Dear Justin:

O
P
I am sorry that this reply to your letter of March 29 isn't as prompt as you wished. However, if it reaches you in time, I do wish that you would check on the I. A. Stephens Lee No. 1 well, 32-6N-30E, Quay County. Elvis had quite a bit of preliminary correspondence with this group regarding their bond, as you no doubt know, and I am sure that we will appreciate any information as the work progresses.

Y
Sincerely,

R. R. Spurrier

Mr. R. R. Spurrier,
Oil Conservation Commission,
Box 671,
Santa Fe, New Mexico

Dear Mr. Spurrier:

In regard to the I. A. Stephens No. 1
W. C. Lee, Section 32-6N-30E, Quay County: I will not be
able to scout this well in the usual manner, since they do
not intend to give the scouts any information on the well.

I suggest, to keep the Commission informa-
ed on this well, that we send someone up there. I can go
on Monday or Tuesday of next week, but if I go I intend to
get the information even if I have to shut them down. They
dont allow anyone on the rig floor, but I don't want to make
that drive without getting the information for the Commission.
If you would like to have me go, please let me know by return
mail.

If you decide to send someone else, I would
like to have them investigate a rumor concerning a well in
6N-35E.

Very truly yours,

OIL CONSERVATION COMMISSION
