Case 10967

Attn: Mr. William J. LeMay
Director

Gentlemen:

Chevron U.S.A. Inc. respectfully requests administrative approval for an unorthodox gas well location on the Rollon Brunson Well No. 6 and simultaneous dedication with the Rollon Brunson Well No 4.

Well No. 4 is dedicated to an existing non-standard gas proration unit, approved by Administrative Order NSP-995 dated May 9, 1975. The current unit is 80 acres, which consists of the W/2 NE/4 Section 10, T22S, R37E. Well # 4 is located 2086' FNL and 1874' FEL (Unit G) of Section 10, T22S, R37E and Well No. 6 is located 536' FNL and 2104' FEL (Unit B) of Section 10, T22S, R37E.

Well No. 6 was originally completed as a Drinkard producer in 1949. This well was subsequently completed in the San Andres in 1972 and then completed as a Tubb-Drinkard dual in 1977. The closest Blinbry Well is J. H. Hendrix's Brunson No. 5, located in Section 3, T22S, R37E, approximately 1090' north.

Attached is a plat outlining the proration unit with the location of wells 4 and 6, and a map showing the offset properties and wells.

Chevron U.S.A. Inc. has mailed, by certified mail, a copy of this application to the offset Operators.

In view of the facts submitted, Chevron U.S.A. Inc. requests that administrative approval of this request be granted. If additional information is required, please contact me at (915) 687-7152.

Sincerely,

Lloyd V. Trautman
Sr. Petroleum Engineer

WELL LOCATION AND ACREAGE DEDICATION PLAT
All Distances must be from the outer boundaries of the section

Operator Chevron USA Inc			Lease Rollon Brunson		Well No. 6
U.S. Letter B	Section 10	Township 22S	Range 37E	County Lea	
Actual Footage Location of Well:					
536 feet from the North line and		2104' feet from the East line			
Ground level Elev. 3394	Producing Formation Blinebry	Pool Blinebry Oil & Gas		Dedicated Acreage: 80 Acres	

1. Outline the acreage dedicated to the subject well by colored pencil or ballpoint marker on the plat below.

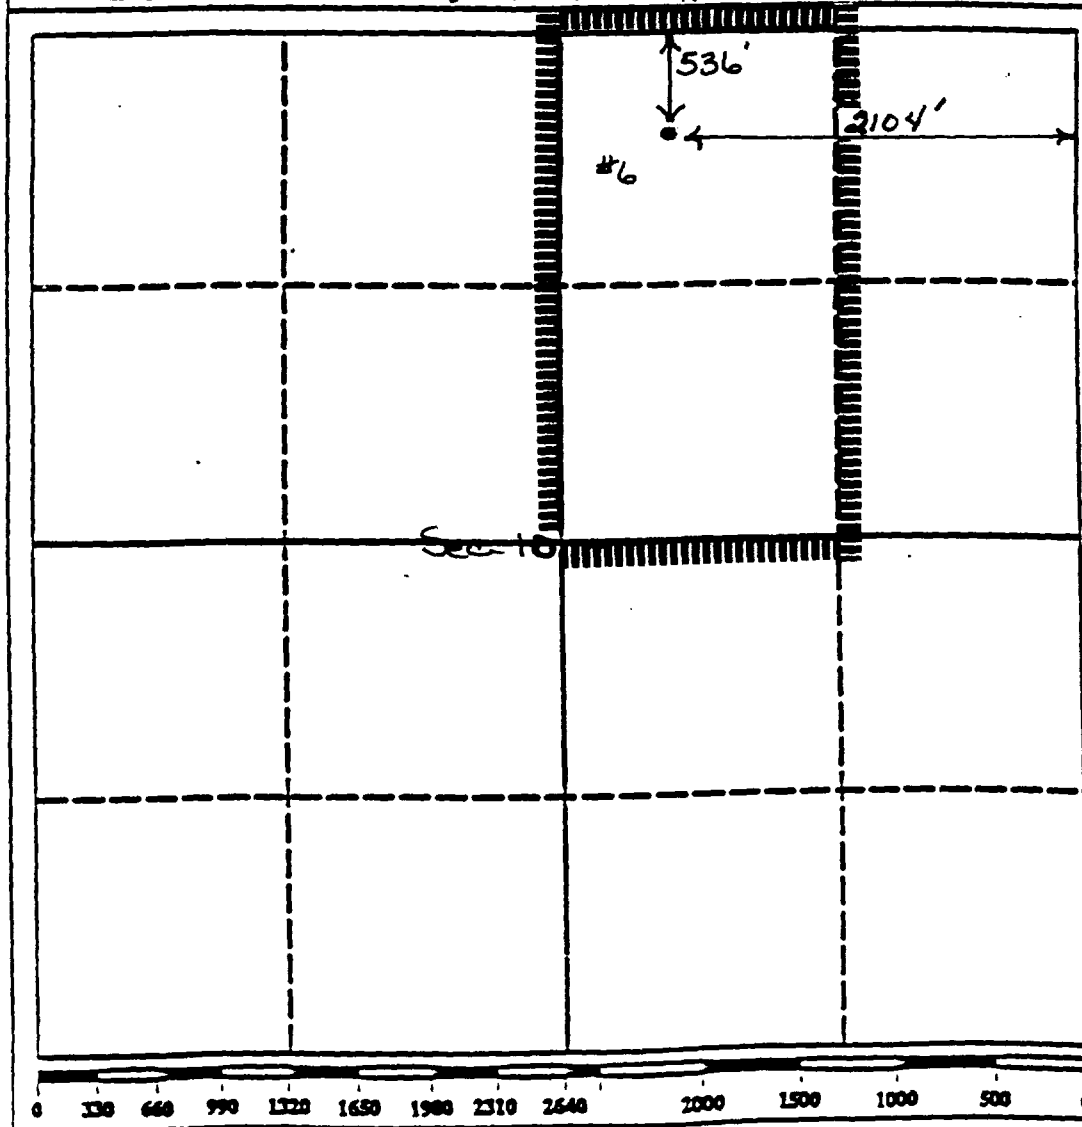

2. If more than one lease is dedicated to the well, outline each and identify the ownership thereof (both as to working interest and royalty).

3. If more than one lease of different ownership is dedicated to the well, have the interest of all owners been consolidated by communitization, unitization, forced-pooling, etc.?

☐ Yes ☐ No If answer is "yes" type of consolidation

If answer is "no" list the owners and tract descriptions which have actually been consolidated. (Use reverse side of this form if necessary).

No allowable will be assigned to the well until all interests have been consolidated (by communitization, unitization, forced-pooling, or otherwise) or until a non-standard unit, eliminating such interest, has been approved by the Division.

(Offset Operator Address)

Gentlemen:

Attached is a copy of Chevron's administrative application for an unorthodox gas well location for the Rollon Brunson well # 6 and simultaneous dedication with the Rollon Brunson well # 4.

Chevron has proposed a recompletion into the Blnebry Oil and Gas Pool as a gas producer. It is our intention to simultaneously dedicate the production from the Rollon Brunson #4 and # 6 wells to the existing 80 acre proration unit.

If additional information is required, please contact me at (915) 687-7152.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lloyd V. Trautman".
