All,

XTO is requesting an extension of the current deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Poker Lake CVX JV PC 005H (2RP-5658). The release was discovered on September 10, 2019 and initial site assessment began September 11, 2019. Further remediation work at the site continued through November and December. After analytical results, further remediation work is warranted at this site. In order to finalize remediation work and draft a closure report or remediation work plan XTO requests a 90-day extension of the current deadline until April 9, 2020.

Thank you,
