Kathy,

This closure request is approved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Attached are the documents necessary for closure of a leak that occurred at the Cedar Canyon 15 #1 SWD on 06/17/2016 in Eddy County, NM. Receipt notification via email is greatly appreciated. Also, this is a lined facility so residuals were removed and the containment was power washed.
