	Initial Re	esponse			
The responsible	party must undertake the following actions immediately	unless they could create a safety hazard that would result in injury			
X The source of the rele	ease has been stopped.				
X The impacted area ha	s been secured to protect human health and	the environment.			
X Released materials have been contained via the use of berms or dikes, absorbent pads, or other containment devices.					
X All free liquids and re	ecoverable materials have been removed and	I managed appropriately.			
If all the actions described	d above have <u>not</u> been undertaken, explain v	vhy:			
Per 19.15.29.8 B. (4) NM	[AC the responsible party may commence re	emediation immediately after discovery of a release. If remediation			
		efforts have been successfully completed or if the release occurred lease attach all information needed for closure evaluation.			
		pest of my knowledge and understand that pursuant to OCD rules and			
public health or the environr	ment. The acceptance of a C-141 report by the O	ications and perform corrective actions for releases which may endanger CD does not relieve the operator of liability should their operations have			
failed to adequately investigate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In addition, OCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws					
and/or regulations.		osponoscini, soi compilation mai and social social and
