his pipe lines below plow depth.

8. No well shall be drilled nearer than 200 feet to the house or barn now on said premises, without the written consent of the lessor. Lessee shall pay for damages caused by its operations to growing crops on said land.

9. Lessee shall have the right at any time to remove all improvements, machinery, and fixtures placed or erected by lessee on said premises, including the right to pull and remove casing.

10. If the lessee shall commence to drill a well within the term of this lease or any extension thereof, the lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas, or either of them, be found in paying quantities, this lease shall continue and be in force with the like effect as if such well had been completed within the term of years herein first mentioned.

11. If the estate of either party hereto is assigned (and the privilege of assigning in whole or in part is expressly allowed), the covenants hereof shall extend to their heirs, executors, administrators, successors and assigns, but no change of ownership in the land or in the rentals or royalties shall be binding on the lessee until after notice to the lessee and it has been furnished with the written transfer or assignment or a certified copy thereof, and in case lessee assigns this lease in whole or in part, lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment.

12. If the leased premises shall hereafter be owned in severalty, or in separate tracts, the premises, nevertheless, shall be developed and operated as one lease and all royalties accruing hereunder shall be treated as an entirety and shall be divided among and paid to such separate owners in the proportion that the acreage owned by each such separate owner bears to the entire leased acreage. There shall be no obligation on the part of the lessee to offset wells on separate tracts into which the land covered by this lease may be hereafter divided by sale, devise or otherwise, or to furnish separate measuring or receiving tanks. It is hereby agreed that, in the event this lease shall be assigned as to a part or as to parts of the above described lands, and the holder or owner of any such part or parts shall fail or make default in the payment of the proportionate part of the rent due from him or them, on an acreage basis, such default shall not operate to defeat or affect this lease in so far as it covers a part or parts of said land upon which the said lessee or any assignee hereof shall make due payments of said rentals.

13. If at any time there be as many as six parties (or more) entitled to receive royalties under this lease, lessee may withhold payment thereof unless and until all parties designate in writing in a recordable instrument to be filed with the lessee, a Trustee to receive all royalty payments due hereunder and to execute division and transfer orders on behalf of said parties and their respective successors in title.

14. Lessee shall have the right to unitize, pool, or combine all or any part of the above described lands with other lands in the same general area by entering into a cooperative or unit plan of development or operation approved by any governmental authority and, from time to time, with like approval, to modify change or terminate any such plan or agreement and, in such event, the terms, conditions, and provisions of this lease shall be deemed modified to conform to the terms, conditions, and provisions of such approved cooperative or unit plan of development or operation and, particularly, all drilling and development requirements of this lease, express or implied, shall be satisfied by compliance with the drilling and development requirements of such plan or agreement, and this lease shall not terminate or expire during the life of such plan or agreement. In the event that said above described lands or any part thereof, shall hereafter be operated under any such cooperative or unit plan of development or operation whereby the production therefrom is allocated to different portions of the land covered by said plan, then the production allocated to any particular tract of land shall, for the purpose of computing the royalties to be paid hereunder to lessor, be regarded as having been produced from the particular tract of land to which it is allocated and not to any other tract of land; and the royalty payments to be made hereunder to lessor shall be based upon production only as so allocated. Lessor shall formally express lessor's consent to any cooperative or unit plan of development or operation adopted by lessee and approved by any governmental agency by executing the same upon request of lessee.

15. In addition to and not in limitation of the rights granted in paragraph 12 hereof, lessee is hereby granted the right and option to consolidate, pool or combine the lands covered by this lease, or any portion or portions thereof or any stratum or strata thereunder, with other lands or like strata thereunder for the development thereof or for the production therefrom of oil, gas, casinghead gas or other hydrocarbons, or any or all of said products, when in lessee's discretion and judgment it is advisable so to do for proper development or operation of the premises, or to conform to spacing or zoning rules of any lawful authority, such consolidation, pooling or combining to be into units of such shape and dimensions as lessee may elect provided that all lands in any such unit shall be contiguous (either adjoining or cornering) but for this purpose contiguity shall not be deemed to be destroyed by reason of the existence of any excluded street, alley, road, railroad, canal, stream, right of way or other similar strip or parcel of land. Any unit formed under this paragraph for production of oil and casinghead gas shall not exceed forty-three (43) acres in surface area, for production of dry or gas well gas shall not exceed six hundred and sixty (660) acres in surface area, and for production of condensate or distillate shall not exceed three hundred and thirty (330) acres in surface area unless some larger unit for condensate or distillate is permitted or prescribed by lawful authority, in which event such larger unit shall control, provided that, if governmental survey units be irregular in size in the area of this lease, the size of any of the units mentioned herein may be increased to the size of the there existing governmental survey unit nearest in size to the unit acreage prescribed herein. The right and option herein granted to lessee may be exercised at any time or from time to time, whether before or after production is secured and whether or not a unit may theretofore have been created for some other product, by executing in writing an instrument identifying and describing the unit created, and by delivering a copy thereof to lessor or by recording a copy thereof in the county where the land is located. The lands in any such unit shall be developed or operated as one tract and any drilling on or production from such unit, whether or not from lands described in this lease, shall be deemed to be drilling done or production secured on the lands subject to this lease for all purposes except for the purpose of payment of royalty hereunder. In such event, and in lieu of the royalties elsewhere herein specified, the lessor shall receive from production on any such unit only such portion of the royalty, at the rate stipulated elsewhere herein, as lessor's acreage in the unit (or his royalty interest therein) bears to the total acreage of the unit. Formation of any unit as herein provided shall in no manner affect the ownership or amount of any rental which may be payable under the terms of this lease.

16. In the interest of conservation, the protection of reservoir pressures and the recovery of the greatest ultimate yield of oil, gas and other minerals, lessee shall have the right to combine the leased premises with other premises in the same general area for the purpose of operating and maintaining repressuring and recycling facilities, and for such purpose may locate such facilities, including input wells, upon the leased premises, and no royalties shall be payable hereunder upon any gas used for repressuring and recycling operations benefiting the leased premises.

17. Lessor hereby warrants and agrees to defend the title to the land herein described and agrees that the lessee, at its option, may pay and discharge any taxes, mortgage, or other liens existing, levied, or assessed on or against the above described lands and, in event it exercises such option, it shall be subrogated to the rights of any holder or holders thereof and may reimburse itself by applying to the discharge of any such mortgage, tax or other lien, any royalty or rentals accruing hereunder.

18. All rental payments which may fall due under this lease may be made to RICHARD BLANCETT one of the above named lessors, in the manner herein stated.

19. If within the primary term of this lease production on the leased premises shall cease from any cause, this lease shall not terminate provided operations for the drilling of a well shall be commenced before or on the next ensuing rental paying date; or, provided lessee begins or resumes the payment of rentals in the manner and amount hereinbefore provided. If, after the expiration of the primary term of this lease, production on the leased premises shall cease from any cause, this lease shall not terminate provided lessee resumes operations for drilling a well within sixty (60) days from such cessation, and this lease shall remain in force during the prosecution of such operations and, if production results therefrom, then as long as production continues.

18. It is agreed that this lease shall never be forfeited or cancelled for failure to perform in whole or in part any of its implied covenants, conditions, or stipulations until it shall have first been finally judicially determined that such failure exists, and after such final determination, lease is given a reasonable time therefrom to comply with any such covenants, conditions, or stipulations.
19. All express and implied covenants of this lease shall be subject to all federal and state laws, executive orders, rules and regulations, and the lease shall not be terminated, in whole or in part, nor shall it be subject to forfeiture for failure to comply therewith if compliance is prevented by or if such failure is the result of any such law, order, rule or regulation, or if such compliance is prevented by or if such failure is the result of any such law, order, rule or regulation, or if such compliance is prevented by or if such failure is the result of any such law, order, rule or regulation.
20. This lease and all its terms, conditions, and stipulations shall extend to and be binding on all successors of said lessor or lessee.
21. With respect to and for the purpose of this lease, lessor, and each of them if there be more than one, hereby release and waive the right of homestead.

Your Re: San Juan 32-9 Unit Agreement,
San Juan County, New Mexico.

Our Re: SF-078699

Gentlemen:

In connection with the above Unit Agreement for the development and operation of the San Juan 32-9 Unit Area, San Juan County, New Mexico, which Unit Agreement and Unit Operating Agreement we have been requested, by representatives of your Company to execute as working interest owners of lands situated within the boundaries of said Unit Agreement, please be advised that in the event and upon final determination by the Bureau of Land Management of the U. S. Department of the Interior that such leases and the lands covered thereby, as hereinafter described, are in fact owned and held by the undersigned, that we will join, ratify and consent to the commitment of such lands to said Unit Agreement and their operation under said Unit Agreement.

At the present time there is now pending before the Bureau of Land Management of the U. S. Department of the Interior a contest between the undersigned and Levi A. Hughes and Charles B. Gonsales. Our application bears Serial No. Santa Fe-078699 and the application of Hughes and Gonsales bears Serial No. NM-07134, both of said applications pertaining to the following described land situated in San Juan County, New Mexico:

Township 32 North, Range 10 West, N.M.P.M.

Section 11: S/2 S/2

Section 12: S/2 S/2

containing 320 acres, more or less.

As above stated, the undersigned will, upon receipt of a proper decision by the Bureau of Land Management, vesting title in them to such U. S. Oil and Gas Lease and leasehold estate covered thereby covering the above described lands, commit such acreage to the San Juan 32-9 Unit Agreement and hereby assure you that we will so execute such Agreement in all of its terms and provisions as finally approved by the U. S. Department of the Interior and will join and ratify the Unit Operating Agreement as previously submitted to us.

It is specifically understood, however, if title to said lease does not vest in the undersigned, H. H. Phillips, then there shall be no liability of any kind or character on the undersigned in connection with this letter agreement, said unit, or operations thereunder.

Yours very truly,

H. H. Phillips

RATIFICATION AND JOINDER OF UNIT AGREEMENT

In consideration of the execution of the Unit Agreement for the Development and Operation of the San Juan 32-9 Unit Area located within the County of San Juan State of New Mexico in form approved on behalf of the Secretary of the Interior, the undersigned owners of lands or leases, or interests therein or royalties presently held or which may arise under existing option agreements, or other interests in production covered by said Unit Agreement hereby severally, each to the extent of his or her particular ownership or interest, as may appear, consent to the inclusion of said lands within the Unit Area therein defined, ratify, approve and adopt the terms of said Unit Agreement and any modifications thereof approved by the Secretary of the Interior or his duly authorized representative as applicable to said several lands and interests, agree that the term of any lease given by the undersigned or under which the undersigned claims an interest herein is extended and modified to the extent necessary to make the same conform to the terms of said Unit Agreement, agree that the drilling, development and producing requirements of all leases and other contracts in which their several rights and interests are created or defined shall be deemed fully performed by performance of the provisions of said Unit Agreement, and agree that payment for or delivery of (whichever may be required under prior agreements) oil and gas duly made at contract rates applied to the production allocated under said Unit Agreement to the particular lands to which such rights or interests do or shall apply, regardless of actual production therefrom, shall constitute full performance of all such obligations to the undersigned existing under such leases or other contracts.

This Ratification and Joinder of Unit Agreement may be executed in any number of counterparts with the same force and effect as if all parties had signed the same document and shall be binding upon all those who execute a counterpart hereof, regardless of whether or not it is executed by all other parties owning or claiming an interest in the lands affected hereby, and when so executed shall be binding upon the undersigned, his or her assigns or successors in interest.
