---

Heather,

Here are some of the SM Energy Closure Reports that were missing from the NMOCD files. I have several SM Energy closure reports (Tuesday Federal #1, PDU #304 and PDU #204) that have not been located. Tetra Tech has performed the site remediation and closure reports on these sites, but the reports were not found in our hard files. I will be in Artesia this Wednesday for a meeting in the morning. If available, I would like stop by your office in the afternoon to review the list SM Energy List and review your files to locate the reports. Please let me know if you are available or if you need additional information, thanks

**Ike Tavarez, PG | Senior Project Manager**
