**RE: Administrative Order SWD-1541; Second Extension of Deadline**

Poker Lake Unit Pierce Canyon 17 Federal SWD Well No. 1 (API 30-015-43310)  
1200 FSL, 2450 FWL; Unit N, Sec 17, T25S, R30E, NMPM, Eddy County, New Mexico  
Order Date: April 1, 2015  
Injection into the Devonian formation; approved interval: 16470 feet to 17960 feet

Ms. Cherry:

Reference is made to your request on behalf of BOPCO, L.P. ("BOPCO") to extend the deadline stipulated in order SWD-1541 based upon the approval date of April 1, 2015, to commence injection for the above referenced well for reasons outlined in the attached correspondence. This request would be an additional one-year extension of the April 1, 2018 deadline approved in the Division correspondence dated February 15, 2017.

It is the Division's understanding from your request that there have been no significant changes in the information provided in the application submitted for review and approval of this order. These changes include the completion of new wells within the Area of Review that penetrated the approved injection interval and any changes in ownership.

The Division finds that granting this request to extend this administrative order is in the interest of conservation, will prevent waste, and will protect the environment.

All requirements of the above referenced administrative order and agreements in the application remain in full force and effect.

The deadline to commence injection for the existing order is hereby extended until April 1, 2019.
