Re: Sharpshooter Leases #1, 2 & 3
Lea County, New Mexico

Dear Robert:

Pursuant to our phone conversation of May 11, Conoco, as gas purchaser, has no problem with collecting the gas volumes produced from these wells at a central delivery point. It is my understanding that Conoco will measure all volumes at one central point and Santa Fe will be responsible for suballocation.

If you need any further correspondence, feel free to call.

Sincerely,

David A. Nicks
