RE: SM Energy * Geronimo Battery * 30-015-24927 * 2RP-3643

Ike,

Your proposed work plan for the above listed release is approved. Like approval by BLM is required for this site.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Mike, Heather and Shelly,

Looking through my files, I did not send you the SM Energy Work Plan for review and approval. SM Energy would like to perform the remediation as soon as the plan is approved. Please review and let me know if you have any questions or comments on the work plan.
