Subject: RE: Revegetation Plan, Legacy State CF 5

Good Morning, David,

As our policy states that the goal is to achieve native plant cover and diversity levels that are equal to or exceeding the natural potential levels, this site will not be released upon 50% vegetation.

Thank you,

Amber Groves

Good Morning, David,

I will approve the BLM #2 as the seed mixture as long as it is the one for LPC sites, not the sandy sites mixture. Also, I do need for the Noxious Weed Management portion of this to be revised. This needs to be a blanket statement addressing the event of noxious weeds, not the prevention. In addition, there does need to be a statement included in this regarding monitoring.

Thank you,
