---

Kyle/Jacob,

This Corrective Action Plan is approved with the following exceptions:

- All excavated soils are to be disposed of at an approved disposal facility. The OCD does not approve the use of excavated soils for blending or backfill for this site;
- Please provide confirmation samples at point 1 of the excavation and of the overspray area.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather Patterson  
Environmental Specialist  
NMOCD District II  
(575)748-1283 ext.101

**Subject:** Vanguard Onsurez #1 CAP

All, attached is the Vanguard Onsurez #1 Corrective Action Plan. Myself and Jacob would like to meet you to discuss this site when you are available, please let us know. If you have any questions, please let me know. Otherwise, we await your approval. A hard copy will be delivered to your office for your files.

Thanks!

Kyle Norman
