### Correction -- Lease Description/Acreage Conformed to Resurvey

On April 6, 2005 and April 3, 2015 you received decisions changing the acreage and legal land description of your Federal lease, NMNM 58870, to conform to a resurvey. It has been brought to our attention that the United States still owns the minerals underlying Highway 550 at 6.542 acres.

As a result of this finding, the description and acreage of the referenced lease is hereby changed as shown below:

#### Current Legal Land Description

Per Decision dated April 6, 2005  
T. 23 N., R. 6 W., NMPM  
Sec. 18: Lots 6, 7, 8, 9, 10, 11  
Containing 69.81 acres.  
Rio Arriba County, New Mexico

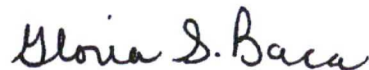

#### New Legal Land Description

T. 23 N., R. 6 W., NMPM  
Sec. 18: Lots 6, 7, 8, 9, 10, 11, and  
that portion of SENE underlying the  
highway right of way, 6.542 acres.  
Containing 76.35 acres.  
Rio Arriba County, New Mexico

Federal Oil and Gas Lease NMNM 58870 is held by allocated production and minimum royalty or royalty will continue to be due and payable to the Office of Natural Resources Revenue (ONRR). In the event production should cease, Federal Oil and Gas Lease NMNM 58870 will revert to rental status at the rate of \$2.00 per acre per year in the amount of \$154.00.

It is the lessee's responsibility to inform all lease interest holders about this lease adjustment.

If you have any questions regarding this decision, please call Margie Dupre at (505) 954-2142.
