All,

Please accept this email as notification that the remediation and fieldwork originally scheduled to be completed today has been postponed due to the inclement weather. As of now, Vertex Resource Services Inc. plans to conduct this additional remediation fieldwork and confirmatory sampling tomorrow, Wednesday October 28, 2020, at approximately 9:00 a.m at Maldives 15 CTB 1, for the release that occurred on January 2, 2019.

This work will be conducted on behalf of Devon Energy Production Company.

At approximately 9 a.m., John Ramirez of Vertex will be onsite to guide remediation fieldwork. Following completion of that work, John will commence confirmatory sampling. Confirmatory sampling is expected to begin in the afternoon at approximately 12:00 p.m. If the weather again presents a problem, the work will be pushed to Thursday morning, October 29, 2020.

If you need directions to the site, please do not hesitate to contact John at 575-725-1809. If you have any questions or concerns regarding this notification, please give me a call at 505-506-0040.
