Gentlemen:

In checking through our well files, we have found that the Report on Plugging, a copy enclosed, has never been approved pending clearance and levelling of location and filling of pits.

If this work has been done, please state that, "the pits were filled, the location levelled and a marker set in accordance with Commission rules", in addition to the information originally submitted. This information should be recorded on the enclosed forms and returned to this office.

Very truly yours,

R. L. STAMETS,
