No allowable will be assigned to this completion until all interests have been consolidated or a non-standard unit has been approved by the division.

The diagram shows a well location on a grid. The well is located at the intersection of Section 14 and Section 13, Township 23-S, Range 27-E. The well location is defined by bearings and distances: 527' from the North line, 385' from the East line, and 332' from the North line. The well is located 240' from the East line. The diagram also shows the location of the surface location, first perforation point, last perforation point, and bottom hole location.

¹⁷OPERATOR CERTIFICATION
I hereby certify that the information contained herein is true and complete to the best of my knowledge and belief, and that this organization either owns a working interest or unleased mineral interest in the land including the proposed bottom hole location or has a right to drill this well at this location pursuant to a contract with an owner of such a mineral or working interest, or to a voluntary pooling agreement or a compulsory pooling order heretofore entered by the division.
