WHEREFORE, applicant prays that this application be set for hearing on November 18, 1987, before a duly appointed Examiner of the Oil Conservation Division, and that after notice and hearing as required by law, the Division enter its order pooling the lands, including provisions for applicant to recover his costs of drilling, equipping and completing the well, his cost of supervision while drilling and after completion, including overhead charges, imposing a risk factor for the risk assumed by the applicant in drilling, completing and equipping the well, and making such other and further provisions as may be proper in the premises.

RESPECTFULLY SUBMITTED,
