Re; Additional Site Characterization and Net System Work Plan dated May 21, 2019 for AP-118

Following data review, discussions and meeting, the following:

The work plan as submitted for additional site characterization and the planed use and methods for the NET recovery system, sampling and reporting is/are approved.

Thank you for your efforts and time on this issue.

Sincerely,

Bradford Billings
EMNRD/OCD
Santa Fe

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
