RE: 2017 Plan of Development and Operation  
NORTHEAST KEMNITZ UNIT  
Lea County, NM

Dear Mr. Goodwin:

The New Mexico State Land Office has this date approved the referenced Plan of Development with the following condition(s):

- Provide a detailed explanation of the proposed unit expansion, including an evaluation of increased production from the expansion.

Your 2018 Plan of Development and Operation must address the above 2017 condition(s) and include:

- a summary of the status of the development of the unit area and the development contemplated for the current year;
- a listing of the status of all wells (both active and inactive) in the unit; and
- a map or photo that illustrates both current and planned infrastructure for the unit: well locations, tank batteries, gathering systems, and any other facilities that may impact the surface of New Mexico State Trust lands.

This Plan of Development and Operation is due by March 1, 2018. If you do not provide a plan addressing the condition(s) and including the requested information, we will consider action based on Section 9 (Obligations of Unit Operator After Discovery of Unitized Substances) of the unit agreement.

If you require additional information, please contact Units Manager Marilyn Gruebel at 505.827.5791.

Respectfully,

  
AUBREY DUNN  
COMMISSIONER OF PUBLIC LANDS
