Adriane Gifford – Chevron  
Scott Foord – Arcadis

Hello,

The Oil Conservation Division (OCD) has received and reviewed the Soil Assessment Report for 1RP-2563 – WLU East Test Satellite, and has the following: OCD agrees that additional soil investigation is needed for accurate assessment of site/release relative to identifying soil requirements for restoration criteria. Please keep OCD informed of progress for final assessment and/or remedial activities.

Thank you for your time and efforts.

Sincerely,

Bradford Billings
