**RE: Yates Petroleum \* Gates AAC Battery \* 30-015-25102 \* 2RP-1690**

Veronica,

At this time I cannot approve this closure request due to the lack of chloride delineation at this location.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather Patterson  
Environmental Specialist  
NMOCD District II  
Office (575)748-1283 ext.101
