Dear Sir:

Previous correspondence pertaining to the above described locations (11/5/76, 5/18/77) has failed to produce the reports and forms necessary for closing our files. Would you kindly file three copies of Form C-103 as a Subsequent Report of Plug and Abandonment for the No. 1 well as requested by my letter of July 20, 1977?

If you have completed the necessary cleanup and levelling at the No. 2 wellsite, please advise accordingly and submit the C-103 forms for that location also. If you have not yet finished with that location, please advise a date when it will be ready for final inspection. Thank you.

Very truly yours,

CARL ULVOG
Supervisor, District IV
