BLM approves your submitted proposal. I apologize for the delay. I was thinking I had finally approved this.

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

Shelly J Tucker

The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

Shelly/Heather,

Please see attached OCD form C-141 for a spill occurring at the WPX(RKI) operated N Brushy Draw Federal 35-6H well in Eddy County, NM today (API # 30-015-42293).

Shelly, I was told that Tyke with WPX, contacted you earlier today and that you were able to walk the location with him, is that correct?

Please let me know if you have any questions.

Regards,

Zack Laird | Sr. EHS Manager
