Sec. 23, T-5S, R-5E  
Socorro County, New Mexico

Gentlemen:

Enclosed herewith is your approved copy of Form C-103, Notice of Intention to Plug the above-captioned well.

You will note that we have inserted an exception to the approval requiring that the pits must be levelled and the location cleared of junk. An inspection of the site on October 29, 1955, indicated that the pits are still open but are now dry enough to be levelled and that some debris remains at the site which should be removed.

We are therefore returning the Forms C-103, Plugging Reports, unapproved. Please return them when the above work has been done and so state on the form that the pits have been filled and the locations levelled and cleared of all junk.

Very truly yours,

D. S. Nutter
