Re: Application of OXY USA Inc. for Compulsory Pooling,
Lea County, New Mexico

Dear Ms Jackson:

This letter is to advise you that OXY USA Inc. has filed the enclosed application with the New Mexico Oil Conservation Division seeking the force pooling of all mineral interests in two units in the Wolfcamp and Bone Springs formations and any and all other formations and/or pools developed on 40-acre spacing, in and under the SE/4 SE/4 and NE/4 SE/4 of Section 29, Township 19 South, Range 36 East, N.M.P.M., Lea County, New Mexico. OXY proposes to dedicate the referenced pooled units to wells which will be located at standard locations.

This application has been set for hearing before a Division Examiner on October 26, 1988. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging this application at a later date.

Very truly yours,

WILLIAM F. CARR
