Mike,

I have attached an amended remediation plan for the COG State 11 Com #1 release per our discussion last week. The excavation will now be 15 feet deep on the south half depicted by S1 and B1 and 8 feet in the north half depicted by S2 and B2. This will address the BTEX concerns that you had expressed. If you would please reply back via e-mail with your concurrence on this amended plan, it would be greatly appreciated.

Thanks, Cliff
