RE: 2017 Status Report and Plan of Operations
State Vacuum Unit
Lea County, NM

Dear Mr. Statton:

The New Mexico State Land Office has this date approved the referenced Plan of Operations. Our approval is subject to approval from all relevant agencies.

We may contact you at a later date regarding the following:

- The possibility of drainage by wells outside the unit area, and
- A need for further development of the unit.

Your 2018 Plan of Operations should include a map that illustrates both current and planned infrastructure for the unit: well locations, tank batteries, gathering systems, and any other facilities that may impact the surface of New Mexico State Trust lands.

If you have any questions or if we may be of further assistance, please contact Units Manager Marilyn Gruebel at 505.827.5791.

Respectfully,

A handwritten signature in black ink, appearing to be "A. Dunn", is written over the printed name of the Commissioner.
