RECEIVED

By OCD; Dr. Oberding at 12:18 pm, Apr 01, 2015

Describe Cause of Problem and Remedial Action Taken.*

This is a former tank battery that has been abandoned. The hydrocarbon impact is historical in nature. Remediation was completed.

Describe Area Affected and Cleanup Action Taken.*

The tank battery site was assessed and delineated. A remediation plan was completed in accordance with the remediation plan approved by Tomas Oberding of NMOCD via email on 08/08/2014.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
