Subject: Candelario Spill #2 Summary Report
Date: Wednesday, August 03, 2016 3:37:09 PM
Attachments: Candelario 24 #1 SWD Spill No 2 Summary 20160803.pdf

Heather,

We previously discussed a small leak of produced fluid near the Candelario 24 #1 SWD tank battery that was identified by you and Mike Bratcher during a site visit on 27 January 2016. Please see the attached letter documenting the additional research and assessment conducted for this 2nd spill. Let us know if you have any questions, or if anything else is needed to resolve this matter.

Thanks,

Sam Enis, P.G.
