Dear Sir:

I am enclosing an approved copy of your form C-103 which is a report of the beginning of your drilling operations on the above-captioned well.

Since this well is considerably off our beaten path I would certainly appreciate it if you would send us a weekly report of your operations. This could be done on either form C-102 or merely by letter.

Thanking you for your cooperation, I am

Very truly yours,

ELVIS A. UTZ,  
Gas Engineer
