Subject: [EXT] 24 hr Major Release Notification - Advance Energy Partners MSU 554H
Date: Thursday, December 24, 2020 8:10:51 PM

NMOCD,

Advance Energy Partners submits this email as the 24 hour notification of a treated produced water "Major Release" from a 4-inch surface polyline. The release occurred at approximately 01:30 hrs on Dec 24, 2020. The release point is on State surface along a pipeline right-of-way; which subsequently flowed south onto a production pad (private surface) during flowback operations for the MERCHANT STATE UNIT #554H well (API: 30-025-46662). A C-141 will be submitted with 15-days.

Volume: Net 20 (100 bbls released – 80 bbls recovered)

Lat/Long: 32.4427196/-103.5364958

UL A; Sec. 35; T.21S, R.33E
