RE: Request for Extension of Injection Authority  
Cobra Oil & Gas Corporation  
Administrative Order SWD-1719  
Wishbone State SWD #1  
API Number 30-005-29217  
1672' FSL and 476' FWL, Unit L, Sect 1, T11S, R31E, NMPM  
Chaves County, New Mexico

Dear Mr. Goetze:

Cobra Oil & Gas Corporation ("Cobra") respectfully requests an extension on the injection authority Administrative Order SWD-1719 permit concerning the Wishbone State SWD #1. Cobra is requesting the extension for twelve months, in order to set temporary plugs in the Devonian while conducting a short production test, less than six months, on the San Andres. If this test proves to be unsuccessful, Cobra will commence with disposal operations.

Thank you for your attention in this matter. Should you have any questions or require additional information, please contact me at (940) 716-5100.

Sincerely,

Cobra Oil & Gas Corporation

RE: Wishbone State SWD #1 (30-005-29217; SWD-1719)

Ms. Pappas:

With the effort for the production testing and related filings by Cobra, the OCD has observed the current extension for the UIC permit (SWD order) will expire on March 13, 2021, unless Cobra initiates a request for an additional extension prior to this date. Please review the terms of the permit, the content of the extension issued for the permit, and submit a request for an extension of injection authority upon letter head to [ocd.engineer@state.nm.us](mailto:ocd.engineer@state.nm.us) in a timely fashion if Cobra desires to avoid the loss of injection authority. Thank you. PRG
