The responsible p	party must undertake the following actions imme	ediately unless they could create a safety hazard that would result in injury			
☐ The source of the rele	ase has been stopped.				
☐ The impacted area has	s been secured to protect human health	n and the environment.			
Released materials ha	we been contained via the use of berm	s or dikes, absorbent pads, or other containment devices.			
All free liquids and re	ecoverable materials have been remove	ed and managed appropriately.			
If all the actions described	d above have <u>not</u> been undertaken, exp	lain why:			
Per 19.15.29.8 B. (4) NMAC the responsible party may commence remediation immediately after discovery of a release. If remediation has begun, please attach a narrative of actions to date. If remedial efforts have been successfully completed or if the release occurred within a lined containment area (see 19.15.29.11(A)(5)(a) NMAC), please attach all information needed for closure evaluation.					
I hereby certify that the infor	rmation given above is true and complete t	o the best of my knowledge and understand that pursuant to OCD rules and			
regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the OCD does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In addition, OCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
