**Subject:** Re: [EXTERNAL] Marathon Oil Company - Final C141 & Liner Inspection - NAPP2102234735

The Closure Report for Final C141 & Liner Inspection - NAPP2102234735 has been approved by BLM as of 02/19/2021.

Site needs like approval from NMOCD.

The BLM acceptance/approval does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not re-vegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

**Subject:** Marathon Oil Company - Initial C141 Frizzle Fry 1H - NAPP2102234735

Good Morning,

Please find the attached Initial C141 and proof of NM OCD submission associated with incident NAPP2102234735, an in-containment release of approx.. 10 bbl. of crude oil at the Frizzle Fry 1H CTB location. A notice will be sent out to both the NM OCD and BLM prior to a liner integrity inspection.

Thank you
