Attention: Mr. Chris L. Raper

Re: El Alto Grande Unit  
Agreement

Gentlemen:

Reference is made to your letter dated April 26, 1982, wherein you requested this office's approval for the amendment of the El Alto Grande Unit Agreement to change the initial well drilling obligation from the Devonian formation or 15,100 feet, whichever is lesser, to 50 feet into the Barnett shale or 14,100 feet, whichever is lesser.

It is our understanding that this requested change results from additional seismic data which shows the original target formation to be 700 feet deeper than originally thought and to feature no structural relief. Further, that the Minerals Management Service has already concurred in your request.

The New Mexico Oil Conservation Division hereby approves the amendment of the subject unit agreement as described above.

Very truly yours,

JOE D. RAMEY,  
Division Director

JDR/DSN/dr

Attention: Mr. Dan Nutter

Gentlemen:

Enclosed for your file, please find the Minerals Management Service approval to amend the depth of the Initial well required in Section 9 of the El Alto Grande Unit Agreement dated August 25, 1981. Please provide Amoco your written approval of this change at your earliest convenience.

If you have any questions in this regard or we may be of any assistance, please advise.

Yours very truly,

Chris L. Raper

## OFFICE OF THE SECRETARY

**Minerals Management Service  
South Central Region  
P. O. Box 26124  
Albuquerque, New Mexico 87125**

APR 1 1982

Amoco Production Company  
Attention: Chris Raper  
P. O. Box 3092  
Houston, Texas 77001

Gentlemen:

This office received a request by letter dated March 22, 1982, and by telegram on March 29, 1982, to amend the depth of the initial test well as stated in Section 9 of the El Alto Grande Unit Agreement, No. 14-08-0001-19568, effective August 25, 1981.

The terms of the unit agreement call for the initial well to test the Devonian formation or to be drilled to 15,100 feet, whichever is the lesser. Your request states that mechanical difficulties encountered in the El Alto Grande Unit Well No. 1 dictated that additional seismic be shot and directional surveys be run. After evaluating the new data, the Devonian formation was estimated to be approximately 700 feet lower than anticipated and is flat with no structure. Because of this new information, you are requesting our approval to drill 50 feet into the Barnett shale or to a depth of 14,100 feet, whichever is shallower.

Under Section 9 of the unit agreement, the terms of the initial test well may be amended if the unit operator establishes to the satisfaction of the Deputy that the drilling of said well would be unwarranted or impracticable. Your request to cease drilling the El Alto Grande Unit Well No. 1 in the Barnett shale or 14,100 feet is hereby approved.

Sincerely yours,

  
Gene F. Daniel  
Deputy Minerals Manager  
Oil and Gas

Attention: Mr. Ernie Padea

Gentlemen:

As a follow-up to my letter of August 28, 1981, in which I provided you a fully executed El Alto Grande Unit Agreement, enclosed for your files please find:

- (1) A copy of Mr. James W. Shelton's letter granting approval and setting out the effective date of the subject unit.
- (2) Certification Determination.
- (3) Copy of the Unit Operating Agreement.

If any additional information is needed or required, please advise.

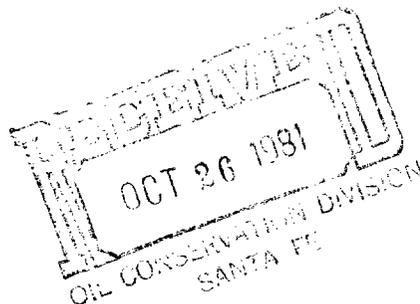

Yours very truly,

AMOCO PRODUCTION COMPANY

CERTIFICATION DETERMINATION

Pursuant to the authority vested in the Secretary of the Interior, the act approved February, 1920, 41 Stat. 437, as amended, 30 U.S.C. secs. 181, et seq., and delegated to the Deputy Conservation Managers of the United States Geological Survey, I do hereby:

A. Approve the attached agreement for the development and operation of the El Alto Grande

Unit Area, State of New Mexico

B. Certify and determine that the unit plan of development and operation contemplated in the attached agreement is necessary and advisable in the public interest for the purpose of more properly conserving the natural resources.

C. Certify and determine that the drilling, producing, rental, minimum royalty, and royalty requirements of all Federal leases committed to said agreement are hereby established, altered, changed, or revoked to conform with the terms and conditions of this agreement.

OPERATING AGREEMENT

THIS AGREEMENT, entered into by and between AMOCO PRODUCTION COMPANY, hereinafter designated and referred to as "Operator", and the signatory party or parties other than Operator, sometimes hereinafter referred to individually herein as "Non-Operator", and collectively as "Non-Operators",

WITNESSETH:

WHEREAS, the parties to this agreement are owners of oil and gas leases and or oil and gas interests in the land identified in Exhibit "A", and the parties hereto have reached an agreement to explore and develop these leases and or oil and gas interests for the production of oil and gas to the extent and as hereinafter provided:

NOW, THEREFORE, it is agreed as follows:

ARTICLE I. DEFINITIONS

As used in this agreement, the following words and terms shall have the meanings here ascribed to them:

A. The term "oil and gas" shall mean oil, gas, casinghead gas, gas condensate, and all other liquid or gaseous hydrocarbons and other marketable substances produced therewith, unless an intent to limit the inclusiveness of this term is specifically stated.

B. The terms "oil and gas lease", "lease" and "leasehold" shall mean the oil and gas leases covering tracts of land lying within the Contract Area which are owned by the parties to this agreement.

C. The term "oil and gas interests" shall mean unleased fee and mineral interests in tracts of land lying within the Contract Area which are owned by parties to this agreement.

D. The term "Contract Area" shall mean all of the lands, oil and gas leasehold interests and oil and gas interests intended to be developed and operated for oil and gas purposes under this agreement. Such lands, oil and gas leasehold interests and oil and gas interests are described in Exhibit "A".

E. The term "drilling unit" shall mean the Unit Area as defined in the Unit Agreement dated February 1, 1981 for the development and operation of the El Alto Grande Unit Area. a drilling unit shall be the drilling unit as established by the pattern of drilling in the Contract Area or as fixed by express agreement of the Drilling Parties.

F. The term "drillsite" shall mean the oil and gas lease or interest on which a proposed well is to be located.

G. The terms "Drilling Party" and "Consenting Party" shall mean a party who agrees to join in and pay its share of the cost of any operation conducted under the provisions of this agreement.

H. The terms "Non-Drilling Party" and "Non-Consenting Party" shall mean a party who elects not to participate in a proposed operation.

I. The term "Unit Agreement" shall mean the unit agreement for the El Alto Grande Unit. Unless the context otherwise clearly indicates, words used in the singular include the plural, the plural includes the singular, and the neuter gender includes the masculine and the feminine.

ARTICLE II. EXHIBITS

The following exhibits, as indicated below and attached hereto, are incorporated in and made a part hereof:

- "A-1" Lease Schedule
[X] A. Exhibit "A", shall include the following information:
(1) Identification of lands subject to agreement.
(2) Restrictions, if any, as to depths or formations,
(3) Percentages or fractional interests of parties to this agreement.
(4) Oil and gas leases and/or oil and gas interests subject to this agreement.
(5) Addresses of parties for notice purposes.
[X] B. Exhibit "B", Form of Lease.
[X] C. Exhibit "C", Accounting Procedure.
[X] D. Exhibit "D", Insurance.
[X] E. Exhibit "E", Gas Balancing Agreement.
[X] F. Exhibit "F", Non-Discrimination and Certification of Non-Segregated Facilities.

If any provision of any exhibit, except Exhibit "E", is inconsistent with any provision contained in the body of this agreement, the provisions in the body of this agreement shall prevail.

11  
12  
13 **A. Oil and Gas Interests:**

14  
15  
16 If any party owns an unleased oil and gas interest in the Contract Area, that interest shall be  
17 treated for the purpose of this agreement and during the term hereof as if it were a leased interest  
18 under the form of oil and gas lease attached as Exhibit "B". As to such interest, the owner shall re-  
19 ceive royalty on production as prescribed in the form of oil and gas lease attached hereto as Exhibit  
20 "B". Such party shall, however, be subject to all of the provisions of this agreement relating to lessees,  
21 to the extent that it owns the lessee interest.

Exhibit "A" lists all of the parties and their respective percentage or fractional interests under this  
agreement. Unless changed by other provisions, all costs and liabilities incurred in operations under  
this agreement shall be borne and paid, and all equipment and material acquired in operations on the  
Contract Area shall be owned by the parties as their interests are shown in Exhibit "A". All produc-  
tion of oil and gas from the Contract Area, subject to the payment of lessor's royalties ~~which will be~~  
~~borne by the Joint Account~~, shall also be owned by the parties in the same manner during the term  
hereof; provided, however, this shall not be deemed an assignment or cross-assignment of interests cov-  
ered hereby.

Title examination shall be made on the drillsite of any proposed well prior to commencement of  
drilling operations or, if the Drilling Parties so request, title examination shall be made on the leases  
and or oil and gas interests included, or planned to be included, in the drilling unit around such well.  
The opinion will include the ownership of the working interest, minerals, royalty, overriding royalty  
and production payments under the applicable leases. At the time a well is proposed, each party con-  
tributing leases and or oil and gas interests to the drillsite, or to be included in such drilling unit, shall  
furnish to Operator all abstracts (including Federal Lease Status Reports), title opinions, title papers  
and curative material in its possession free of charge. All such information not in the possession of or  
made available to Operator by the parties, but necessary for the examination of title, shall be obtained  
by Operator. Operator shall cause title to be examined by attorneys on its staff or by outside attorneys.  
Copies of all title opinions shall be furnished to each party hereto. The cost incurred by Operator in  
this title program shall be borne as follows:

Each party shall be responsible for securing curative matter and pooling amendments or agreements  
required in connection with leases or oil and gas interests contributed by such party. The Operator shall be  
responsible for the preparation and recording of Pooling Designations or Declarations as well as the  
conduct of hearings before Governmental Agencies for the securing of spacing or pooling orders. This  
shall not prevent any party from appearing on its own behalf at any such hearing.

No well shall be drilled on the Contract Area until after (1) the title to the drillsite or drilling unit  
has been examined as above provided, and (2) the title has been approved by the examining attorney or  
title has been accepted by all of the parties who are to participate in the drilling of the well.

1. Failure of Title: Should any oil and gas interest or lease, or interest therein, be lost through  
failure of title, which loss results in a reduction of interest from that shown on Exhibit "A", this agree-  
ment, nevertheless, shall continue in force as to all remaining oil and gas leases and interests, and  
(a) The party whose oil and gas lease or interest is affected by the title failure shall bear alone  
the entire loss and it shall not be entitled to recover from Operator or the other parties any development

1 or operating costs which it may have theretofore paid, but there shall be no monetary liability on its  
2 part to the other parties hereto for drilling, development, operating or other similar costs by reason of  
3 such title failure; and

4 (b) There shall be no retroactive adjustment of expenses incurred or revenues received from the  
5 operation of the interest which has been lost, but the interests of the parties shall be revised on an acre-  
6 age basis, as of the time it is determined finally that title failure has occurred, so that the interest of  
7 the party whose lease or interest is affected by the title failure will thereafter be reduced in the Contract  
8 Area by the amount of the interest lost; and

9 (c) If the proportionate interest of the other parties hereto in any producing well theretofore drilled  
10 on the Contract Area is increased by reason of the title failure, the party whose title has failed shall  
11 receive the proceeds attributable to the increase in such interests (less costs and burdens attributable  
12 thereto) until it has been reimbursed for unrecovered costs paid by it in connection with such well;  
13 and

14 (d) Should any person not a party to this agreement, who is determined to be the owner of any in-  
15 terest in the title which has failed, pay in any manner any part of the cost of operation, development,  
16 or equipment, such amount shall be paid to the party or parties who bore the costs which are so refund-  
17 ed; and

18 (e) Any liability to account to a third party for prior production of oil and gas which arises by  
19 reason of title failure shall be borne by the party or parties in the same proportions in which they shared  
20 in such prior production; and

21 (f) No charge shall be made to the joint account for legal expenses, fees or salaries, in connection  
22 with the defense of the interest claimed by any party hereto, it being the intention of the parties  
23 hereto that each shall defend title to its interest and bear all expenses in connection therewith.

24  
25 **2. Loss by Non-Payment or Erroneous Payment of Amount Due:** If, through mistake or oversight,  
26 any rental, shut-in well payment, minimum royalty or royalty payment, is not paid or is erroneously  
27 paid, and as a result a lease or interest therein terminates, there shall be no monetary liability against  
28 the party who failed to make such payment. Unless the party who failed to make the required payment  
29 secures a new lease covering the same interest within ninety (90) days from the discovery of the fail-  
30 ure to make proper payment, which acquisition will not be subject to Article VIII.B., the interests of  
31 the parties shall be revised on an acreage basis, effective as of the date of termination of the lease in-  
32 volved, and the party who failed to make proper payment will no longer be credited with an interest in  
33 the Contract Area on account of ownership of the lease or interest which has terminated. In the event  
34 the party who failed to make the required payment shall not have been fully reimbursed, at the time of  
35 the loss, from the proceeds of the sale of oil and gas attributable to the lost interest, calculated on an  
36 acreage basis, for the development and operating costs theretofore paid on account of such interest, it  
37 shall be reimbursed for unrecovered actual costs theretofore paid by it (but not for its share of the  
38 cost of any dry hole previously drilled or wells previously abandoned) from so much of the following  
39 as is necessary to effect reimbursement:

40 (a) Proceeds of oil and gas, less operating expenses, theretofore accrued to the credit of the lost  
41 interest, on an acreage basis, up to the amount of unrecovered costs;

42 (b) Proceeds, less operating expenses, thereafter accrued attributable to the lost interest on an  
43 acreage basis, of that portion of oil and gas thereafter produced and marketed (excluding production  
44 from any wells thereafter drilled) which, in the absence of such lease termination, would be attributable  
45 to the lost interest on an acreage basis, up to the amount of unrecovered costs, the proceeds of said  
46 portion of the oil and gas to be contributed by the other parties in proportion to their respective in-  
47 terests; and

48 (c) Any monies, up to the amount of unrecovered costs, that may be paid by any party who is, or  
49 becomes, the owner of the interest lost, for the privilege of participating in the Contract Area or be-  
50 coming a party to this agreement.

51  
52 **3. Other Losses:** All losses incurred, other than those set forth in Articles IV.B.1. and IV.B.2.  
53 above, shall not be considered failure of title but shall be joint losses and shall be borne by all parties  
54 in proportion to their interests. There shall be no readjustment of interests in the remaining portion of  
55 the Contract Area.

56  
57 **ARTICLE V.**  
58 **OPERATOR**

59  
60 **A. DESIGNATION AND RESPONSIBILITIES OF OPERATOR:**

61  
62 AMOCO PRODUCTION COMPANY shall be the  
63 Operator of the Contract Area, and shall conduct and direct and have full control of all operations on  
64 the Contract Area as permitted and required by, and within the limits of, this agreement. It shall con-  
65 duct all such operations in a good and workmanlike manner, but it shall have no liability as Operator  
66 to the other parties for losses sustained or liabilities incurred, except such as may result from gross  
67 negligence or willful misconduct.

**B. Resignation or Removal of Operator and Selection of Successor:**

~~1. Resignation or Removal of Operator: Operator may resign at any time by giving written notice thereof to Non-Operators. If Operator terminates its legal existence, no longer owns an interest in the Contract Area, or is no longer capable of serving as Operator, it shall cease to be Operator without any action by Non-Operator, except the selection of a successor. Operator may be removed if it fails or refuses to carry out its duties hereunder, or becomes insolvent, bankrupt or is placed in receivership, by the affirmative vote of two (2) or more Non-Operators owning a majority interest based on ownership as shown on Exhibit "A", and not on the number of parties remaining after excluding the voting interest of Operator. Such resignation or removal shall not become effective until 7:00 o'clock A.M. on the first day of the calendar month following the expiration of ninety (90) days after the giving of notice of resignation by Operator or action by the Non-Operators to remove Operator, unless a successor Operator has been selected and assumes the duties of Operator at an earlier date. Operator, after effective date of resignation or removal, shall be bound by the terms hereof as a Non-Operator. A change of a corporate name or structure of Operator or transfer of Operator's interest to any single subsidiary, parent or successor corporation shall not be the basis for removal of Operator.~~

~~2. Selection of Successor Operator: Upon the resignation or removal of Operator, a successor Operator shall be selected by the Parties. The successor Operator shall be selected from the parties owning an interest in the Contract Area at the time such successor Operator is selected. If the Operator that is removed fails to vote or votes only to succeed itself, the successor Operator shall be selected by the affirmative vote of two (2) or more parties owning a majority interest based on ownership as shown on Exhibit "A", and not on the number of parties remaining after excluding the voting interest of the Operator that was removed.~~

**C. Employees:**

The number of employees used by Operator in conducting operations hereunder, their selection, and the hours of labor and the compensation for services performed, shall be determined by Operator, and all such employees shall be the employees of Operator.

**D. Drilling Contracts:**

All wells drilled on the Contract Area shall be drilled on a competitive contract basis at the usual rates prevailing in the area. If it so desires, Operator may employ its own tools and equipment in the drilling of wells, but its charges therefor shall not exceed the prevailing rates in the area and the rate of such charges shall be agreed upon by the parties in writing before drilling operations are commenced, and such work shall be performed by Operator under the same terms and conditions as are customary and usual in the area in contracts of independent contractors who are doing work of a similar nature.

**ARTICLE VI.  
DRILLING AND DEVELOPMENT**

**A. Initial Well:**

On or before the 31st day of August, 1981, Operator shall commence the drilling of a well for oil and gas at the following location: NW/4 of Section 19, T-22-S, R-34-E, Lea County, New Mexico.

and shall thereafter continue the drilling of the well with due diligence to a subsurface depth of approximate 15,100' or a depth sufficient to test the Devonian formation, whichever is lesser in the opinion of the Operator.

unless granite or other practically impenetrable substance or condition in the hole, <sup>mechanical or otherwise</sup> which renders further drilling impractical, is encountered at a lesser depth, or unless all parties agree to complete or abandon the well at a lesser depth.

Operator shall make reasonable tests of all formations encountered during drilling which give indication of containing oil and gas in quantities sufficient to test, unless this agreement shall be limited in its application to a specific formation or formations, in which event Operator shall be required to test only the formation or formations to which this agreement may apply.

If, in Operator's judgment, the well will not produce oil or gas in paying quantities, and it wishes to plug and abandon the well as a dry hole, it shall first secure the consent of all parties and shall plug and abandon same as provided in Article VI.E.1. hereof.

1 **B. Subsequent Operations:**

2  
3 1. Proposed Operations: Should any party hereto desire to drill any well on the Contract Area  
4 other than the well provided for in Article VI.A., or to rework, deepen or plug back a dry hole drilled  
5 at the joint expense of all parties or a well jointly owned by all the parties and not then producing  
6 in paying quantities, the party desiring to drill, rework, deepen or plug back such a well shall give the  
7 other parties written notice of the proposed operation, specifying the work to be performed, the loca-  
8 tion, proposed depth, objective formation and the estimated cost of the operation. The parties receiv-  
9 ing such a notice shall have thirty (30) days after receipt of the notice within which to notify the  
10 parties wishing to do the work whether they elect to participate in the cost of the proposed operation.  
11 If a drilling rig is on location, notice of proposal to rework, plug back or drill deeper may be given  
12 by telephone and the response period shall be limited to forty-eight (48) hours, exclusive of Saturday,  
13 Sunday or legal holidays. Failure of a party receiving such notice to reply within the period above fixed  
14 shall constitute an election by that party not to participate in the cost of the proposed operation. Any  
15 notice or response given by telephone shall be promptly confirmed in writing.

16  
17 2. Operations by Less than All Parties: If any party receiving such notice as provided in Article  
18 VI.B.1. or VI.E.1. elects not to participate in the proposed operation, then, in order to be entitled to  
19 the benefits of this article, the party or parties giving the notice and such other parties as shall elect  
20 to participate in the operation shall, within sixty (60) days after the expiration of the notice period of  
21 thirty (30) days (or as promptly as possible after the expiration of the forty-eight (48) hour period  
22 where the drilling rig is on location, as the case may be) actually commence work on the proposed  
23 operation and complete it with due diligence. Operator shall perform all work for the account of the  
24 Consenting Parties; provided, however, if no drilling rig or other equipment is on location, and if Op-  
25 erator is a Non-Consenting Party, the Consenting Parties shall either: (a) request Operator to perform  
26 the work required by such proposed operation for the account of the Consenting Parties, or (b) desig-  
27 nate one (1) of the Consenting Parties as Operator to perform such work. Consenting Parties, when  
28 conducting operations on the Contract Area pursuant to this Article VI.B.2., shall comply with all terms  
29 and conditions of this agreement.

30  
31 If less than all parties approve any proposed operation, the proposing party, immediately after the  
32 expiration of the applicable notice period, shall advise the Consenting Parties of (a) the total interest  
33 of the parties approving such operation, and (b) its recommendation as to whether the Consenting Par-  
34 ties should proceed with the operation as proposed. Each Consenting Party, within forty-eight (48)  
35 hours (exclusive of Saturday, Sunday or legal holidays) after receipt of such notice, shall advise the  
36 proposing party of its desire to (a) limit participation to such party's interest as shown on Exhibit "A",  
37 or (b) carry its proportionate part of Non-Consenting Parties' interest. The proposing party, at its  
38 election, may withdraw such proposal if there is insufficient participation, and shall promptly notify  
39 all parties of such decision.

40  
41 The entire cost and risk of conducting such operations shall be borne by the Consenting Parties in  
42 the proportions they have elected to bear same under the terms of the preceding paragraph. Consenting  
43 Parties shall keep the leasehold estates involved in such operations free and clear of all liens and  
44 encumbrances of every kind created by or arising from the operations of the Consenting Parties. If such  
45 an operation results in a dry hole, the Consenting Parties shall plug and abandon the well at their sole  
46 cost, risk and expense. If any well drilled, reworked, deepened or plugged back under the provisions  
47 of this Article results in a producer of oil and/or gas in paying quantities, the Consenting Parties shall  
48 complete and equip the well to produce at their sole cost and risk, and the well shall then be turned  
49 over to Operator and shall be operated by it at the expense and for the account of the Consenting Parties.  
50 Upon commencement of operations for the drilling, reworking, deepening or plugging back of any such  
51 well by Consenting Parties in accordance with the provisions of this Article, each Non-Consenting Party  
52 shall be deemed to have relinquished to Consenting Parties, and the Consenting Parties shall own and  
53 be entitled to receive, in proportion to their respective interests, all of such Non-Consenting Party's  
54 interest in the well and share of production therefrom until the proceeds of the sale of such share,  
55 calculated at the well, or market value thereof if such share is not sold (after deducting production  
56 taxes, royalty, ~~overriding royalty~~ <sup>including excise tax</sup> and other interests existing on the effective date hereof, payable out of  
57 or measured by the production from such well accruing with respect to such interest until it reverts)  
58 shall equal the total of the following:

59  
60 (a) 100% of each such Non-Consenting Party's share of the cost of any newly acquired surface  
61 equipment beyond the wellhead connections (including, but not limited to, stock tanks, separators,  
62 treaters, pumping equipment and piping), plus 100% of each such Non-Consenting Party's share of the  
63 cost of operation of the well commencing with first production and continuing until each such Non-  
64 Consenting Party's relinquished interest shall revert to it under other provisions of this Article, it being  
65 agreed that each Non-Consenting Party's share of such costs and equipment will be that interest which  
66 would have been chargeable to each Non-Consenting Party had it participated in the well from the be-  
67 ginning of the operation; and

68  
69 (b) 300% of that portion of the costs and expenses of drilling reworking, deepening or plugging  
70 back, testing and completing, after deducting any cash contributions received under Article VIII.C., and

1 300 % of that portion of the cost of newly acquired equipment in the well (to and including the well-  
 2 head connections), which would have been chargeable to such Non-Consenting Party if it had partici-  
 3 pated therein.

4  
 5 Gas production attributable to any Non - Consenting Party's relinquished interest upon such Party's  
 6 election, shall be sold to its purchaser, if available, under the terms of its existing gas sales con-  
 7 tract. Such Non - Consenting Party shall direct its purchaser to remit the proceeds receivable from  
 8 such sale direct to the Consenting Parties until the amounts provided for in this Article are recov-  
 9 ered from the Non - Consenting Party's relinquished interest. If such Non - Consenting Party has not  
 10 contracted for sale of its gas at the time such gas is available for delivery, or has not made the elec-  
 11 tion as provided above, the Consenting Parties shall own and be entitled to receive and sell such Non-  
 12 Consenting Party's share of gas as hereinabove provided during the recoupment period.

13  
 14 During the period of time Consenting Parties are entitled to receive Non-Consenting Party's share  
 15 of production, or the proceeds therefrom, Consenting Parties shall be responsible for the payment of  
 16 all production, severance, gathering and other taxes, <sup>including excise tax</sup> and all royalty, overriding royalty and other  
 17 burdens applicable to Non-Consenting Party's share of production.

18  
 19 In the case of any reworking, plugging back or deeper drilling operation, the Consenting Parties shall  
 20 be permitted to use, free of cost, all casing, tubing and other equipment in the well, but the ownership of  
 21 all such equipment shall remain unchanged; and upon abandonment of a well after such reworking,  
 22 plugging back or deeper drilling, the Consenting Parties shall account for all such equipment to the  
 23 owners thereof, with each party receiving its proportionate part in kind or in value, less cost of  
 24 salvage.

25  
 26 Within sixty (60) days after the completion of any operation under this Article, the party con-  
 27 ducting the operations for the Consenting Parties shall furnish each Non-Consenting Party with an in-  
 28 ventory of the equipment in and connected to the well, and an itemized statement of the cost of drilling,  
 29 deepening, plugging back, testing, completing, and equipping the well for production; or, at its option,  
 30 the operating party, in lieu of an itemized statement of such costs of operation, may submit a detailed  
 31 statement of monthly billings. Each month thereafter, during the time the Consenting Parties are being  
 32 reimbursed as provided above, the Party conducting the operations for the Consenting Parties shall furn-  
 33 ish the Non-Consenting Parties with an itemized statement of all costs and liabilities incurred in the  
 34 operation of the well, together with a statement of the quantity of oil and gas produced from it and the  
 35 amount of proceeds realized from the sale of the well's working interest production during the preceding  
 36 month. In determining the quantity of oil and gas produced during any month, Consenting Parties  
 37 shall use industry accepted methods such as, but not limited to, metering or periodic well tests. Any  
 38 amount realized from the sale or other disposition of equipment newly acquired in connection with any  
 39 such operation which would have been owned by a Non-Consenting Party had it participated therein  
 40 shall be credited against the total unreturned costs of the work done and of the equipment purchased,  
 41 in determining when the interest of such Non-Consenting Party shall revert to it as above provided;  
 42 and if there is a credit balance, it shall be paid to such Non-Consenting party.

43  
 44 If and when the Consenting Parties recover from a Non-Consenting Party's relinquished interest  
 45 the amounts provided for above, the relinquished interests of such Non-Consenting Party shall auto-  
 46 matically revert to it, and, from and after such reversion, such Non-Consenting Party shall own the same  
 47 interest in such well, the material and equipment in or pertaining thereto, and the production there-  
 48 from as such Non-Consenting Party would have been entitled to had it participated in the drilling,  
 49 reworking, deepening or plugging back of said well. Thereafter, such Non-Consenting Party shall be  
 50 charged with and shall pay its proportionate part of the further costs of the operation of said well in  
 51 accordance with the terms of this agreement and the Accounting Procedure, attached hereto.

52  
 53 Notwithstanding the provisions of this Article VI.B.2., it is agreed that without the mutual consent  
 54 of all parties, no wells shall be completed in or produced from a source of supply from which a well  
 55 located elsewhere on the Contract Area is producing, unless such well conforms to the then-existing  
 56 well spacing pattern for such source of supply.

57  
 58 The provisions of this Article shall have no application whatsoever to the drilling of the initial  
 59 well described in Article VI.A. except (a) when Option 2, Article VII.D.1., has been selected, or (b)  
 60 to the reworking, deepening and plugging back of such initial well, if such well is or thereafter shall  
 61 prove to be a dry hole or non-commercial well, after having been drilled to the depth specified in Article  
 62 VI.A.

63  
 64 **C. Right to Take Production in Kind:**

65  
 66 Each party shall have the right to take in kind or separately dispose of its proportionate share of  
 67 all oil and gas produced from the Contract Area, exclusive of production which may be used in de-  
 68 velopment and producing operations and in preparing and treating oil for marketing purposes and  
 69 production unavoidably lost. Any extra expenditure incurred in the taking in kind or separate dispo-  
 70 sition by any party of its proportionate share of the production shall be borne by such party. Any

1 party taking its share of production in kind shall be required to pay for only its proportionate share  
 2 of such part of Operator's surface facilities which it uses.

3  
 4 Each party shall execute such division orders and contracts as may be necessary for the sale of its  
 5 interest in production from the Contract Area, and, except as provided in Article VII.B., shall be entitled  
 6 to receive payment direct from the purchaser thereof for its share of all production.

7  
 8 In the event any party shall fail to make the arrangements necessary to take in kind or separately  
 9 dispose of its proportionate share of the oil and gas produced from the Contract Area, Operator shall have  
 10 the right, subject to the revocation at will by the party owning it, but not the obligation, to purchase such  
 11 oil and gas or sell it to others at any time and from time to time, for the account of the non-taking  
 12 party at the best price obtainable in the area for such production. Any such purchase or sale by Op-  
 13 erator shall be subject always to the right of the owner of the production to exercise at any time its  
 14 right to take in kind, or separately dispose of, its share of all oil and gas not previously delivered to a  
 15 purchaser. Any purchase or sale by Operator of any other party's share of oil and gas shall be only for  
 16 such reasonable periods of time as are consistent with the minimum needs of the industry under the  
 17 particular circumstances, but in no event for a period in excess of one (1) year. Notwithstanding the  
 18 foregoing, Operator shall not make a sale, including one into interstate commerce, of any other party's  
 19 share of gas production without first giving such other party thirty (30) days notice of such intended  
 20 sale.

21  
 22 In the event one or more parties' separate disposition of its share of the gas causes split-stream de-  
 23 liveries to separate pipelines and or deliveries which on a day-to-day basis for any reason are not  
 24 exactly equal to a party's respective proportionate share of total gas sales to be allocated to it, the  
 25 balancing or accounting between the respective accounts of the parties shall be in accordance with  
 26 any Gas Balancing Agreement between the parties hereto, whether such Agreement is attached as  
 27 Exhibit "E", or is a separate Agreement.

28  
 29 **D. Access to Contract Area and Information:**

30  
 31 Each party shall have access to the Contract Area at all reasonable times, at its sole risk to inspect  
 32 or observe operations, and shall have access at reasonable times to information pertaining to the de-  
 33 velopment or operation thereof, including Operator's books and records relating thereto. Operator, upon  
 34 request, shall furnish each of the other parties with copies of all forms or reports filed with govern-  
 35 mental agencies, daily drilling reports, well logs, tank tables, daily gauge and run tickets and reports  
 36 of stock on hand at the first of each month, and shall make available samples of any cores or cuttings  
 37 taken from any well drilled on the Contract Area. The cost of gathering and furnishing information to  
 38 Non-Operator, other than that specified above, shall be charged to the Non-Operator that requests the  
 39 information.

40  
 41 **E. Abandonment of Wells:**

42  
 43 1. Abandonment of Dry Holes: Except for any well drilled pursuant to Article VI.B.2., any well  
 44 which has been drilled under the terms of this agreement and is proposed to be completed as a dry hole  
 45 shall not be plugged and abandoned without the consent of all parties. Should Operator, after diligent  
 46 effort, be unable to contact any party, or should any party fail to reply within forty-eight (48) hours  
 47 (exclusive of Saturday, Sunday or legal holidays) after receipt of notice of the proposal to plug and  
 48 abandon such well, such party shall be deemed to have consented to the proposed abandonment. All  
 49 such wells shall be plugged and abandoned in accordance with applicable regulations and at the cost,  
 50 risk and expense of the parties who participated in the cost of drilling of such well. Any party who ob-  
 51 jects to the plugging and abandoning such well shall have the right to take over the well and conduct  
 52 further operations in search of oil and or gas subject to the provisions of Article VI.B.

53  
 54 2. Abandonment of Wells that have Produced: Except for any well which has been drilled or re-  
 55 worked pursuant to Article VI.B.2. hereof for which the Consenting Parties have not been fully reim-  
 56 bursed as therein provided, any well which has been completed as a producer shall not be plugged and  
 57 abandoned without the consent of all parties. If all parties consent to such abandonment, the well shall  
 58 be plugged and abandoned in accordance with applicable regulations and at the cost, risk and expense  
 59 of all the parties hereto. If, within thirty (30) days after receipt of notice of the proposed abandonment  
 60 of such well, all parties do not agree to the abandonment of any well, those wishing to continue its op-  
 61 eration shall tender to each of the other parties its proportionate share of the value of the well's salvable  
 62 material and equipment, determined in accordance with the provisions of Exhibit "C", less the estimated  
 63 cost of salvaging and the estimated cost of plugging and abandoning. Each abandoning party shall  
 64 assign to the non-abandoning parties, without warranty, express or implied, as to title or as to quantity,  
 65 quality, or fitness for use of the equipment and material, all of its interest in the well and related equip-  
 66 ment, together with its interest in the leasehold estate as to, but only as to, the interval or intervals of the  
 67 formation or formations then open to production. If the interest of the abandoning party is or includes  
 68 an oil and gas interest, such party shall execute and deliver to the non-abandoning party or parties an  
 69 oil and gas lease, limited to the interval or intervals of the formation or formations then open to produc-  
 70 tion, for a term of one year and so long thereafter as oil and or gas is produced from the interval or inter-

1 vals of the formation or formations covered thereby, such lease to be on the form attached as Exhibit  
 2 "B". The assignments or leases so limited shall encompass the "drilling unit" upon which the well is  
 3 located. The payments by, and the assignments or leases to, the assignees shall be in a ratio based upon  
 4 the relationship of their respective percentages of participation in the Contract Area to the aggregate of  
 5 the percentages of participation in the Contract Area of all assignees. There shall be no readjustment  
 6 of interest in the remaining portion of the Contract Area.

7  
 8 Thereafter, abandoning parties shall have no further responsibility, liability, or interest in the op-  
 9 eration of or production from the well in the interval or intervals then open other than the royalties  
 10 retained in any lease made under the terms of this Article. Upon request, Operator shall continue to  
 11 operate the assigned well for the account of the non-abandoning parties at the rates and charges con-  
 12 templated by this agreement, plus any additional cost and charges which may arise as the result of  
 13 the separate ownership of the assigned well.

14  
 15 **ARTICLE VII.**  
 16 **EXPENDITURES AND LIABILITY OF PARTIES**

17  
 18 **A. Liability of Parties:**

19  
 20 The liability of the parties shall be several, not joint or collective. Each party shall be responsible  
 21 only for its obligations, and shall be liable only for its proportionate share of the costs of developing  
 22 and operating the Contract Area. Accordingly, the liens granted among the parties in Article VII.B. are  
 23 given to secure only the debts of each severally. It is not the intention of the parties to create, nor shall  
 24 this agreement be construed as creating, a mining or other partnership or association, or to render the  
 25 parties liable as partners.

26  
 27 **B. Liens and Payment Defaults:**

28  
 29 Each Non-Operator grants to Operator a lien upon its oil and gas rights in the Contract Area, and a  
 30 security interest in its share of oil and or gas when extracted and its interest in all equipment, to secure  
 31 payment of its share of expense, together with interest thereon at the rate provided in the Accounting  
 32 Procedure attached hereto as Exhibit "C". To the extent that Operator has a security interest under the  
 33 Uniform Commercial Code of the State, Operator shall be entitled to exercise the rights and remedies  
 34 of a secured party under the Code. The bringing of a suit and the obtaining of judgment by Operator  
 35 for the secured indebtedness shall not be deemed an election of remedies or otherwise affect the lien  
 36 rights or security interest as security for the payment thereof. In addition, upon default by any Non-  
 37 Operator in the payment of its share of expense, Operator shall have the right, without prejudice to  
 38 other rights or remedies, to collect from the purchaser the proceeds from the sale of such Non-Operator's  
 39 share of oil and or gas until the amount owed by such Non-Operator, plus interest has been paid. Each  
 40 purchaser shall be entitled to rely upon Operator's written statement concerning the amount of any de-  
 41 fault. Operator grants a like lien and security interest to the Non-Operators to secure payment of Op-  
 42 erator's proportionate share of expense.

43  
 44 If any party fails or is unable to pay its share of expense within sixty (60) days after rendition of  
 45 a statement therefor by Operator, the non-defaulting parties, including Operator, shall, upon request by  
 46 Operator, pay the unpaid amount in the proportion that the interest of each such party bears to the in-  
 47 terest of all such parties. Each party so paying its share of the unpaid amount shall, to obtain reimburse-  
 48 ment thereof, be subrogated to the security rights described in the foregoing paragraph.

49  
 50 **C. Payments and Accounting:**

51  
 52 Except as herein otherwise specifically provided, Operator shall promptly pay and discharge expenses  
 53 incurred in the development and operation of the Contract Area pursuant to this agreement and shall  
 54 charge each of the parties hereto with their respective proportionate shares upon the expense basis pro-  
 55 vided in the Accounting Procedure attached hereto as Exhibit "C". Operator shall keep an accurate  
 56 record of the joint account hereunder, showing expenses incurred and charges and credits made and  
 57 received.

58  
 59 Operator, at its election, shall have the right from time to time to demand and receive from the  
 60 other parties payment in advance of their respective shares of the estimated amount of the expense to  
 61 be incurred in operations hereunder during the next succeeding month, which right may be exercised only  
 62 by submission to each such party of an itemized statement of such estimated expense, together with  
 63 an invoice for its share thereof. Each such statement and invoice for the payment in advance of esti-  
 64 mated expense shall be submitted on or before the 20th day of the next preceding month. Each party  
 65 shall pay to Operator its proportionate share of such estimate within fifteen (15) days after such es-  
 66 timate and invoice is received. If any party fails to pay its share of said estimate within said time, the  
 67 amount due shall bear interest as provided in Exhibit "C" until paid. Proper adjustment shall be  
 68 made monthly between advances and actual expense to the end that each party shall bear and pay its  
 69 proportionate share of actual expenses incurred, and no more.

1 D. Limitation of Expenditures:

2  
3 1. Drill or Deepen: Without the consent of all parties, no well shall be drilled or deepened, ex-  
4 cept any well drilled or deepened pursuant to the provisions of Article VI.B.2. of this Agreement, it being  
5 understood that the consent to the drilling or deepening shall include:

6  
7  Option No. 1: All necessary expenditures for the drilling or deepening, testing, completing and  
8 equipping of the well, including necessary tankage and/or surface facilities.

9  
10  Option No. 2: All necessary expenditures for the drilling or deepening and testing of the well. When  
11 such well has reached its authorized depth, and all tests have been completed, Operator shall give im-  
12 mediate notice to the Non-Operators who have the right to participate in the completion costs. The parties  
13 receiving such notice shall have forty-eight (48) hours (exclusive of Saturday, Sunday and legal holi-  
14 days) in which to elect to participate in the setting of casing and the completion attempt. Such election,  
15 when made, shall include consent to all necessary expenditures for the completing and equipping of such  
16 well, including necessary tankage and/or surface facilities. Failure of any party receiving such notice  
17 to reply within the period above fixed shall constitute an election by that party not to participate in  
18 the cost of the completion attempt. If one or more, but less than all of the parties, elect to set pipe and  
19 to attempt a completion, the provisions of Article VI.B.2. hereof (the phrase "reworking, deepening or  
20 plugging back" as contained in Article VI.B.2. shall be deemed to include "completing") shall apply to  
21 the operations thereafter conducted by less than all parties.

22  
23 2. Rework or Plug Back: Without the consent of all parties, no well shall be reworked or plugged  
24 back except a well reworked or plugged back pursuant to the provisions of Article VI.B.2. of this agree-  
25 ment, it being understood that the consent to the reworking or plugging back of a well shall include  
26 consent to all necessary expenditures in conducting such operations and completing and equipping of  
27 said well, including necessary tankage and/or surface facilities.

28  
29 3. Other Operations: Operator shall not undertake any single project reasonably estimated to require  
30 an expenditure in excess of Twenty-Five Thousand Dollars (\$ 25,000.00 )  
31 except in connection with a well, the drilling, reworking, deepening, completing, recompleting, or plug-  
32 ging back of which has been previously authorized by or pursuant to this agreement; provided, how-  
33 ever, that, in case of explosion, fire, flood or other sudden emergency, whether of the same or different  
34 nature, Operator may take such steps and incur such expenses as in its opinion are required to deal with  
35 the emergency to safeguard life and property but Operator, as promptly as possible, shall report the emer-  
36 gency to the other parties. If Operator prepares "Authority for Expenditures" for its own use,  
37 Operator, upon request, shall furnish copies of its "Authority for Expenditures" for any single project  
38 costing in excess of Twenty-Five Thousand Dollars (\$ 25,000.00 ).

39  
40 E. Royalties, Overriding Royalties and Other Payments:

41  
42 Each party shall pay or deliver, or cause to be paid or delivered, all royalties to the extent of  
43 the usual 1/8th royalty due on its share of production and shall hold the other parties free  
44 from any liability therefor. If the interest of any party in any oil and gas lease covered by this agree-  
45 ment is subject to any royalty, overriding royalty, production payment, or other charge over and above  
46 the aforesaid royalty, such party shall assume and alone bear all such obligations and shall account  
47 for or cause to be accounted for, such interest to the owners thereof.

48  
49 No party shall ever be responsible, on any price basis higher than the price received by such party,  
50 to any other party's lessor or royalty owner; and if any such other party's lessor or royalty owner should  
51 demand and receive settlements on a higher price basis, the party contributing such lease shall bear the  
52 royalty burden insofar as such higher price is concerned.

53  
54 F. Rentals, Shut-in Well Payments and Minimum Royalties:

55  
56 Rentals, shut-in well payments and minimum royalties which may be required under the terms of  
57 any lease shall be paid by the party or parties who subjected such lease to this agreement at its ~~or~~ their  
58 expense. In the event two or more parties own and have contributed interests in the same lease to this  
59 agreement, such parties may designate one of such parties to make said payments for and on behalf of all  
60 such parties. Any party may request, and shall be entitled to receive, proper evidence of all such pay-  
61 ments. In the event of failure to make proper payment of any rental, shut-in well payment or minimum  
62 royalty through mistake or oversight where such payment is required to continue the lease in force,  
63 any loss which results from such non-payment shall be borne in accordance with the provisions of Article  
64 IV.B.2.

65  
66 Operator shall notify Non-Operator of the anticipated completion of a shut-in gas well, or the shut-  
67 ting in or return to production of a producing gas well, at least five (5) days (excluding Saturday, Sun-  
68 day and holidays), or at the earliest opportunity permitted by circumstances, prior to taking such action,  
69 but assumes no liability for failure to do so. In the event of failure by Operator to so notify Non-  
70 Operator, the loss of any lease contributed hereto by Non-Operator for failure to make timely payments

1 of any shut-in well payment shall be borne jointly by the parties hereto under the provisions of Article  
 2 IV.B.3.

3  
 4 **G. Taxes:**

5  
 6 Beginning with the first calendar year after the effective date hereof, Operator shall render for ad  
 7 valorem taxation all property subject to this agreement which by law should be rendered for such  
 8 taxes, and it shall pay all such taxes assessed thereon before they become delinquent. Prior to the ren-  
 9 dition date, each Non-Operator shall furnish Operator information as to burdens (to include, but not be  
 10 limited to, royalties overriding royalties and production payments) on leases and oil and gas interests con-  
 11 tributed by such Non-Operator. If the assessed valuation of any leasehold estate is reduced by reason of its  
 12 being subject to outstanding excess royalties, overriding royalties or production payments, the reduction in  
 13 ad valorem taxes resulting therefrom shall inure to the benefit of the owner or owners of such leasehold  
 14 estate, and Operator shall adjust the charge to such owner or owners so as to reflect the benefit of such  
 15 reduction. Operator shall bill other parties for their proportionate share of all tax payments in the man-  
 16 ner provided in Exhibit "C".

17  
 18 If Operator considers any tax assessment improper, Operator may, at its discretion, protest within  
 19 the time and manner prescribed by law, and prosecute the protest to a final determination, unless all  
 20 parties agree to abandon the protest prior to final determination. During the pendency of administrative  
 21 or judicial proceedings, Operator may elect to pay, under protest, all such taxes and any interest and  
 22 penalty. When any such protested assessment shall have been finally determined, Operator shall pay  
 23 the tax for the joint account, together with any interest and penalty accrued, and the total cost shall then  
 24 be assessed against the parties, and be paid by them, as provided in Exhibit "C".

25  
 26 Each party shall pay or cause to be paid all production, severance, gathering and other taxes im-  
 27 posed upon or with respect to the production or handling of such party's share of oil and/or gas pro-  
 28 duced under the terms of this agreement.

29  
 30 **H. Insurance:**

31  
 32 At all times while operations are conducted hereunder, Operator shall comply with the Workmen's  
 33 Compensation Law of the State where the operations are being conducted; provided, however, that Op-  
 34 erator may be a self-insurer for liability under said compensation laws in which event the only charge  
 35 that shall be made to the joint account shall be an amount equivalent to the premium which would have  
 36 been paid had such insurance been obtained. Operator shall also carry or provide insurance for the  
 37 benefit of the joint account of the parties as outlined in Exhibit "D", attached to and made a part hereof.  
 38 Operator shall require all contractors engaged in work on or for the Contract Area to comply with the  
 39 Workmen's Compensation Law of the State where the operations are being conducted and to maintain  
 40 such other insurance as Operator may require.

41  
 42 In the event Automobile Public Liability Insurance is specified in said Exhibit "D", or subsequently  
 43 receives the approval of the parties, no direct charge shall be made by Operator for premiums paid for  
 44 such insurance for Operator's fully owned automotive equipment.

45  
 46 **ARTICLE VIII.**  
 47 **ACQUISITION, MAINTENANCE OR TRANSFER OF INTEREST**

48  
 49 **A. Surrender of Leases:**

50  
 51 The leases covered by this agreement, insofar as they embrace acreage in the Contract Area, shall  
 52 not be surrendered in whole or in part unless all parties consent thereto.

53  
 54 However, should any party desire to surrender its interest in any lease or in any portion thereof, and  
 55 other parties do not agree or consent thereto, the party desiring to surrender shall assign, without express  
 56 or implied warranty of title, all of its interest in such lease, or portion thereof, and any well, material and  
 57 equipment which may be located thereon and any rights in production thereafter secured, to the parties  
 58 not desiring to surrender it. If the interest of the assigning party includes an oil and gas interest, the as-  
 59 signing party shall execute and deliver to the party or parties not desiring to surrender an oil and gas  
 60 lease covering such oil and gas interest for a term of one year and so long thereafter as oil and/or gas  
 61 is produced from the land covered thereby, such lease to be on the form attached hereto as Exhibit "B".  
 62 Upon such assignment, the assigning party shall be relieved from all obligations thereafter accruing,  
 63 but not theretofore accrued, with respect to the acreage assigned and the operation of any well thereon,  
 64 and the assigning party shall have no further interest in the lease assigned and its equipment and pro-  
 65 duction other than the royalties retained in any lease made under the terms of this Article. The parties  
 66 assignee shall pay to the party assignor the reasonable salvage value of the latter's interest in any wells  
 67 and equipment on the assigned acreage. The value of all material shall be determined in accordance  
 68 with the provisions of Exhibit "C", less the estimated cost of salvaging and the estimated cost of plug-  
 69 ging and abandoning. If the assignment is in favor of more than one party, the assigned interest shall

1 be shared by the parties assignee in the proportions that the interest of each bears to the interest of all  
2 parties assignee.

3  
4 Any assignment or surrender made under this provision shall not reduce or change the assignor's or  
5 surrendering parties' interest, as it was immediately before the assignment, in the balance of the Contract  
6 Area; and the acreage assigned or surrendered, and subsequent operations thereon, shall not thereafter  
7 be subject to the terms and provisions of this agreement.

8  
9 **B. Renewal or Extension of Leases:**

10  
11 If any party secures a renewal of any oil and gas lease subject to this Agreement, all other parties  
12 shall be notified promptly, and shall have the right for a period of thirty (30) days following receipt  
13 of such notice in which to elect to participate in the ownership of the renewal lease, insofar as such  
14 lease affects lands within the Contract Area, by paying to the party who acquired it their several proper  
15 proportionate shares of the acquisition cost allocated to that part of such lease within the Contract Area,  
16 which shall be in proportion to the interests held at that time by the parties in the Contract Area.

17  
18 If some, but less than all, of the parties elect to participate in the purchase of a renewal lease, it  
19 shall be owned by the parties who elect to participate therein, in a ratio based upon the relationship of  
20 their respective percentage of participation in the Contract Area to the aggregate of the percentages  
21 of participation in the Contract Area of all parties participating in the purchase of such renewal lease.  
22 Any renewal lease in which less than all parties elect to participate shall not be subject to this agreement.

23  
24 Each party who participates in the purchase of a renewal lease shall be given an assignment of its  
25 proportionate interest therein by the acquiring party.

26  
27 The provisions of this Article shall apply to renewal leases whether they are for the entire interest  
28 covered by the expiring lease or cover only a portion of its area or an interest therein. Any renewal lease  
29 taken before the expiration of its predecessor lease, or taken or contracted for within six (6) months after  
30 the expiration of the existing lease shall be subject to this provision; but any lease taken or contracted  
31 for more than six (6) months after the expiration of an existing lease shall not be deemed a renewal  
32 lease and shall not be subject to the provisions of this agreement.

33  
34 The provisions in this Article shall apply also and in like manner to extensions of oil and gas  
35 leases.

36  
37 **C. Acreage or Cash Contributions:**

38  
39 While this agreement is in force, if any party contracts for a contribution of cash toward the drilling  
40 of a well or any other operation on the Contract Area, such contribution shall be paid to the party who  
41 conducted the drilling or other operation and shall be applied by it against the cost of such drilling or  
42 other operation. If the contribution be in the form of acreage, the party to whom the contribution is  
43 made shall promptly tender an assignment of the acreage, without warranty of title, to the Drilling  
44 Parties in the proportions said Drilling Parties shared the cost of drilling the well. If all parties hereto  
45 are Drilling Parties and accept such tender, such acreage shall become a part of the Contract Area and  
46 be governed by the provisions of this agreement. If less than all parties hereto are Drilling Parties and  
47 accept such tender, such acreage shall not become a part of the Contract Area. Each party shall prompt-  
48 ly notify all other parties of all acreage or money contributions it may obtain in support of any well or  
49 any other operation on the Contract Area.

50  
51 If any party contracts for any consideration relating to disposition of such party's share of substances  
52 produced hereunder, such consideration shall not be deemed a contribution as contemplated in this  
53 Article VIII.C.

54  
55 **D. Subsequently Created Interest:**

56  
57 Notwithstanding the provisions of Article VIII.E. and VIII.G., if any party hereto shall, subsequent  
58 to execution of this agreement, create an overriding royalty, production payment, or net proceeds inter-  
59 est, which such interests are hereinafter referred to as "subsequently created interest", such subsequently  
60 created interest shall be specifically made subject to all of the terms and provisions of this agreement, as  
61 follows:

62  
63 1. If non-consent operations are conducted pursuant to any provision of this agreement, and the  
64 party conducting such operations becomes entitled to receive the production attributable to the interest  
65 out of which the subsequently created interest is derived, such party shall receive same free and clear  
66 of such subsequently created interest. The party creating same shall bear and pay all such subsequently  
67 created interests and shall indemnify and hold the other parties hereto free and harmless from any and  
68 all liability resulting therefrom.

2. If the owner of the interest from which the subsequently created interest is derived (1) fails to pay, when due, its share of expenses chargeable hereunder, or (2) elects to abandon a well under provisions of Article VI.E. hereof, or (3) elects to surrender a lease under provisions of Article VIII.A. hereof, the subsequently created interest shall be chargeable with the pro rata portion of all expenses hereunder in the same manner as if such interest were a working interest. For purposes of collecting such chargeable expenses, the party or parties who receive assignments as a result of (2) or (3) above shall have the right to enforce all provisions of Article VII.B. hereof against such subsequently created interest.

**E. Maintenance of Uniform Interest:**

For the purpose of maintaining uniformity of ownership in the oil and gas leasehold interests covered by this agreement, and notwithstanding any other provisions to the contrary, no party shall sell, encumber, transfer or make other disposition of its interest in the leases embraced within the Contract Area and in wells, equipment and production unless such disposition covers either:

1. the entire interest of the party in all leases and equipment and production; or
2. an equal undivided interest in all leases and equipment and production in the Contract Area

Every such sale, encumbrance, transfer or other disposition made by any party shall be made expressly subject to this agreement, and shall be made without prejudice to the right of the other parties.

If, at any time the interest of any party is divided among and owned by four or more co-owners, Operator, at its discretion, may require such co-owners to appoint a single trustee or agent with full authority to receive notices, approve expenditures, receive billings for and approve and pay such party's share of the joint expenses, and to deal generally with, and with power to bind, the co-owners of such party's interests within the scope of the operations embraced in this agreement; however, all such co-owners shall have the right to enter into and execute all contracts or agreements for the disposition of their respective shares of the oil and gas produced from the Contract Area and they shall have the right to receive, separately, payment of the sale proceeds hereof.

**F. Waiver of Right to Partition:**

If permitted by the laws of the state or states in which the property covered hereby is located, each party hereto owning an undivided interest in the Contract Area waives any and all rights it may have to partition and have set aside to it in severalty its undivided interest therein.

~~**C. Preferential Right to Purchase:**~~

~~Should any party desire to sell all or any part of its interests under this agreement, or its rights and interests in the Contract Area, it shall promptly give written notice to the other parties, with full information concerning its proposed sale, which shall include the name and address of the prospective purchaser (who must be ready, willing and able to purchase), the purchase price, and all other terms of the offer. The other parties shall then have an optional prior right, for a period of ten (10) days after receipt of the notice, to purchase on the same terms and conditions the interest which the other party proposes to sell; and, if this optional right is exercised, the purchasing parties shall share the purchased interest in the proportions that the interest of each bears to the total interest of all purchasing parties. However, there shall be no preferential right to purchase in those cases where any party wishes to mortgage its interests, or to dispose of its interests by merger, reorganization, consolidation, or sale of all or substantially all of its assets to a subsidiary or parent company or to a subsidiary of a parent company, or to any company in which any one party owns a majority of the stock.~~

**ARTICLE IX.  
INTERNAL REVENUE CODE ELECTION**

This agreement is not intended to create, and shall not be construed to create, a relationship of partnership or an association for profit between or among the parties hereto. Notwithstanding any provisions herein that the rights and liabilities hereunder are several and not joint or collective, or that this agreement and operations hereunder shall not constitute a partnership, if, for Federal income tax purposes, this agreement and the operations hereunder are regarded as a partnership, each party hereby affected elects to be excluded from the application of all of the provisions of Subchapter "K", Chapter 1, Subtitle "A", of the Internal Revenue Code of 1954, as permitted and authorized by Section 761 of the Code and the regulations promulgated thereunder. Operator is authorized and directed to execute on behalf of each party hereby affected such evidence of this election as may be required by the Secretary of the Treasury of the United States or the Federal Internal Revenue Service, including specifically, but not by way of limitation, all of the returns, statements, and the data required by Federal Regulations 1.761. Should there be any requirement that each party hereby affected give further evidence of this election, each such party shall execute such documents and furnish such other evidence as may be required by the Federal Internal Revenue Service or as may be necessary to evidence this election. No

1 such party shall give any notices or take any other action inconsistent with the election made hereby.  
2 If any present or future income tax laws of the state or states in which the Contract Area is located or  
3 any future income tax laws of the United States contain provisions similar to those in Subchapter "K",  
4 Chapter 1, Subtitle "A", of the Internal Revenue Code of 1954, under which an election similar to that  
5 provided by Section 761 of the Code is permitted, each party hereby affected shall make such election as  
6 may be permitted or required by such laws. In making the foregoing election, each such party states that  
7 the income derived by such party from Operations hereunder can be adequately determined without the  
8 computation of partnership taxable income.

9  
10 **ARTICLE X.**  
11 **CLAIMS AND LAWSUITS**

12  
13 Operator may settle any single damage claim or suit arising from operations hereunder if the ex-  
14 penditure does not exceed Ten Thousand Dollars  
15 (\$ 10,000.00 ) and if the payment is in complete settlement of such claim or suit. If the amount  
16 required for settlement exceeds the above amount, the parties hereto shall assume and take over the  
17 further handling of the claim or suit, unless such authority is delegated to Operator. All costs and ex-  
18 pense of handling, settling, or otherwise discharging such claim or suit shall be at the joint expense  
19 of the parties. If a claim is made against any party or if any party is sued on account of any matter  
20 arising from operations hereunder over which such individual has no control because of the rights given  
21 Operator by this agreement, the party shall immediately notify Operator, and the claim or suit shall  
22 be treated as any other claim or suit involving operations hereunder.

23  
24 **ARTICLE XI.**  
25 **FORCE MAJEURE**

26  
27 If any party is rendered unable, wholly or in part, by force majeure to carry out its obligations  
28 under this agreement, other than the obligation to make money payments, that party shall give to all  
29 other parties prompt written notice of the force majeure with reasonably full particulars concerning it;  
30 thereupon, the obligations of the party giving the notice, so far as they are affected by the force majeure,  
31 shall be suspended during, but no longer than, the continuance of the force majeure. The affected party  
32 shall use all reasonable diligence to remove the force majeure situation as quickly as practicable.

33  
34 The requirement that any force majeure shall be remedied with all reasonable dispatch shall not  
35 require the settlement of strikes, lockouts, or other labor difficulty by the party involved, contrary to its  
36 wishes; how all such difficulties shall be handled shall be entirely within the discretion of the party  
37 concerned.

38  
39 The term "force majeure", as here employed, shall mean an act of God, strike, lockout, or other  
40 industrial disturbance, act of the public enemy, war, blockade, public riot, lightning, fire, storm, flood,  
41 explosion, governmental action, governmental delay, restraint or inaction, unavailability of equipment,  
42 and any other cause, whether of the kind specifically enumerated above or otherwise, which is not  
43 reasonably within the control of the party claiming suspension.

44  
45 **ARTICLE XII.**  
46 **NOTICES**

47  
48 All notices authorized or required between the parties, and required by any of the provisions of  
49 this agreement, unless otherwise specifically provided, shall be given in writing by United States mail  
50 or Western Union telegram, postage or charges prepaid, or by teletype, and addressed to the party to  
51 whom the notice is given at the addresses listed on Exhibit "A". The originating notice given under any  
52 provision hereof shall be deemed given only when received by the party to whom such notice is directed,  
53 and the time for such party to give any notice in response thereto shall run from the date the originat-  
54 ing notice is received. The second or any responsive notice shall be deemed given when deposited in  
55 the United States mail or with the Western Union Telegraph Company, with postage or charges prepaid,  
56 or when sent by teletype. Each party shall have the right to change its address at any time, and from  
57 time to time, by giving written notice hereof to all other parties.

58  
59 **ARTICLE XIII.**  
60 **TERM OF AGREEMENT**  
61 **SEE ARTICLE XV B.**

62 ~~This agreement shall remain in full force and effect as to the oil and gas leases and/or oil and gas in-~~  
63 ~~terests subjected hereto for the period of time selected below; provided, however, no party hereto shall~~  
64 ~~ever be construed as having any right, title or interest in or to any lease, or oil and gas interest con-~~  
65 ~~tributed by any other party beyond the term of this agreement.~~

66  
67  ~~Option No. 1: So long as any of the oil and gas leases subject to this agreement remain or are con-~~  
68 ~~tinued in force as to any part of the Contract Area, whether by production, extension, renewal or other-~~  
69 ~~wise, and/or so long as oil and/or gas production continues from any lease or oil and gas interest.~~

~~1 Option No. 2: In the event the well described in Article VI.A., or any subsequent well drilled  
2 under any provision of this agreement, results in production of oil and/or gas in paying quantities, this  
3 agreement shall continue in force so long as any such well or wells produce, or are capable of produc-  
4 tion, and for an additional period of \_\_\_\_\_ days from cessation of all production; provided, however,  
5 if, prior to the expiration of such additional period, one or more of the parties hereto are engaged in  
6 drilling or reworking a well or wells hereunder, this agreement shall continue in force until such op-  
7 erations have been completed and if production results therefrom, this agreement shall continue in  
8 force as provided herein. In the event the well described in Article VI.A., or any subsequent well  
9 drilled hereunder, results in a dry hole, and no other well is producing, or capable of producing oil  
10 and/or gas from the Contract Area, this agreement shall terminate unless drilling or reworking opera-  
11 tions are commenced within \_\_\_\_\_ days from the date of abandonment of said well~~

12  
13 It is agreed, however, that the termination of this agreement shall not relieve any party hereto from  
14 any liability which has accrued or attached prior to the date of such termination.

15  
16 **ARTICLE XIV.**  
17 **COMPLIANCE WITH LAWS AND REGULATIONS**

18 **A. Laws, Regulations and Orders:**

19  
20  
21 This agreement shall be subject to the conservation laws of the state in which the committed  
22 acreage is located, to the valid rules, regulations, and orders of any duly constituted regulatory body of  
23 said state, and to all other applicable federal, state, and local laws, ordinances, rules, regulations, and  
24 orders.

25  
26  
27 **B. Governing Law:**

28 The essential validity of this agreement and all matters pertaining thereto, including, but not lim-  
29 ited to, matters of performance, non-performance, breach, remedies, procedures, rights, duties and in-  
30 terpretation or construction, shall be governed and determined by the law of the state in which the  
31 Contract Area is located. If the Contract Area is in two or more states, the law of the state where most  
32 of the land in the Contract Area is located shall govern.

33  
34 **ARTICLE XV.**  
35 **OTHER PROVISIONS**

36  
37 **A. Interpretations Of Regulations of Governmental Regulatory Agencies:**

38  
39 Non-Operators agree to indemnify and hold Operator harmless from any and  
40 all losses, damages, injuries, claims and causes of action arising out of, in-  
41 cident to or resulting directly or indirectly from Operator's interpretation  
42 or application of rules, rulings, regulations or orders of the Department of  
43 Energy or predecessor agencies (or other governmental regulatory agencies) to  
44 the extent Operator's interpretation or application of such rules, rulings,  
45 regulations or orders were made in good faith. Non-Operators further agree to  
46 reimburse Operator for their proportionate share of any amounts Operator may  
47 be required to refund, rebate or pay as a result of an incorrect interpretation  
48 or application of the above noted rules, rulings, regulations or orders,  
49 together with the Non-Operators' proportionate part of interest and penalties  
50 owing by Operator as a result of such incorrect interpretation or application  
51 of such rules, rulings, regulations or orders.

52  
53 **B. Term of Agreement**

54 This agreement shall remain in force for a period of one (1) year from and  
55 after the effective date of the Unit Agreement, and as long thereafter as the  
56 Unit Agreement is in effect. In the event of termination of the Unit Agreement  
57 for any reason as to all or any part of the land now or hereafter included in the  
58 Unit Area, this agreement shall continue in full force and effect with respect to  
59 any land as to which the Unit Agreement terminates which is included in any drill-  
60 ing unit or proration unit for any unabandoned well which has been drilled or  
61 commenced pursuant to this agreement, and as long thereafter as oil and gas, or  
62 either of them, is produced from the Unit Area, or any part thereof, or as long as  
63 producing, drilling or reworking operations are conducted thereon with no cessation  
64 of more than sixty (60) consecutive days, or as long as any lease committed to the  
65 Unit remains in effect by the payment of shut-in gas royalties on a gas well situated  
66 upon the Unit Area or any portion thereof. This agreement shall constitute a covenant  
67 running with the committed interests and shall be binding upon and inure to the bene-  
68 fit of the parties hereto, their successors and assigns. In the event of the termi-  
69 nation of the Unit Agreement as to part of the land included in such Unit Agreement,  
70 the lands remaining subject to the Unit Agreement will also remain subject to this  
Operating Agreement.

1 C. Required Well

2 For the purpose of this article a well shall be deemed a required well if the  
 3 drilling thereof is required by the final order of an authorized representative of  
 4 the Department of Interior. Such an order shall be deemed final upon expiration  
 5 of the time allowed for appeal therefrom without the commencement of appropriate  
 6 appeal proceedings or, if such proceedings are commenced with said time, upon the  
 7 final disposition of the appeal. Whenever Unit Operator receives any such order,  
 8 it shall promptly mail a copy thereof to each of the other parties; if any such  
 9 order is appealed, the party appealing shall give prompt written notice thereof to  
 10 each of the other parties, and upon final disposition of the appeal, Unit Operator  
 11 shall give each of the other parties prompt written notice of the result thereof.

12  
 13 Any party desiring to drill, or participate in the drilling of, a required well  
 14 shall give to Unit Operator written notice thereof within thirty (30) days after  
 15 the order requiring such well becomes final or within such lesser time as may be  
 16 required by such order. If such notice is given within said period, Unit Operator  
 17 shall drill the required well for the account of the party or parties giving such  
 18 notice, who shall bear all costs incurred therein; the rights and obligations of  
 19 such party or parties with respect to the ownership of such well, the operating  
 20 rights therein, the available production therefrom and the bearing of costs incurred  
 21 therein shall be the same as if the well had been drilled for the account of such  
 22 party or parties under Article VI B (2), "Additional Wells".

23  
 24 If no party elects to drill a required well within the period allowed for such  
 25 election, and if any of the following alternatives are available, the first such  
 26 alternative which is available shall be followed:

- 27 1. If compensatory royalties may be paid in lieu of drilling the well  
 28 and if payment thereof is authorized by the parties within said  
 29 period, Unit Operator shall pay such compensatory royalties; or
- 30 2. If the drilling of the well may be avoided, without other penalty,  
 31 contraction of the Unit Area through exclusion of lands not then  
 32 within a participating area, Unit Operator shall make reasonable  
 33 effort to effect such contraction with approval of the Director; or
- 34 3. If unitized substances have not theretofore been discovered in pay-  
 35 ing quantities with the Unit Area, the parties shall join in term-  
 36 ination of the Unit Agreement in accordance with its provisions.

37  
 38  
 39 If none of the foregoing alternatives are available, Unit Operator shall drill  
 40 the required well for the account of all the parties, each of whom shall bear that  
 41 percentage of all costs incurred therein which is equal to its participating interest.

42  
 43 D. Compensatory Royalties

44 Whenever demand is made in accordance with the Unit Agreement for the drilling of  
 45 a well for the protection of the Unit Area from drainage, or for the payment of com-  
 46 pensatory royalties in lieu thereof, Unit Operator shall give written notice thereof  
 47 to each party. If payment of such compensatory royalties is approved by the parties,  
 48 Unit Operator shall make payment hereof. All payments so made by Unit Operator shall  
 49 be charged as costs and borne by the parties in proportion to their respective parti-  
 50 cipating interests. If payment of compensatory royalties is not approved by the  
 51 parties, then the rights and obligations of the parties shall be governed by Article  
 52 VX C.

53 E. Miscellaneous

54 In the event of conflict between the Unit Agreement and this Unit Operating Agree-  
 55 ment, the terms and conditions of the Unit Agreement shall control.

56

ARTICLE XVI.  
MISCELLANEOUS

This agreement shall be binding upon and shall inure to the benefit of the parties hereto and to their respective heirs, devisees, legal representatives, successors and assigns.

This instrument may be executed in any number of counterparts, each of which shall be considered an original for all purposes.

IN WITNESS WHEREOF, this agreement shall be effective as of 1st day of February, 1981.

EXHIBIT "B"

(Attached to and made a part of Operating Agreement)

UNLEASED OIL AND GAS INTERESTS

If it develops that any interest owned and contributed by a party hereto is an unleased interest in the oil and gas rights, then such unleased interest shall be treated for all purposes of this agreement as if it were a term (for the term of this Operating Agreement) oil and gas lease covering such unleased interest on a form providing for the usual and customary one-eighth royalty and containing the usual and customary "lesser interest clause". This agreement shall in no way affect the right of the owner of any such unleased interest to receive an amount or share of production equivalent to the royalty which would be payable if such unleased interest were subject to an oil and gas lease as provided in the preceding sentence. Where any provision of this agreement shall operate to require an assignment from any party contributing an unleased mineral interest, such provision shall be construed (insofar as such unleased mineral interest is concerned) as requiring instead the execution and delivery by such party of an oil and gas lease, for a primary term of one year from the date of its delivery and so long thereafter or as oil or gas is produced, which lease shall reserve unto the Lessor a one-eighth royalty and contain the usual "lesser interest clause".

**EXHIBIT " C "**

Attached to and made a part of the Joint Operating Agreement  
dated February 1, 1981.

**ACCOUNTING PROCEDURE  
JOINT OPERATIONS**

**I. GENERAL PROVISIONS**

**1. Definitions**

"Joint Property" shall mean the real and personal property subject to the agreement to which this Accounting Procedure is attached.

"Joint Operations" shall mean all operations necessary or proper for the development, operation, protection and maintenance of the Joint Property.

"Joint Account" shall mean the account showing the charges paid and credits received in the conduct of the Joint Operations and which are to be shared by the Parties.

"Operator" shall mean the party designated to conduct the Joint Operations.

"Non-Operators" shall mean the parties to this agreement other than the Operator.

"Parties" shall mean Operator and Non-Operators.

"First Level Supervisors" shall mean those employees whose primary function in Joint Operations is the direct supervision of other employees and/or contract labor directly employed on the Joint Property in a field operating capacity.

"Technical Employees" shall mean those employees having special and specific engineering, geological or other professional skills, and whose primary function in Joint Operations is the handling of specific operating conditions and problems for the benefit of the Joint Property.

"Personal Expenses" shall mean travel and other reasonable reimbursable expenses of Operator's employees.

"Material" shall mean personal property, equipment or supplies acquired or held for use on the Joint Property.

"Controllable Material" shall mean Material which at the time is so classified in the Material Classification Manual as most recently recommended by the Council of Petroleum Accountants Societies of North America.

**2. Statement and Billings**

Operator shall bill Non-Operators on or before the last day of each month for their proportionate share of the Joint Account for the preceding month. Such bills will be accompanied by statements which identify the authority for expenditure, lease or facility, and all charges and credits, summarized by appropriate classifications of investment and expense except that items of Controllable Material and unusual charges and credits shall be separately identified and fully described in detail.

**3. Advances and Payments by Non-Operators**

Unless otherwise provided for in the agreement, the Operator may require the Non-Operators to advance their share of estimated cash outlay for the succeeding month's operation. Operator shall adjust each monthly billing to reflect advances received from the Non-Operators.

Each Non-Operator shall pay its proportion of all bills within fifteen (15) days after receipt. If payment is not made within such time, the unpaid balance shall bear interest monthly at the rate of twelve percent (12%) per annum or the maximum contract rate permitted by the applicable usury laws in the state in which the Joint Property is located, whichever is the lesser, plus attorney's fees, court costs, and other costs in connection with the collection of unpaid amounts.

**4. Adjustments**

Payment of any such bills shall not prejudice the right of any Non-Operator to protest or question the correctness thereof; provided, however, all bills and statements rendered to Non-Operators by Operator during any calendar year shall conclusively be presumed to be true and correct after twenty-four (24) months following the end of any such calendar year, unless within the said twenty-four (24) month period a Non-Operator takes written exception thereto and makes claim on Operator for adjustment. No adjustment favorable to Operator shall be made unless it is made within the same prescribed period. The provisions of this paragraph shall not prevent adjustments resulting from a physical inventory of Controllable Material as provided for in Section V.

**5. Audits**

A. Non-Operator, upon notice in writing to Operator and all other Non-Operators, shall have the right to audit Operator's accounts and records relating to the Joint Account for any calendar year within the twenty-four (24) month period following the end of such calendar year; provided, however, the making of an audit shall not extend the time for the taking of written exception to and the adjustments of accounts as provided for in Paragraph 4 of this Section I. Where there are two or more Non-Operators, the Non-Operators shall make every reasonable effort to conduct joint or simultaneous audits in a manner which will result in a minimum of inconvenience to the Operator. Operator shall bear no portion of the Non-Operators' audit cost incurred under this paragraph unless agreed to by the Operator.

**6. Approval by Non-Operators**

Where an approval or other agreement of the Parties or Non-Operators is expressly required under other sections of this Accounting Procedure and if the agreement to which this Accounting Procedure is attached contains no contrary provisions in regard thereto, Operator shall notify all Non-Operators of the Operator's proposal, and the agreement or approval of a majority in interest of the Non-Operators shall be controlling on all Non-Operators.

## II. DIRECT CHARGES

Operator shall charge the Joint Account with the following items:

### 1. Rentals and Royalties

Lease rentals and royalties paid by Operator for the Joint Operations.

### 2. Labor

A. (1) Salaries and wages of Operator's field employees directly employed on the Joint Property in the conduct of Joint Operations.

(2) Salaries of First-Level Supervisors in the field. Below District Superintendent

(3) Salaries and wages of Technical Employees directly employed on the Joint Property if such charges are excluded from the Overhead rates.

B. Operator's cost of holiday, vacation, sickness and disability benefits and other customary allowances paid to employees whose salaries and wages are chargeable to the Joint Account under Paragraph 2A of this Section II. Such costs under this Paragraph 2B may be charged on a "when and as paid basis" or by "percentage assessment" on the amount of salaries and wages chargeable to the Joint Account under Paragraph 2A of this Section II. If percentage assessment is used, the rate shall be based on the Operator's cost experience.

C. Expenditures or contributions made pursuant to assessments imposed by governmental authority which are applicable to Operator's costs chargeable to the Joint Account under Paragraphs 2A and 2B of this Section II.

D. Personal Expenses of those employees whose salaries and wages are chargeable to the Joint Account under Paragraph 2A of this Section II.

### 3. Employee Benefits

Operator's current costs of established plans for employees' group life insurance, hospitalization, pension, retirement, stock purchase, thrift, bonus, and other benefit plans of a like nature, applicable to Operator's labor cost chargeable to the Joint Account under Paragraphs 2A and 2B of this Section II shall be Operator's actual cost not to exceed ~~thirty~~ twenty-six per cent (26%) or per cent most recently recommended by the Council of Petroleum Accountants Societies.

### 4. Material

Material purchased or furnished by Operator for use on the Joint Property as provided under Section IV. Only such Material shall be purchased for or transferred to the Joint Property as may be required for immediate use and is reasonably practical and consistent with efficient and economical operations. The accumulation of surplus stocks shall be avoided.

### 5. Transportation

Transportation of employees and Material necessary for the Joint Operations but subject to the following limitations:

A. If Material is moved to the Joint Property from the Operator's warehouse or other properties, no charge shall be made to the Joint Account for a distance greater than the distance from the nearest reliable supply store, recognized barge terminal, or railway receiving point where like material is normally available, unless agreed to by the Parties.

B. If surplus Material is moved to Operator's warehouse or other storage point, no charge shall be made to the Joint Account for a distance greater than the distance to the nearest reliable supply store, recognized barge terminal, or railway receiving point unless agreed to by the Parties. No charge shall be made to the Joint Account for moving Material to other properties belonging to Operator, unless agreed to by the Parties.

C. In the application of Subparagraphs A and B above, there shall be no equalization of actual gross trucking cost of \$200 or less excluding accessorial charges.

### 6. Services

The cost of contract services, equipment and utilities provided by outside sources, except services excluded by Paragraph 9 of Section II and Paragraph 1. ii of Section III. The cost of professional consultant services and contract services of technical personnel directly engaged on the Joint Property if such charges are excluded from the Overhead rates. The cost of professional consultant services or contract services of technical personnel not directly engaged on the Joint Property shall not be charged to the Joint Account unless previously agreed to by the Parties.

### 7. Equipment and Facilities Furnished by Operator

A. Operator shall charge the Joint Account for use of Operator owned equipment and facilities at rates commensurate with costs of ownership and operation. Such rates shall include costs of maintenance, repairs, other operating expense, insurance, taxes, depreciation, and interest on investment not to exceed eight per cent (8%) per annum. Such rates shall not exceed average commercial rates currently prevailing in the immediate area of the Joint Property.

B. In lieu of charges in Paragraph 7A above, Operator may elect to use average commercial rates prevailing in the immediate area of the Joint Property less 20%. For automotive equipment, Operator may elect to use rates published by the Petroleum Motor Transport Association.

### 8. Damages and Losses to Joint Property

All costs or expenses necessary for the repair or replacement of Joint Property made necessary because of damages or losses incurred by fire, flood, storm, theft, accident, or other cause, except those resulting from Operator's gross negligence or willful misconduct. Operator shall furnish Non-Operator written notice of damages or losses incurred as soon as practicable after a report thereof has been received by Operator.

### 9. Legal Expense

Expense of handling, investigating and settling litigation or claims, discharging of liens, payment of judgments and amounts paid for settlement of claims incurred in or resulting from operations under the agreement or necessary to protect or recover the Joint Property, except that no charge for services of Operator's legal staff or fees or expense of outside attorneys shall be made unless previously agreed to by the Parties. All other legal expense is considered to be covered by the overhead provisions of Section III unless otherwise agreed to by the Parties, except as provided in Section 1, Paragraph 3.

**10. Taxes**

All taxes of every kind and nature assessed or levied upon or in connection with the Joint Property, the operation thereof, or the production therefrom, and which taxes have been paid by the Operator for the benefit of the Parties.

**11. Insurance**

Net premiums paid for insurance required to be carried for the Joint Operations for the protection of the Parties. In the event Joint Operations are conducted in a state in which Operator may act as self-insurer for Workmen's Compensation and/or Employers Liability under the respective state's laws, Operator may, at its election, include the risk under its self-insurance program and in that event, Operator shall include a charge at Operator's cost not to exceed manual rates.

**12. Other Expenditures**

Any other expenditure not covered or dealt with in the foregoing provisions of this Section II, or in Section III, and which is incurred by the Operator in the necessary and proper conduct of the Joint Operations.

**III. OVERHEAD****1. Overhead - Drilling and Producing Operations**

i. As compensation for administrative, supervision, office services and warehousing costs, Operator shall charge drilling and producing operations on either:

- ( X ) Fixed Rate Basis, Paragraph 1A, or  
( ) Percentage Basis, Paragraph 1B.

Unless otherwise agreed to by the Parties, such charge shall be in lieu of costs and expenses of all offices and salaries or wages plus applicable burdens and expenses of all personnel, except those directly chargeable under Paragraph 2A, Section II. The cost and expense of services from outside sources in connection with matters of taxation, traffic, accounting or matters before or involving governmental agencies shall be considered as included in the Overhead rates provided for in the above selected Paragraph of this Section III unless such cost and expense are agreed to by the Parties as a direct charge to the Joint Account.

ii. The salaries, wages and Personal Expenses of Technical Employees and/or the cost of professional consultant services and contract services of technical personnel directly employed on the Joint Property shall ( ) shall not ( X ) be covered by the Overhead rates.

**A. Overhead - Fixed Rate Basis**

(1) Operator shall charge the Joint Account at the following rates per well per month:

Drilling Well Rate \$ 4640  
Producing Well Rate \$ 444

(2) Application of Overhead - Fixed Rate Basis shall be as follows:

**(a) Drilling Well Rate**

- [1] Charges for onshore drilling wells shall begin on the date the well is spudded and terminate on the date the drilling or completion rig is released, whichever is later, except that no charge shall be made during suspension of drilling operations for fifteen (15) or more consecutive days.
- [2] Charges for offshore drilling wells shall begin on the date when drilling or completion equipment arrives on location and terminate on the date the drilling or completion equipment moves off location or rig is released, whichever occurs first, except that no charge shall be made during suspension of drilling operations for fifteen (15) or more consecutive days.
- [3] Charges for wells undergoing any type of workover or recompletion for a period of five (5) consecutive days or more shall be made at the drilling well rate. Such charges shall be applied for the period from date workover operations, with rig, commence through date of rig release, except that no charge shall be made during suspension of operations for fifteen (15) or more consecutive days.

**(b) Producing Well Rates**

- [1] An active well either produced or injected into for any portion of the month shall be considered as a one-well charge for the entire month.
- [2] Each active completion in a multi-completed well in which production is not commingled down hole shall be considered as a one-well charge providing each completion is considered a separate well by the governing regulatory authority.
- [3] An inactive gas well shut in because of overproduction or failure of purchaser to take the production shall be considered as a one-well charge providing the gas well is directly connected to a permanent sales outlet.
- [4] A one-well charge may be made for the month in which plugging and abandonment operations are completed on any well.
- [5] All other inactive wells (including but not limited to inactive wells covered by unit allowable, lease allowable, transferred allowable, etc.) shall not qualify for an overhead charge.

(3) The well rates shall be adjusted as of the first day of April each year following the effective date of the agreement to which this Accounting Procedure is attached. The adjustment shall be computed by multiplying the rate currently in use by the percentage increase or decrease in the average weekly earnings of Crude Petroleum and Gas Production Workers for the last calendar year compared to the calendar year preceding as shown by the index of average weekly earnings of Crude Petroleum and Gas Fields Production Workers as published by the United States Department of Labor, Bureau of Labor Statistics, or the equivalent Canadian index as published by Statistics Canada, as applicable. The adjusted rates shall be the rates currently in use, plus or minus the computed adjustment.

**B. Overhead - Percentage Basis**

(1) Operator shall charge the Joint Account at the following rates:

(a) Development

\_\_\_\_\_ Percent ( %) of the cost of Development of the Joint Property exclusive of costs provided under Paragraph 9 of Section II and all salvage credits.

(b) Operating

\_\_\_\_\_ Percent ( %) of the cost of Operating the Joint Property exclusive of costs provided under Paragraphs 1 and 9 of Section II, all salvage credits, the value of injected substances purchased for secondary recovery and all taxes and assessments which are levied, assessed and paid upon the mineral interest in and to the Joint Property.

(2) Application of Overhead - Percentage Basis shall be as follows:

For the purpose of determining charges on a percentage basis under Paragraph 1B of this Section III, development shall include all costs in connection with drilling, re-drilling, deepening or any remedial operations on any or all wells involving the use of drilling crew and equipment; also, preliminary expenditures necessary in preparation for drilling and expenditures incurred in abandoning when the well is not completed as a producer, and original cost of construction or installation of fixed assets, the expansion of fixed assets and any other project clearly discernible as a fixed asset, except Major Construction as defined in Paragraph 2 of this Section III. All other costs shall be considered as Operating.

**2. Overhead - Major Construction**

To compensate Operator for overhead costs incurred in the construction and installation of fixed assets, the expansion of fixed assets, and any other project clearly discernible as a fixed asset required for the development and operation of the Joint Property, Operator shall either negotiate a rate prior to the beginning of construction, or shall charge the Joint Account for Overhead based on the following rates for any Major Construction project in excess of \$ 25,000 :

- A. 5 % of total costs if such costs are more than \$ 25,000 but less than \$ 100,000 ; plus
- B. 3 % of total costs in excess of \$ 100,000 but less than \$1,000,000; plus
- C. 2 % of total costs in excess of \$1,000,000.

Total cost shall mean the gross cost of any one project. For the purpose of this paragraph, the component parts of a single project shall not be treated separately and the cost of drilling and workover wells shall be excluded.

**3. Amendment of Rates**

The Overhead rates provided for in this Section III may be amended from time to time only by mutual agreement between the Parties hereto if, in practice, the rates are found to be insufficient or excessive.

**IV. PRICING OF JOINT ACCOUNT MATERIAL PURCHASES, TRANSFERS AND DISPOSITIONS**

Operator is responsible for Joint Account Material and shall make proper and timely charges and credits for all material movements affecting the Joint Property. Operator shall provide all Material for use on the Joint Property; however, at Operator's option, such Material may be supplied by the Non-Operator. Operator shall make timely disposition of idle and/or surplus Material, such disposal being made either through sale to Operator or Non-Operator, division in kind, or sale to outsiders. Operator may purchase, but shall be under no obligation to purchase, interest of Non-Operators in surplus condition A or B Material. The disposal of surplus Controllable Material not purchased by the Operator shall be agreed to by the Parties.

**1. Purchases**

Material purchased shall be charged at the price paid by Operator after deduction of all discounts received. In case of Material found to be defective or returned to vendor for any other reason, credit shall be passed to the Joint Account when adjustment has been received by the Operator.

**2. Transfers and Dispositions**

Material furnished to the Joint Property and Material transferred from the Joint Property or disposed of by the Operator, unless otherwise agreed to by the Parties, shall be priced on the following bases exclusive of cash discounts:

**A. New Material (Condition A)**

- (1) Tubular goods, except line pipe, shall be priced at the current new price in effect on date of movement on a maximum carload or barge load weight basis, regardless of quantity transferred, equalized to the lowest published price f.o.b. railway receiving point or recognized barge terminal nearest the Joint Property where such Material is normally available.
- (2) Line Pipe
  - (a) Movement of less than 30,000 pounds shall be priced at the current new price, in effect at date of movement, as listed by a reliable supply store nearest the Joint Property where such Material is normally available.
  - (b) Movement of 30,000 pounds or more shall be priced under provisions of tubular goods pricing in Paragraph 2A (1) of this Section IV.
- (3) Other Material shall be priced at the current new price, in effect at date of movement, as listed by a reliable supply store or f.o.b. railway receiving point nearest the Joint Property where such Material is normally available.

**B. Good Used Material (Condition B)**

Material in sound and serviceable condition and suitable for reuse without reconditioning:

- (1) Material moved to the Joint Property
  - (a) At seventy-five percent (75%) of current new price, as determined by Paragraph 2A of this Section IV.
- (2) Material moved from the Joint Property
  - (a) At seventy-five percent (75%) of current new price, as determined by Paragraph 2A of this Section IV, if Material was originally charged to the Joint Account as new Material, or

(b) at sixty-five percent (65%) of current new price, as determined by Paragraph 2A of this Section IV, if Material was originally charged to the Joint Account as good used Material at seventy-five percent (75%) of current new price.

The cost of reconditioning, if any, shall be absorbed by the transferring property.

**C. Other Used Material (Condition C and D)**

**(1) Condition C**

Material which is not in sound and serviceable condition and not suitable for its original function until after reconditioning shall be priced at fifty percent (50%) of current new price as determined by Paragraph 2A of this Section IV. The cost of reconditioning shall be charged to the receiving property, provided Condition C value plus cost of reconditioning does not exceed Condition B value.

**(2) Condition D**

All other Material, including junk, shall be priced at a value commensurate with its use or at prevailing prices. Material no longer suitable for its original purpose but usable for some other purpose, shall be priced on a basis comparable with that of items normally used for such other purpose. Operator may dispose of Condition D Material under procedures normally utilized by the Operator without prior approval of Non-Operators.

**D. Obsolete Material**

Material which is serviceable and usable for its original function but condition and/or value of such Material is not equivalent to that which would justify a price as provided above may be specially priced as agreed to by the Parties. Such price should result in the Joint Account being charged with the value of the service rendered by such Material.

**E. Pricing Conditions**

- (1) Loading and unloading costs may be charged to the Joint Account at the rate of fifteen cents (15¢) per hundred weight on all tubular goods movements, in lieu of loading and unloading costs sustained, when actual hauling cost of such tubular goods are equalized under provisions of Paragraph 5 of Section II.
- (2) Material involving erection costs shall be charged at applicable percentage of the current knocked-down price of new Material.

**3. Premium Prices**

Whenever Material is not readily obtainable at published or listed prices because of national emergencies, strikes or other unusual causes over which the Operator has no control, the Operator may charge the Joint Account for the required Material at the Operator's actual cost incurred in providing such Material, in making it suitable for use, and in moving it to the Joint Property; provided notice in writing is furnished to Non-Operators of the proposed charge prior to billing Non-Operators for such Material. Each Non-Operator shall have the right, by so electing and notifying Operator within ten days after receiving notice from Operator, to furnish in kind all or part of his share of such Material suitable for use and acceptable to Operator.

**4. Warranty of Material Furnished by Operator**

Operator does not warrant the Material furnished. In case of defective Material, credit shall not be passed to the Joint Account until adjustment has been received by Operator from the manufacturers or their agents.

**V. INVENTORIES**

The Operator shall maintain detailed records of Controllable Material.

**1. Periodic Inventories, Notice and Representation**

At reasonable intervals, Inventories shall be taken by Operator of the Joint Account Controllable Material. Written notice of intention to take inventory shall be given by Operator at least thirty (30) days before any inventory is to begin so that Non-Operators may be represented when any inventory is taken. Failure of Non-Operators to be represented at an inventory shall bind Non-Operators to accept the inventory taken by Operator.

**2. Reconciliation and Adjustment of Inventories**

Reconciliation of a physical inventory with the Joint Account shall be made, and a list of overages and shortages shall be furnished to the Non-Operators within six months following the taking of the inventory. Inventory adjustments shall be made by Operator with the Joint Account for overages and shortages, but Operator shall be held accountable only for shortages due to lack of reasonable diligence.

**3. Special Inventories**

Special Inventories may be taken whenever there is any sale or change of interest in the Joint Property. It shall be the duty of the party selling to notify all other Parties as quickly as possible after the transfer of interest takes place. In such cases, both the seller and the purchaser shall be governed by such inventory.

**4. Expense of Conducting Periodic Inventories**

The expense of conducting periodic Inventories shall not be charged to the Joint Account unless agreed to by the Parties.

EXHIBIT "D"

INSURANCE:

Operator shall carry for the benefit and protection of the parties hereto, Workmen's Compensation and Employers Liability Insurance with limits of \$500,000 for each occurrence in accordance with state, provincial, and federal laws including Longshoremen's and Harbor Workers' Compensation Act and as extended to Outer Continental Shelf Operations and other maritime laws, as applicable. If under the laws of the jurisdiction in which operations are conducted Operator is authorized to be a self-insurer as to workmen's compensation or employers' liability, Operator may elect to be a self-insurer under such laws and in such event Operator shall charge to the joint account, in lieu of any premiums for such insurance, a premium equivalent limited to amounts determined by applying manual insurance rates to the payroll.

The Operator shall not be required to carry any other insurance for the joint account. The liability, if any, of the parties hereto in damages for claims growing out of personal injury to or death of third persons or injury or destruction of property of third parties resulting from the operation and development of the premises covered hereby shall be borne by the parties hereto in the proportions of their respective interests in the production therefrom; and each party individually may acquire such insurance as it deems proper to protect itself against such claims. Operator shall require all third party contractors performing work in or on the premises covered hereby to carry such insurance and in such amounts as Operator shall deem necessary.

EXHIBIT "E"  
(Consisting of 2 Pages)

GAS STORAGE AND BALANCING AGREEMENT

(Attached to and made a part of the Operating Agreement)

The parties to the Operating Agreement to which this agreement is attached are the owners of certain gas rights underlying the Contract Area covered by such agreement, and the ownership of each party is set forth in Exhibit "A" to said Operating Agreement.

The terms of the Operating Agreement provide each such party with the right to take its share of gas produced from the Contract Area and market the same. In the event any such party is not at any time taking or marketing its share of such gas or has contracted to sell its share thereof to a purchaser which does not at any time while said agreement is in effect take the full share of gas attributable to the interest of such contracting party, then this agreement shall automatically become effective.

During the period or periods when any party has no market for its share of gas produced from any proration or spacing unit within the Contract Area, or its purchaser does not take its full share of gas produced from such proration or spacing unit mentioned above, the other parties shall be entitled to produce each month one hundred percent of the allowable gas production assigned to such proration or spacing unit by the State regulatory body having jurisdiction and shall be entitled to take and deliver to its or their purchaser or purchasers all of such gas production. All the parties shall share in and own the liquid hydrocarbons recovered from such gas by lease equipment in accordance with their respective interests and subject to the Operating Agreement to which this agreement is attached, by the party or parties taking such gas shall own all of the gas delivered to its or their purchaser or purchasers.

On a cumulative basis, each such party not taking or marketing its full share of the gas produced shall be credited with gas in storage equal to its full share of the gas produced under this agreement, less its share of gas used in lease operations, vented or lost, and less that portion such party took or delivered to its purchaser. The Operator under said Operating Agreement will establish and maintain currently a gas account to show the gas balance which exists between all the parties and will furnish each of these parties a monthly statement showing the total quantity of gas produced, the amount used in lease operations, vented or lost, the total quantity of liquid hydrocarbons recovered therefrom, and the monthly and cumulative over and under account of each party.

At any and all times while gas is being produced from the Contract Area, each party will make settlement with the respective royalty owners to whom said party is accountable, just as if each party were taking or delivering to a purchaser its share, and its share only, of such gas production exclusive of gas used in lease operations, vented or lost. Each party agrees to indemnify and hold each and every other party harmless from any and all claims for royalty payments asserted by royalty owners to whom each indemnifying party is accountable. The term "royalty owner" shall include owners of royalty, overriding royalties, production payments and similar interests.

After written notice to the operator, each party at any time may begin taking or delivering to its purchaser its full share of the gas produced from a proration or spacing unit under which it has gas in storage, less such party's share of gas used in operations, vented or lost. In addition to such share, each party, including the Operator, until it has recovered its gas in storage and balanced the gas account as to its interest, shall be entitled to take or deliver to its purchaser a share of gas determined by multiplying fifty percent (50%) of the interest in the current gas production of the party or parties without gas in storage by a fraction, the numerator of which is the interest in the proration or spacing unit of such party with gas in storage and the denominator of which is the total percentage interest in such proration or spacing unit of all parties with gas in storage currently taking or delivering to a purchaser.

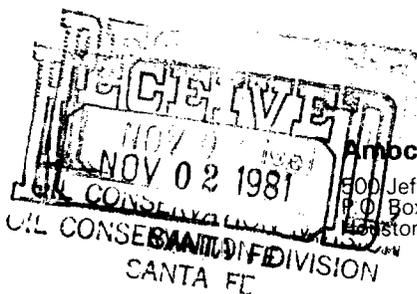

Each party producing and taking or delivering gas to its purchaser shall pay any and all production taxes due on such gas.

Nothing herein contained shall be construed as denying any party the right, from time to time, to produce and take or deliver to its purchaser its full share of the allowable gas production to meet the deliverability tests required by its purchaser.

In the event production of gas from a proration or spacing unit is permanently discontinued before the gas account is balanced, settlement will be made between the underproduced and overproduced parties. In making such settlement, the underproduced party or parties will be paid a sum of money by the overproduced party or parties attributable to the overproduction which said overproduced party received, less applicable taxes theretofore paid, at the applicable price defined below for the latest delivery of a volume of gas equal to that for which settlement is made. For gas sold in interstate commerce, the price basis shall be the rate collected, from time to time, which is not subject to possible refund, as provided by the Federal Energy Regulatory Commission or any successor agency pursuant to final order or settlement applicable to the gas sold from such well, plus any additional collected amount which is not ultimately required by said Commission to be refunded, such additional collected amount to be accounted for at such time as final determination is made with respect thereto.

Nothing herein contained shall change or affect the obligations of each party to bear and pay its proportionate share of all costs, expenses, and liabilities as provided in the Operating Agreement.

This agreement shall constitute a separate agreement as to each proration or spacing unit within the Contract Area and shall become effective in accordance with its terms and shall remain in force and effect as long as the Operating Agreement to which it is attached remains in effect, and shall inure to the benefit of and be binding upon the parties hereto, their heirs, successors, legal representatives and assigns. By the terms "proration unit" or "spacing unit" is meant the area or portion of the Contract Area fixed for the drilling of one well by applicable field rules, or in the absence thereof, with statewide rules and regulations of the State regulatory body having jurisdiction.

Gentlemen:

Enclosed for your file please find a copy of Mr. James W. Shelton's letter dated August 25, 1981 granting final approval and the Certification Determination for the El Alto Grande Federal Exploratory Unit. Our files now indicate we have provided you copies of all the necessary documents for the subject unit. We would appreciate if you would review your files in this regard and advise of any additional information which is needed.

If you have any questions or we may be of any assistance, please advise.

Yours very truly,

Chris L. Raper

Gentlemen:

An approved copy of the El Alto Grande unit agreement, Lea County, New Mexico is enclosed. Such agreement has been assigned No. 14-08-0001-19568 and is effective August 25, 1981, the same date as approved.

You are requested to furnish all interested principles with appropriate evidence of this approval.

Sincerely yours,

Gene F. Daniel

CERTIFICATION DETERMINATION

Pursuant to the authority vested in the Secretary of the Interior, the act approved February, 1920, 41 Stat. 437, as amended, 30 U.S.C. secs. 181, et seq., and delegated to the Deputy Conservation Managers of the United States Geological Survey, I do hereby:

- A. Approve the attached agreement for the development and operation of the El Alto Grande Unit Area, State of New Mexico :
- B. Certify and determine that the unit plan of development and operation contemplated in the attached agreement is necessary and advisable in the public interest for the purpose of more properly conserving the natural resources.
- C. Certify and determine that the drilling, producing, rental, minimum royalty, and royalty requirements of all Federal leases committed to said agreement are hereby established, altered, changed, or revoked to conform with the terms and conditions of this agreement.

UNIT AGREEMENT  
FOR THE DEVELOPMENT AND OPERATION  
OF THE  
EL ALTO GRANDE UNIT AREA  
COUNTY OF LEA  
STATE OF NEW MEXICO  
NO. \_\_\_\_\_

THIS AGREEMENT entered into as of the 1st day of February, 1981 by and between the parties subscribing, ratifying or consenting hereto, and herein referred to as the "parties hereto".

WITNESSETH:

WHEREAS, the parties hereto are the owners of working, royalty, or other oil and gas interests in the unit area subject to this agreement; and

WHEREAS, the Mineral Leasing Act of February 25, 1920, 41 Stat. 437, as amended, 30 U.S.C. Secs. 181 et seq., authorizes Federal lessees and their representatives to unite with each other, or jointly or separately with others, in collectively adopting and operating a cooperative or unit plan of development or operations of any oil or gas pool, field, or like area, or any part thereof for the purpose of more properly conserving the natural resources thereof whenever determined and certified by the Secretary of the Interior to be necessary or advisable in the public interest; and

WHEREAS, the parties hereto hold sufficient interests in the El Alto Grande Unit Area covering the land hereinafter described to give reasonably effective control of operations therein; and

WHEREAS, it is the purpose of the parties hereto to conserve natural resources, prevent waste, and secure other benefits obtainable through development and operation of the area subject to this agreement under the terms, conditions and limitations herein set forth;

NOW, THEREFORE, in consideration of the premises and the promises herein contained, the parties hereto commit to this agreement their respective interests in the below-defined unit area, and agree severally among themselves as follows:

1           1.    ENABLING ACT AND REGULATIONS.  The Mineral Leasing Act of  
2 February 25, 1920, as amended, supra, and all valid pertinent regulations,  
3 including operating and unit plan regulations, heretofore issued thereunder  
4 or valid, pertinent and reasonable regulations hereafter issued thereunder  
5 are accepted and made a part of this agreement as to Federal lands,  
6 provided such regulations are not inconsistent with the terms of this  
7 agreement.

8           2.    UNIT AREA.  The area specified on the map attached hereto  
9 marked Exhibit "A" is hereby designated and recognized as constituting  
10 the unit area, containing 2,535.44 acres, more or less.

11           Exhibit "A" shows, in addition to the boundary of the unit area,  
12 the boundaries and identity of tracts and leases in said area to the  
13 extent known to the Unit Operator.  Exhibit "B" attached hereto is a  
14 schedule showing to the extent known to the Unit Operator the acreage,  
15 percentage, and kind of ownership of oil and gas interests in all land  
16 in the unit area.  However, nothing herein or in said schedule or map  
17 shall be construed as a representation by any party hereto as to the  
18 ownership of any interest other than such interest or interests as are  
19 shown in said map or schedule as owned by such party.  Exhibits "A" and  
20 "B" shall be revised by the Unit Operator whenever changes in the unit  
21 area render such revision necessary, or when requested by the Deputy  
22 Conservation Manager, Oil and Gas, hereinafter referred to as "Deputy",  
23 and not less than five copies of the revised exhibits shall be filed  
24 with the Deputy.

25           The above-described unit area shall when practicable be expanded to  
26 include therein any additional lands or shall be contracted to exclude  
27 lands whenever such expansion or contraction is deemed to be necessary  
28 or advisable to conform with the purposes of this agreement.  Such  
29 expansion or contraction shall be effected in the following manner:

30           a)    Unit Operator, on its own motion or on demand of the  
31           Director of the Geological Survey, hereinafter referred to as  
32           "Director", shall prepare a notice of proposed expansion or  
33           contraction describing the contemplated changes in the boundaries  
34           of the unit area, the reasons therefore, and the proposed effec-  
35           tive date thereof, preferably the first day of a month subsequent  
36           to the date of notice.

1           b) Said notice shall be delivered to the Deputy and copies  
2 thereof mailed to the last known address of each working interest  
3 owner, lessee, and lessor whose interests are affected, advising  
4 that 30 days will be allowed for submission to the Unit Operator  
5 of any objections.

6           c) Upon expiration of the 30-day period provided in the  
7 preceding item (b) hereof, Unit Operator shall file with the  
8 Deputy evidence of mailing of the notice of expansion or contrac-  
9 tion and a copy of any objections thereto which have been filed  
10 with the Unit Operator, together with an application in sufficient  
11 number, for approval of such expansion or contraction and with  
12 appropriate joinders.

13           d) After due consideration of all pertinent information, the  
14 expansion or contraction shall, upon approval by the Deputy, become  
15 effective as of the date prescribed in the notice thereof.

16           e) All legal subdivisions of lands (i.e., 40 acres by  
17 Government survey or its nearest lot or tract equivalent; in  
18 instances of irregular surveys unusually large lots or tracts shall  
19 be considered in multiples of 40 acres or the nearest aliquot  
20 equivalent thereof), no parts of which are entitled to be in a  
21 participating area on or before the fifth anniversary of the  
22 effective date of the first initial participating area established  
23 under this unit agreement, shall be eliminated automatically from  
24 this agreement, effective as of said fifth anniversary, and such  
25 lands shall no longer be a part of the unit area and shall no  
26 longer be subject to this agreement, unless diligent drilling  
27 operations are in progress on unitized lands not entitled to  
28 participation on said fifth anniversary, in which event all such  
29 lands shall remain subject hereto so long as such drilling opera-  
30 tions are continued diligently with not more than 90 days' time  
31 elapsing between the completion of one well and the commencement of  
32 the next well. All legal subdivisions of lands not entitled to be  
33 in a participating area within 10 years after the effective date of  
34 the first initial participating area approved under this government  
35 shall be automatically eliminated from this agreement as of said  
36 tenth anniversary. All lands proved productive by diligent drilling

1 operations after the aforesaid 5-year period shall become partici-  
2 pating in the same manner as during said 5-year period. However,  
3 when such diligent drilling operations cease, all nonparticipating  
4 lands shall be automatically eliminated effective as of the 91st  
5 day thereafter. The Unit Operator shall, within 90 days after the  
6 effective date of any elimination hereunder, describe the area so  
7 eliminated to the satisfaction of the Deputy, and promptly notify  
8 all parties in interest.

9 If conditions warrant extension of the 10-year period specified in  
10 this subsection 2(e), a single extension of not to exceed 2 years may be  
11 accomplished by consent of the owners of 90% of the working interests in  
12 the current nonparticipating unitized lands and the owners of 60% of the  
13 basic royalty interests (exclusive of the basic royalty interests of the  
14 United States) in nonparticipating unitized lands with approval of the  
15 Director, provided such extension application is submitted to the Director  
16 not later than 60 days prior to the expiration of said ten-year period.

17 Any expansion of the unit area pursuant to this section which  
18 embraces lands theretofore eliminated pursuant to this subsection 2(c)  
19 shall not be considered automatic commitment or recommitment of such  
20 lands.

21 3. UNITIZED LANDS AND UNITIZED SUBSTANCES. All lands committed  
22 to this agreement shall constitute land referred to herein as "unitized  
23 land" or "land subject to this agreement". All oil and gas in any and  
24 all formations of the unitized land are unitized under the terms of this  
25 agreement and herein are called "unitized substances".

26 4. UNIT OPERATOR. AMOCO PRODUCTION COMPANY is hereby designated  
27 as Unit Operator and by signature hereto as Unit Operator agrees and  
28 consents to accept the duties and obligations of Unit Operator for the  
29 discovery, development and production of unitized substances as herein  
30 provided. Whenever reference is made herein to the Unit Operator, such  
31 reference means the Unit Operator acting in that capacity and not as an  
32 owner of interest in unitized substances, and the term "working interest  
33 owner" when used herein shall include or refer to Unit Operator as the  
34 owner of a working interest when such an interest is owned by it.

1           5.    RESIGNATION OR REMOVAL OF UNIT OPERATOR.  Unit Operator shall  
2 have the right to resign at any time prior to the establishment of a  
3 participating area or areas hereunder, but such resignation shall not  
4 become effective so as to release Unit Operator from the duties and  
5 obligations of Unit Operator and terminate Unit Operator's rights as  
6 such for a period of 6 months after notice of intention to resign has  
7 been served by Unit Operator on all working interest owners and the  
8 Deputy, and until all wells then drilled hereunder are placed in a  
9 satisfactory condition for suspension or abandonment whichever is  
10 required by the Deputy unless a new Unit Operator shall have been  
11 selected and approved and shall have taken over and assumed the duties  
12 and obligations of Unit Operator prior to the expiration of said period.

13           Unit Operator shall have the right to resign in like manner and  
14 subject to like limitations as above provided at any time a participating  
15 area established hereunder is in existence, but, in all instances of  
16 resignation or removal, until a successor Unit Operator is selected and  
17 approved as hereinafter provided, the working interest owners shall be  
18 jointly responsible for performance of the duties of Unit Operator, and  
19 shall, not later than 30 days before such resignation or removal becomes  
20 effective, appoint a common agent to represent them in any action to be  
21 taken hereunder.

22           The resignation of Unit Operator shall not release Unit Operator  
23 from any liability for any default by it hereunder occurring prior to  
24 the effective date of its resignation.

25           The Unit Operator may, upon default or failure in the performance  
26 of its duties or obligations hereunder, be subject to removal by the  
27 same percentage vote of the owners of working interests as herein pro-  
28 vided for the selection of a new Unit Operator.  Such removal shall be  
29 effective upon notice thereof to the Deputy.

30           The resignation or removal of Unit Operator under this agreement  
31 shall not terminate its right, title or interest as the owner of a  
32 working interest or other interest in unitized substances, but upon the  
33 resignation or removal of Unit Operator becoming effective, such Unit  
34 Operator shall deliver possession of all wells, equipment, materials and  
35 appurtenances used in conducting the unit operations to the new duly  
36 qualified successor Unit Operator or to the common agent, if no such new

1 Unit Operator is elected, to be used for the purpose of conducting unit  
2 operations hereunder. Nothing herein shall be construed as authorizing  
3 removal of any material, equipment and appurtenances needed for the  
4 preservation of any wells.

5 6. SUCCESSOR UNIT OPERATOR. Whenever the Unit Operator shall  
6 tender his or its resignation as Unit Operator or shall be removed as  
7 hereinabove provided, or a change of Unit Operator is negotiated by  
8 working interest owners, the owners of the working interests in the  
9 participating area or areas according to their respective acreage inter-  
10 ests in such participating area or areas, or, until a participating area  
11 shall have been established, the owners of the working interests according  
12 to their respective acreage interests in all unitized land, shall by  
13 majority vote select a successor Unit Operator: Provided, That, if a  
14 majority but less than 75 percent of the working interests qualified to  
15 vote are owned by one party to this agreement, a concurring vote of one  
16 or more additional working interest owners shall be required to select a  
17 new operator. Such selection shall not become effective until

18 a) a Unit Operator so selected shall accept in writing the  
19 duties and responsibilities of Unit Operator, and

20 b) the selection shall have been approved by the Deputy.

21 If no successor Unit Operator is selected and qualified as herein  
22 provided, the Director may declare this unit agreement terminated.

23 7. ACCOUNTING PROVISIONS AND UNIT OPERATING AGREEMENT. If the  
24 Unit Operator is not the sole owner of working interest, costs and  
25 expenses incurred by Unit Operator in conducting unit operations here-  
26 under shall be paid and apportioned among and borne by the owners of  
27 working interests, all in accordance with the agreement or agreements  
28 entered into by and between the Unit Operator and the owners of working  
29 interests, whether one or more, separately or collectively. Any agree-  
30 ment or agreements entered into between the working interest owners and  
31 the Unit Operator as provided in this section, whether one or more, are  
32 herein referred to as the "unit operating agreement". Such unit operat-  
33 ing agreement shall also provide the manner in which the working interest  
34 owners shall be entitled to receive their respective proportionate and  
35 allocated share of the benefits accruing hereto in conformity with their  
36 underlying operating agreements, leases or other independent contracts,

1 and such other rights and obligations as between Unit Operator and the  
2 working interest owners as may be agreed upon by Unit Operator and the  
3 working interest owners; however, no such unit operating agreement shall  
4 be deemed either to modify any of the terms and conditions of this unit  
5 agreement or to relieve the Unit Operator of any right or obligation  
6 established under this unit agreement, and in case of any inconsistency  
7 or conflict between this unit agreement and the unit operating agreement,  
8 this unit agreement shall govern. Three true copies of any unit operating  
9 agreement executed pursuant to this section should be filed with the  
10 Deputy prior to approval of this unit agreement.

11 8. RIGHTS AND OBLIGATIONS OF UNIT OPERATOR. Except as otherwise  
12 specifically provided herein, the exclusive right, privilege, and duty  
13 of exercising any and all rights of the parties hereto which are neces-  
14 sary or convenient for prospecting for, producing, storing, allocating,  
15 and distributing the unitized substances are hereby delegated to and  
16 shall be exercised by the Unit Operator as herein provided. Acceptable  
17 evidence of title to said rights shall be deposited with said Unit  
18 Operator and, together with this agreement, shall constitute and define  
19 the rights, privileges, and obligations of Unit Operator. Nothing  
20 herein, however, shall be construed to transfer title to any land or to  
21 any lease or operating agreement, it being understood that under this  
22 agreement the Unit Operator, in its capacity as Unit Operator, shall  
23 exercise the rights of possession and use vested in the parties hereto  
24 only for the purposes herein specified.

25 9. DRILLING TO DISCOVERY. Within 6 months after the effective  
26 date hereof, the Unit Operator shall begin to drill an adequate test  
27 well at a location approved by the Deputy, unless on such effective date  
28 a well is being drilled conformably with the terms hereof, and thereafter  
29 continue such drilling diligently until the Devonian formation has been  
30 tested or until at a lesser depth unitized substances shall be discovered  
31 which can be produced in paying quantities (to-wit: quantities sufficient  
32 to repay the costs of drilling, completing, and producing operations,  
33 with a reasonable profit) or the Unit Operator shall at any time establish  
34 to the satisfaction of the Deputy that further drilling of said well  
35 would be unwarranted or impracticable, provided, however, that Unit  
36 Operator shall not in any event be required to drill said well to a

1 depth in excess of 15,100 feet. Until the discovery of a deposit of  
2 unitized substances capable of being produced in paying quantities, the  
3 Unit Operator shall continue drilling one well at a time, allowing not  
4 more than 6 months between the completion of one well and the beginning  
5 of the next well, until a well capable of producing unitized substances  
6 in paying quantities is completed to the satisfaction of said Deputy, or  
7 until it is reasonably proved that the unitized land is incapable of  
8 producing unitized substances in paying quantities in the formations  
9 drilled hereunder. Nothing in this section shall be deemed to limit the  
10 right of the Unit Operator to resign as provided in Section 5 hereof, or  
11 as requiring Unit Operator to commence or continue any drilling during  
12 the period pending such resignation becoming effective in order to  
13 comply with the requirements of this section. The Deputy may modify the  
14 drilling requirements of this section by granting reasonable extensions  
15 of time when, in his opinion, such action is warranted. Upon failure to  
16 commence any well provided for in this section within the time allowed,  
17 including any extension of time granted by the Deputy, this agreement  
18 will automatically terminate; upon failure to continue drilling dili-  
19 gently any well commenced hereunder, the Deputy may, after 15 days  
20 notice to the Unit Operator, declare this unit agreement terminated.

21 10. PLAN OF FURTHER DEVELOPMENT AND OPERATION. Within 6 months  
22 after completion of a well capable of producing unitized substances in  
23 paying quantities, the Unit Operator shall submit for the approval of  
24 the Deputy an acceptable plan of development and operation for the  
25 unitized land which, when approved by the Deputy, shall constitute the  
26 further drilling and operating obligations of the Unit Operator under  
27 this agreement for the period specified therein. Thereafter, from time  
28 to time before the expiration of any existing plan, the Unit Operator  
29 shall submit for the approval of the Deputy a plan for an additional  
30 specified period for the development and operation of the unitized land.

31 Any plan submitted pursuant to this section shall provide for the  
32 exploration of the Unitized area and for the diligent drilling necessary  
33 for determination of the area or areas thereof capable of producing  
34 unitized substances in paying quantities in each and every productive

1 formation and shall be as complete and adequate as the Deputy may deter-  
2 mine to be necessary for timely development and proper conservation of  
3 the oil and gas resources of the unitized area and shall:

4 a) specify the number and locations of any wells to be  
5 drilled and the proposed order and time for such drilling; and

6 b) to the extent practicable, specify the operating prac-  
7 tices regarded as necessary and advisable for proper conservation  
8 of natural resources.

9 Separate plans may be submitted for separate productive zones, subject  
10 to the approval of the Deputy.

11 Plans shall be modified or supplemented when necessary to meet  
12 changed conditions or to protect the interests of all parties to this  
13 agreement. Reasonable diligence shall be exercised in complying with  
14 the obligations of the approved plan of development. The Deputy is  
15 authorized to grant a reasonable extension of the 6-month period herein  
16 prescribed for submission of an initial plan of development where such  
17 action is justified because of unusual conditions or circumstances.

18 After completion hereunder of a well capable of producing any unitized  
19 substances in paying quantities, no further wells, except such as may be  
20 necessary to afford protection against operations not under this agree-  
21 ment and such as may be specifically approved by the Deputy, shall be  
22 drilled except in accordance with a plan of development approved as  
23 herein provided.

24 11. PARTICIPATION AFTER DISCOVERY. Upon completion of a well  
25 capable of producing unitized substances in paying quantities or as soon  
26 thereafter as required by the Deputy, the Unit Operator shall submit for  
27 approval by the Deputy a schedule, based on subdivisions of the public  
28 land survey or aliquot parts thereof, of all land then regarded as  
29 reasonably proved to be productive in paying quantities; all lands in  
30 said schedule on approval of the Deputy to constitute a participating  
31 area, effective as of the date of completion of such well or the effec-  
32 tive date of this unit agreement, whichever is later. The acreages of  
33 both Federal and non-Federal lands shall be based upon appropriate  
34 computations from the courses and distances shown on the last approved  
35 public land survey as of the effective date of each initial participating

1 area. Said schedule shall also set forth the percentage of unitized  
2 substances to be allocated as herein provided to each tract in the  
3 participating area so established, and shall govern the allocation of  
4 production commencing with the effective date of the participating area.  
5 A separate participating area shall be established for each separate  
6 pool or deposit of unitized substances or for any group thereof which is  
7 produced as a single pool or zone, and any two or more participating  
8 areas so established may be combined into one, on approval of the Deputy.  
9 When production from two or more participating areas, so established, is  
10 subsequently found to be from a common pool or deposit said participating  
11 areas shall be combined into one effective as of such appropriate date  
12 as may be approved or prescribed by the Deputy. The participating area  
13 or areas so established shall be revised from time to time, subject to  
14 like approval, to include additional land then regarded as reasonably  
15 proved to be productive in paying quantities or necessary for unit  
16 operations, or to exclude land then regarded as reasonably proved not to  
17 be productive in paying quantities and the schedule of allocation percen-  
18 tages shall be revised accordingly. The effective date of any revision  
19 shall be the first day of the month in which is obtained the knowledge  
20 or information on which such revision is predicated, provided, however,  
21 that a more appropriate effective date may be used if justified by the  
22 Unit Operator and approved by the Deputy. No land shall be excluded  
23 from a participating area on account of depletion of the unitized  
24 substances, except that any participating area established under the  
25 provisions of this unit agreement shall terminate automatically whenever  
26 all completions in the formation on which the participating area is  
27 based are abandoned.

28 It is the intent of this section that a participating area shall  
29 represent the area known or reasonably estimated to be productive in  
30 paying quantities, but, regardless of any revision of the participating  
31 area, nothing herein contained shall be construed as requiring any  
32 retroactive adjustment for production obtained prior to the effective  
33 date of the revision of the participating area.

34 In the absence of agreement at any time between the Unit Operator  
35 and the Deputy as to the proper definition or redefinition of a  
36 participating area, or until a participating area has, or areas have,

1 been established as provided herein, the portion of all payments  
2 affected thereby shall be impounded in a manner mutually acceptable to  
3 the owners of working interests and the Deputy. Royalties due the  
4 United States shall be determined by the Deputy and the amount thereof  
5 shall be deposited, as directed by the Deputy, to be held as unearned  
6 money until a participating area is finally approved and then applied as  
7 earned or returned in accordance with a determination of the sum due as  
8 Federal royalty on the basis of such approved participating area.

9 Whenever, it is determined, subject to the approval of the Deputy,  
10 that a well drilled under this agreement is not capable of production in  
11 paying quantities and inclusion of the land on which it is situated in a  
12 participating area is unwarranted, production from such well shall, for  
13 the purposes of settlement among all parties other than working interest  
14 owners, be allocated to the land on which the well is located unless  
15 such land is already within the participating area established for the  
16 pool or deposit from which such production is obtained. Settlement for  
17 working interest benefits from such a well shall be made as provided in  
18 the unit operating agreement.

19 12. ALLOCATION OF PRODUCTION. All unitized substances produced  
20 from each participating area established under this agreement, except  
21 any part thereof used in conformity with good operating practices within  
22 the unitized area for dilling, operating, camp and other production or  
23 development purposes, for repressuring or recycling in accordance with a  
24 plan of development approved by the Deputy, or unavoidably lost, shall  
25 be deemed to be produced equally on an acreage basis from the several  
26 tracts of unitized land of the participating area established for such  
27 production and, for the purpose of determining any benefits accruing  
28 under this agreement, each such tract of unitized land shall have  
29 allocated to it such percentage of said production as the number of  
30 acres of such tract included in said participating area bears to the  
31 total acres of unitized land in said participating area, except that  
32 allocation of production hereunder for purposes other than for settle-  
33 ment of the royalty, overriding royalty, or payment out of production  
34 obligations of the respective working interest owners, shall be on the  
35 basis prescribed in the unit operating agreement whether in conformity  
36 with the basis of allocation herein set forth or otherwise. It is

1 hereby agreed that production of unitized substances from a partici-  
2 pating area shall be allocated as provided herein regardless of whether  
3 any wells are drilled on any particular part or tract of said partici-  
4 pating area. If any gas produced from one participating area is used  
5 for repressuring or recycling purposes in another participating area,  
6 the first gas withdrawn from such last mentioned participating area for  
7 sale during the life of this agreement shall be considered to be the gas  
8 so transferred until an amount equal to that transferred shall be so  
9 produced for sale and such gas shall be allocated to the participating  
10 area from which initially produced as such area was last defined at the  
11 time of such final production.

12 13. DEVELOPMENT OR OPERATION OF NON-PARTICIPATING LAND OR FORMATION.

13 Any party hereto owning or controlling the working interest in any  
14 unitized land having thereon a regular well location may with the approval  
15 of the Deputy as to Federal land at such party's sole risk, cost and  
16 expense, drill a well to test any formation for which a participating  
17 area has not been established or to test any formation for which a  
18 participating area has been established if such location is not within  
19 said participating area, unless within 90 days of receipt of notice from  
20 said party of his intention to drill the well the Unit Operator elects  
21 and commences to drill such a well in like manner as other wells are  
22 drilled by the Unit Operator under this agreement.

23 If any well drilled as aforesaid by a working interest owner results  
24 in production such that the land upon which it is situated may properly  
25 be included in a participating area, such participating area shall be  
26 established or enlarged as provided in this agreement and the well shall  
27 thereafter be operated by the Unit Operator in accordance with the terms  
28 of this agreement and the unit operating agreement.

29 If any well drilled as aforesaid by a working interest owner obtains  
30 production in quantities insufficient to justify the inclusion of the  
31 land upon which such well is situated in a participating area, such well  
32 may be operated and produced by the party drilling the same subject to  
33 the conservation requirements of this agreement. The royalties in  
34 amount or value of production from any such well shall be paid as speci-  
35 fied in the underlying lease and agreement affected.

1           14. ROYALTY SETTLEMENT. The United States and any State and any  
2 royalty owner who is entitled to take in kind a share of the substances  
3 now unitized hereunder shall hereafter be entitled to the right to take  
4 in kind its share of the unitized substances, and the Unit Operator, or  
5 the working interest owner in case of the operation of a well by a  
6 working interest owner as herein provided for in special cases, shall  
7 make deliveries of such royalty share taken in kind in conformity with  
8 the applicable contracts, laws and regulations. Settlement for royalty  
9 interest not taken in kind shall be made by working interest owners  
10 responsible therefore under existing contracts, laws and regulations, or  
11 by the Unit Operator, on or before the last day of each month for unitized  
12 substances produced during the preceding calendar month; provided,  
13 however, that nothing herein contained shall operate to relieve the  
14 lessees of any land from their respective lease obligations for the  
15 payment of any royalties due under their leases.

16           If gas obtained from lands not subject to this agreement is intro-  
17 duced into any participating area hereunder, for use in repressuring,  
18 stimulation of production, or increasing ultimate recovery, in conform-  
19 ity with a plan of operations approved by the Deputy, a like amount of  
20 gas, after settlement as herein provided for any gas transferred from  
21 any other participating area and with appropriate deduction for loss  
22 from any cause, may be withdrawn from the formation in which the gas is  
23 introduced, royalty free as to dry gas, but not as to any products which  
24 may be extracted therefrom; provided that such withdrawal shall be at  
25 such time as may be provided in the approval plan of operations or as  
26 may otherwise be consented to by the Deputy as conforming to good  
27 petroleum engineering practice; and provided further, that such right of  
28 withdrawal shall terminate on the termination of this unit agreement.

29           Royalty due the United States shall be computed as provided in the  
30 operating regulations and paid in value or delivered in kind as to all  
31 unitized substances on the basis of the amounts thereof allocated to  
32 unitized Federal land as provided herein at the rate specified in the  
33 respective Federal leases, or at such lower rate or rates as may be  
34 authorized by law or regulation; provided, that for leases on which the  
35 royalty rate depends on the daily average production per well, said

1 average production shall be determined in accordance with the operating  
2 regulations as though each participating area were a single consolidated  
3 lease.

4 15. RENTAL SETTLEMENT. Rental or minimum royalties due on leases  
5 committed hereto shall be paid by working interest owners responsible  
6 therefor under existing contracts, laws and regulations, provided that  
7 nothing herein contained shall operate to relieve the lessees of any  
8 land from their respective lease obligations for the payment of any  
9 rental or minimum royalty due under their leases. Rental or minimum  
10 royalty for lands of the United States subject to this agreement shall  
11 be paid at the rate specified in the respective leases from the United  
12 States unless such rental or minimum royalty is waived, suspended or  
13 reduced by law or by approval of the Secretary or his duly authorized  
14 representative.

15 16. CONSERVATION. Operations hereunder and production of unitized  
16 substances shall be conducted to provide for the most economical and  
17 efficient recovery of said substances without waste, as defined by or  
18 pursuant to State or Federal laws or regulations.

19 17. DRAINAGE. The Unit Operator shall take such measures as the  
20 Deputy deems appropriate and adequate to prevent drainage of unitized  
21 substances from unitized land by wells on land not subject to this  
22 agreement.

23 18. LEASES AND CONTRACTS CONFORMED AND EXTENDED. The terms,  
24 conditions and provisions of all leases, subleases and other contracts  
25 relating to exploration, drilling, development or operations for oil or  
26 gas on lands committed to this agreement are hereby expressly modified  
27 and amended to the extent necessary to make the same conform to the  
28 provision hereof, but otherwise to remain in full force and effect; and  
29 the parties hereto hereby consent that the Secretary shall by his approval  
30 hereof, or by the approval hereof by his duly authorized representative,  
31 does hereby establish, alter, change or revoke the drilling, producing,  
32 rental, minimum royalty and royalty requirements of Federal leases committed  
33 hereto and the regulations in respect thereto to conform said requirements  
34 to the provisions of this agreement, and, without limiting the generality  
35 of the foregoing, all leases, subleases, and contracts are particularly  
36 modified in accordance with the following:

1           a) The development and operation of lands subject to this  
2 agreement under the terms hereof shall be deemed full performance  
3 of all obligations for development and operation with respect to  
4 each and every separately owned tract subject to this agreement,  
5 regardless of whether there is any development of any particular  
6 tract of the unit area.

7           b) Drilling and producing operations performed hereunder  
8 upon any tract of unitized land will be accepted and deemed to be  
9 performed upon and for the benefit of each and every tract of  
10 unitized land, and no lease shall be deemed to expire by reason of  
11 failure to drill or produce wells situated on the land therein  
12 embraced.

13           c) Suspension of drilling or producing operations on all  
14 unitized lands pursuant to direction or consent of the Secretary or  
15 his duly authorized representatives shall be deemed to constitute  
16 such suspension pursuant to such direction or consent as to each  
17 and every tract of unitized land. A suspension of drilling or  
18 producing operations limited to specified lands shall be applicable  
19 only to such lands.

20           d) Each lease, sublease or contract relating to the explora-  
21 tion, drilling, development or operation for oil or gas of lands  
22 other than those of the United States committed to this agreement,  
23 which, by its terms might expire prior to the termination of this  
24 agreement, is hereby extended beyond any such term so provided  
25 therein so that it shall be continued in full force and effect for  
26 and during the term of this agreement.

27           e) Any Federal lease for a fixed term of twenty (20) years  
28 or any renewal thereof or any part of such lease which is made  
29 subject to this agreement shall continue in force beyond the term  
30 provided therein until the termination hereof. Any other Federal  
31 lease committed hereto shall continue in force beyond the term so  
32 provided therein or by law as to the land committed so long as such  
33 lease remains subject hereto, provided that production is had in  
34 paying quantities under this unit agreement prior to the expiration  
35 date of the term of such lease, or in the event actual drilling  
36 operations are commenced on unitized lands, in accordance with the

1 provisions of this agreement, prior to the end of the primary term  
2 of such lease and are being diligently prosecuted at that time,  
3 such lease shall be extended for two years and so long thereafter  
4 as oil or gas is produced in paying quantities in accordance with  
5 the provisions of the Mineral Leasing Act Revision of 1960.

6 f) Each sublease or contract relating to the operation and  
7 development of unitized substances from lands of the United States  
8 committed to this agreement, which by its terms would expire prior  
9 to the time at which the underlying lease, as extended by the  
10 immediately preceding paragraph, will expire, is hereby extended  
11 beyond any such term so provided therein so that it shall be con-  
12 tinued in full force and effect for and during the term of the  
13 underlying lease as such term is herein extended.

14 g) The segregation of any Federal lease committed to this  
15 agreement is governed by the following provisions in the fourth  
16 paragraph of Sec. 17(j) of the Mineral Leasing Act, as amended by  
17 the Act of September 2, 1960 (74 Stat. 781-784): "Any (Federal)  
18 lease heretofore or hereafter committed to any such (unit) plan  
19 embracing lands that are in part within and in part outside of the  
20 area covered by any such plan shall be segregated into separate  
21 leases as to the lands committed and the lands not committed as of  
22 the effective date of unitization: Provided, however, That any  
23 such lease as to the nonunitized portion shall continue in force  
24 and effect for the term thereof but for not less than two years  
25 from the date of such segregation and so long thereafter as oil or  
26 gas is produced in paying quantities."

27 h) Any lease, other than a federal lease, having only a  
28 portion of its lands committed hereto shall be segregated as to the  
29 portion committed and the portion not committed, and the provisions  
30 of such lease shall apply separately to such segregated portions  
31 commencing as of the effective date hereof. In the event any such  
32 lease provides for a lump sum rental payment, such payment shall be  
33 prorated between the portions so segregated in proportion to the  
34 acreage of the respective tracts.

1           19. COVENANTS RUN WITH LAND. The covenants herein shall be con-  
2           strued to be covenants running with the land with respect to the interest  
3           of the parties hereto and their successors in interest until this agree-  
4           ment terminates, and any grant, transfer, or conveyance of interest in  
5           land or leases subject hereto shall be and hereby is conditioned upon  
6           the assumption of all privileges and obligations hereunder by the grantee,  
7           transferee or other successor in interest. No assignment or transfer of  
8           any working interest, royalty, or other interest subject hereto shall be  
9           binding upon Unit Operator until the first day of the calendar month  
10          after Unit Operator is furnished with the original, photostatic, or  
11          certified copy of the instrument of transfer.

12          20. EFFECTIVE DATE AND TERM. This agreement shall become effective  
13          upon approval by the Secretary, or his duly authorized representative  
14          and shall terminate five (5) years from said effective date unless:

- 15               a) such date of expiration is extended by the Director, or  
16               b) it is reasonably determined prior to the expiration of  
17          the fixed term or any extension thereof that the unitized land is  
18          incapable of production of unitized substances in paying quantities  
19          in the formations tested hereunder and after notice of intention to  
20          terminate the agreement on such ground is given by the Unit Operator  
21          to all parties in interest at their last known addresses, the  
22          agreement is terminated with the approval of the Deputy, or  
23               c) a valuable discovery of unitized substances has been made  
24          or accepted on unitized land during said initial term or any exten-  
25          sion thereof, in which event the agreement shall remain in effect  
26          for such term and so long as unitized substances can be produced in  
27          quantities sufficient to pay for the cost of producing same from  
28          wells on unitized land within any participating area established  
29          hereunder and, should production cease, so long thereafter as  
30          diligent operations are in progress for the restoration of produc-  
31          tion or discovery of new production and so long thereafter as  
32          unitized substances so discovered can be produced as aforesaid, or  
33               d) it is terminated as heretofore provided in this agreement.

34          This agreement may be terminated at any time by not less than 75  
35          per centum, on an acreage basis, of the working interest owners

1 signatory hereto, with the approval of the Deputy; notice of any  
2 such approval to be given by the Unit Operator to all parties  
3 hereto.

4 21. RATE OF PROSPECTING, DEVELOPMENT AND PRODUCTION. The Director  
5 is hereby vested with authority to alter or modify from time to time in  
6 his discretion the quantity and rate of production under this agreement  
7 when such quantity and rate is not fixed pursuant to Federal or State  
8 law or does not conform to any statewide voluntary conservation or  
9 allocation program, which is established, recognized and generally  
10 adhered to by the majority of operators in such State, such authority  
11 being hereby limited to alteration or modification in the public inter-  
12 est, the purpose thereof and the public interest to be served thereby to  
13 be stated in the order of alteration or modification. Without regard to  
14 the foregoing, the Director is also hereby vested with authority to  
15 alter or modify from time to time in his discretion the rate of pros-  
16 pecting and development and the quantity and rate of production under  
17 this agreement when such alteration or modification is in the interest  
18 of attaining the conservation objectives stated in this agreement and is  
19 not in violation of any applicable Federal or State law.

20 Powers in this section vested in the Director shall only be exer-  
21 cised after notice to Unit Operator and opportunity for hearing to be  
22 held not less than 15 days from notice.

23 22. APPEARANCES. Unit Operator shall, after notice to other  
24 parties affected, have the right to appear for and on behalf of any and  
25 all interests affected hereby before the Department of the Interior and  
26 to appeal from orders issued under the regulations of said Department or  
27 to apply for relief from any of said regulations or in any proceedings  
28 relative to operations before the Department of the Interior, or any  
29 other legally constituted authority; provided, however, that any other  
30 interested party shall also have the right at his own expense to be  
31 heard in any such proceeding.

32 23. NOTICES. All notices, demands or statements required here-  
33 under to be given or rendered to the parties hereto shall be deemed  
34 fully given if given in writing and personally delivered to the party or  
35 sent by postpaid registered or certified mail, addressed to such party

1 or parties at their respective addresses set forth in connection with  
2 the signatures hereto or to the ratification or consent hereof or to  
3 such other address as any such party may have furnished in writing to  
4 party sending the notice, demand or statement.

5 24. NO WAIVER OF CERTAIN RIGHTS. Nothing in this agreement con-  
6 tained shall be construed as a waiver by any party hereto of the right  
7 to assert any legal or constitutional right or defense as to the validity  
8 or invalidity of any law of the State wherein said unitized lands are  
9 located, or of the United States, or regulations issued thereunder in  
10 any way affecting such party, or as a waiver by any such party of any  
11 right beyond his or its authority to waive.

12 25. UNAVOIDABLE DELAY. All obligations under this agreement  
13 requiring the Unit Operator to commence or continue drilling or to  
14 operate on or produce unitized substances from any of the lands covered  
15 by this agreement shall be suspended while the Unit Operator, despite  
16 the exercise of due care and diligence, is prevented from complying with  
17 such obligations, in whole or in part, by strikes, acts of God, Federal,  
18 State or municipal law or agencies, unavoidable accidents, uncontrollable  
19 delays in transportation, inability to obtain necessary materials in  
20 open market, or other matters beyond the reasonable control of the Unit  
21 Operator whether similar to matters herein enumerated or not. No unit  
22 obligation which is suspended under this section shall become due less  
23 than thirty (30) days after it has been determined that the suspension  
24 is no longer applicable. Determination of creditable "Unavoidable  
25 Delay" time shall be made by the Unit Operator subject to approval of  
26 the Deputy.

27 26. NONDISCRIMINATION. In connection with the performance of work  
28 under this agreement, the operator agrees to comply with all of the  
29 provisions of Section 202 (1) to (7) inclusive of Executive Order 11246  
30 (30 F. R. 12319), as amended, which are hereby incorporated by reference  
31 in this agreement.

32 27. LOSS OF TITLE. In the event title to any tract of unitized  
33 land shall fail and the true owner cannot be induced to join in this  
34 unit agreement, such tract shall be automatically regarded as not com-  
35 mitted hereto and there shall be such readjustment of future costs and  
36 benefits as may be required on account of the loss of such title. In

1 the event of a dispute as to title to any royalty, working interest or  
2 other interests subject thereto, payment or delivery on account thereof  
3 may be withheld without liability for interest until the dispute is  
4 finally settled; provided, that, as to Federal land or leases, no pay-  
5 ments of funds due the United States should be withheld, but such funds  
6 shall be deposited as directed by the Deputy to be held as unearned  
7 money pending final settlement of the title dispute, and then applied as  
8 earned or returned in accordance with such final settlement.

9 Unit Operator as such is relieved from any responsibility for any  
10 defect or failure of any title hereunder.

11 28. NON-JOINDER AND SUBSEQUENT JOINDER. If the owner of any  
12 substantial interest in a tract within the unit area fails or refuses to  
13 subscribe or consent to this agreement, the owner of the working inter-  
14 est in that tract may withdraw said tract from this agreement by written  
15 notice delivered to the Deputy and the Unit Operator prior to the approval  
16 of this agreement by the Deputy. Any oil or gas interests in lands  
17 within the unit area not committed hereto prior to submission of this  
18 agreement for final approval may thereafter be committed hereto by the  
19 owner or owners thereof subscribing or consenting to this agreement,  
20 and, if the interest is a working interest, by the owner of such interest  
21 also subscribing to the unit operating agreement. After operations are  
22 commenced hereunder, the right of subsequent joinder, as provided in this  
23 section, by a working interest owner is subject to such requirements or  
24 approvals, if any, pertaining to such joinder, as may be provided for in  
25 the unit operating agreement. After final approval hereof, joinder by a  
26 non-working interest owner must be consented to in writing by the working  
27 interest owner committed hereto and responsible for the payment of any  
28 benefits that may accrue hereunder in behalf of such non-working interest.  
29 A non-working interest may not be committed to this unit agreement unless  
30 the corresponding working interest is committed hereto. Joinder to the  
31 unit agreement by a working interest owner, at any time, must be accom-  
32 panied by appropriate joinder to the unit operating agreement, if more  
33 than one committed working interest owner is involved, in order for the  
34 interest to be regarded as committed to this unit agreement. Except as  
35 may otherwise herein be provided, subsequent joinders to this agreement  
36 shall be effective as of the first day of the month following the filing

1 with the Deputy of duly executed counterparts of all or any papers  
2 necessary to establish effective commitment of any tract to this agree-  
3 ment unless objection to such joinder is duly made within 60 days by the  
4 Deputy.

5 29. COUNTERPARTS. This agreement may be executed in any number of  
6 counterparts no one of which needs to be executed by all parties or may  
7 be ratified or consented to by separate instrument in writing specifically  
8 referring hereto and shall be binding upon all those parties who have  
9 executed such a counterpart, ratification, or consent hereto with the  
10 same force and effect as if all such parties had signed the same document  
11 and regardless of whether or not it is executed by all other parties  
12 owning or claiming an interest in the lands within the above described  
13 unit area.

14 30. NO PARTNERSHIP. It is expressly agreed that the relation of  
15 the parties hereto is that of independent contractors and nothing in  
16 this agreement contained, expressed or implied, nor any operations  
17 conducted hereunder, shall create or be deemed to have created a part-  
18 nership or association between the parties hereto or any of them.

1 IN WITNESS WHEREOF, the parties hereto have caused this agreement  
2 to be executed and have set opposite their respective names the date of  
3 execution.
