Mr. Roger C. Anderson Environmental Engineer State Of New Mexico Oil Conservation Division P.O. Box 2088 Land Office Building Santa Fe, NM 87504-2088

Dear Mr. Anderson:

Meridian Oil Gathering, Inc., under the general Hydrostatic Test permit issued to us, tested newly constructed pipelines from July 1993 through February 1993. Please reference the attached page for a complete listing of these pipelines. Lands owned by the US Government and managed by the BLM were crossed by the pipelines, as were lands owned by the State of New Mexico, and private interests.

These lines were tested in a closed loop system using produced Fruitland Coal water. The water was returned to a salt Water disposal wells for disposal after test completion. All tests were conducted successfully. No water was discharge to the environment.

If you have any questions, please call me at (505) 326 9843.

Sincerely,

Loven w Fatherall Loren W. Fothergill Senior Staff Engineer

ATTN: Mr Roger C Anderson Environmental Engineer

Dear Mr. Anderson:

Meridian Oil Gathering, Inc. under the general Hydrostatic Test permit issued to us, tested newly constructed pipelines in January through June of 1993. Please reference the attached page for a complete listing of these pipelines. Lands owned by the US. Government and managed by the BLM were crossed by the pipelines, as were lands owned by the State of New Mexico and private interests.

These lines were tested in a closed loop system using produced Fruitland Coal water or fresh water from the city of Farmington. Water was returned to salt water disposal wells for disposal after test completion.

All tests were conducted successfully, except for the Congress 4 and 8. Two gallons of fresh water was discharged from a small leak. The water was contained in the pipeline ditch. No environmental damage impact occurred. The leak was repaired and the lines successfully passed test.

If you have any questions, please call me at (505) 326-9843.

Sincerely,

Loren W Fotherspill

DECEMBER 1990/JANUARY 1991 PIPELINE HYDROSTATIC TESTS CONDUCTED

OIL CONSER. ON DIVISION REAL VED

'91 MAR + AM 9 17

February 27, 1991

State of New Mexico Oil Conservation Division P.O. Box 2088 Land Office Building Santa Fe, NM 87504-2088

ATTN: Mr. Roger C. Anderson Environmental Engineer

Dear Mr. Anderson:

Meridian Oil Gathering, Inc., under the blanket Hydrostatic Test permit issued to us, tested newly constructed pipelines in October and November of 1990. Please reference the attached page for a complete listing of these pipelines. Lands owned by the U.S. government and managed by the BLM were crossed by the pipelines, as were lands owned by the State of New Mexico and private interests.

These lines were tested in closed loop systems using produced Fruitland Coal water. All tests were conducted successfully. Water was returned to salt water disposal wells for disposal after test completion. No water was discharged to the environment.

If you have any questions, please call me at (505)326-9843.

Sincerely,

Loren W. Fothergill Senior Staff Engineer

ATTN: Mr. Roger C. Anderson Environmental Engineer

Dear Mr. Anderson:

Meridian Oil Inc., under the blanket Hydrostatic Test permit issued to us, tested four lines in December 1989. These four lines were tested in a closed loop system with produced Fruitland Coal water. All four lines successfully passed hydrostatic test. No water was discharged into the environment. The wells tested are listed below.

San Juan 30-6 Unit #461	Section 11, T30N-R7W, Rio Arriba County 4 inch gas, 12-1-89, 20 barrels used 4 inch water, 12-1-89, 20 barrels used
San Juan 30-6 Unit #407	Section 16, T30N-R6W, Rio Arriba County 4 inch gas, 12-18-89, 30 barrels used 4 inch water, 12-18-89, 30 barrels used
San Juan 30-6 Unit #443	Section 36, T30N-R6W, Rio Arriba County 4 inch gas, 12-22-89, 160 barrels used 2 inch water, 12-20-89, 32 barrels used
Lateral MA-11	Sections 28, 29, 33, and 34, T30N-R6W Sections 2, 3, & 4, T30N-R7W, Rio Arriba Co. 10 inch gas, 12-29-89, 2,250 barrels used 4 inch water, 12-29-89, 400 barrels used

If there are any questions, please call me, Loren W. Fothergill at (505)326-9843.

Sincerely,

Lorm w Fothergill
