Cotton Draw 65 amended work plan.pdf

Good afternoon All,

Please find attached the revised work plan for the release in November 2015, **2RP-3429** and the 2 barrel release in December, 2015, **2RP-3467** on the lease road, which will be taken care of when the equipment is out on location performing remediation activities at the above referenced location.

If you have any questions or concerns feel free to contact me.

Respectfully submitted.

BLM concurs with the NMOCD and accepts/approves the proposal as written, with the understanding the historical impact will need to be addressed upon closure of facility.

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

The BLM acceptance/approval does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

Kimberly,

Your work plan for the above referenced release is approved. Please note that the historic contamination does not appear to be fully delineated and further sampling may be required at the time of site closure. BLM approval is required for this site.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
