CASE NO. 11449

APPLICATION FOR PLUGGING

1. Abbott Ventures, owned by Ralph Abbott, (hereinafter called "Operator") is the operator of the NE Hogback State of New Mexico #1 Well, located in Unit A of Section 16, Township 30 North, Range 16 West, San Juan County, New Mexico.

2. The subject well has not produced hydrocarbon substance or has otherwise been inactive for more than one year or is no longer usable for beneficial purposes and no permit for temporary abandonment has been requested by the Operator and approved by the Division.

3. By virtue of the failure to use the well for beneficial purposes or to have an approved current temporary abandonment permit, the subject well is presumed to have been abandoned and is required to be plugged.

4. By authority of Section 70-2-12 N.M.S.A. 1978, the Rules and Regulations of the

Division require wells which are inactive for more than one year or are no longer usable for beneficial purposes to be properly plugged.

5. Demand has been made upon the Operator to either place the subject well to beneficial use, obtain approval for temporary abandonment or properly plug and abandon the same and the Operator has failed to do so.

WHEREFORE, the Supervisor of District III of the Oil Conservation Division applies to the Director to enter an order:

1. Determining whether or not the NE Hogback State of New Mexico #1 well should be plugged in accordance with a Division-approved plugging program:

2. Upon determination that said well should be plugged directing Ralph Abbott as Operator to plug said well.

3. Further ordering that if operator fails to plug and abandon said well as ordered by the Director, that the Division be authorized:

a. to plug said well;

b. to recover from the Operator any costs of plugging.

4. For such other and further relief as the Division seems just and proper.
