in the State of Texas with its principal office at 9451 IBJ Freeway  
Ste 210 in the city of Dallas, State of Texas 75243

the Oil Conservation Division of the State of New Mexico (or its successor agency) in  
the sum of \$5,000.00 (FIVE THOUSAND DOLLARS), lawful money of  
the United States.

THE CONDITIONS OF THIS OBLIGATION ARE SUCH THAT:

The above applicant/operator desires to drill a well or purchase or operate an  
existing well, the depth of which does not exceed 5,000 feet, to  
prospect for and produce oil, gas, or carbon dioxide resources on land owned by  
private individuals or the State of New Mexico, the particular identification and  
footage location of said well being as follows: 2000 ft FWL & 610 ft FSL  
in Section 11, Township  
27 N, Range 1 E, NMPM, Rio Arriba County, New Mexico.

The applicant has deposited on behalf of the Division \$5,000.00, in the manner  
indicated on the attachment to this bond being the principal sum intended to be  
secured. Applicant pledges this sum as a guarantee that it, its executors, assigns,  
heirs or administrators shall plug the well described above if dry, or when abandoned,  
in accordance with the rules and orders of the Oil Conservation Division of the State  
of New Mexico in such way as to confine the oil, gas, and water in the strata in which  
they are found, and to prevent same from escaping to other strata. If the applicant  
does not so properly plug and abandon said well upon order of the Division, the total  
sum of the bond shall be forfeited to the Division, and such amount as is necessary  
may be used to properly plug said well. If the principal sum of this bond is less  
than the actual cost incurred by the Division in plugging said well, the applicant,  
its successors, assigns, heirs or administrators shall be liable under the provisions  
of Section 70-2-38 NMSA (1978) of the Oil and Gas Act, and the Division may take  
action, including the filing of legal proceedings, to recover any amounts expended  
over and above the principal sum of the bond.

NOW THEREFORE, if the above applicant or its successors, assigns, heirs, or  
administrators or any of them shall plug the above-described well when dry or  
abandoned, in accordance with the rules, regulations, and orders of the Division, in  
such a manner as to confine the oil, gas, and water in the strata in which they  
naturally occur, and to prevent them from escaping into other strata, and further to  
clean up the surface location of said well, then therefore, this obligation shall be  
null and void and the principal sum shall be paid to the applicant, or its successors,  
heirs, or administrator, otherwise it shall remain in full force and effect.

Dear Mr. Carroll:

Pursuant to my conversations with you and your assistant, Diane Richardson, our suspicions turned out to be correct and the CDs, along with the interest checks for the year, were escheated to the State of New Mexico in July, 1993.

I am enclosing the following documentation which will allow you to petition the State of New Mexico Taxation and Revenue Department for return of these funds:

- ♦ Remittance Report of Property Presumed Abandoned
- ♦ Cashier Checks evidencing payment of sums to the State
- ♦ Annual Report of Property Presumed Abandoned (Detail Sheet)
- ♦ Cashiers checks evidencing payment of matured CDs & interest

In view of the information we have provided to you, First Security Bank of New Mexico, f/k/a First National Bank in Albuquerque, will not be entering its appearance in these cases. If you should need further information or documentation, or have any additional questions that we may help you with, please let me know.

Very truly yours,
